

## S. S. COURSE TO BE GIVEN BY Y. M. C. A.

Prof. Elbert Russell Agreed to Instruct Teachers and Substitutes.

In order that more interest will be taken by the Sunday school teachers of the city in their work the Young Men's Christian association has arranged with Prof. Elbert Russell, Earlham college, who is recognized as one of the leading authorities on religious matters in the United States to conduct weekly classes at the association building. The meetings will be held on Friday evenings of each week, commencing on Friday, October 6. The subjects of the studies will be the International Sunday school lesson which will be given on the Sunday following the class meeting.

The body, which will include teachers and substitute teachers will be strictly admission class, \$1 being charged for the course including twenty-six lectures and a nominal fee for single admissions. The purpose in charging a small amount is two-fold, but chiefly that more interest will be taken in the work. Those promoting the affair believe that more interest will be taken in the work and closer application paid to it when the teacher's money is invested, rather than if the lectures were free. Not only will the teachers be more apt to give the work closer study, but their regular attendance is assured.

All Sunday school officers and the ministers of the city strongly endorse the school and believe that as a result of better preparation on the part of the teachers, the Sunday schools will do much better work.

To Invite Shop Men. To down the feeling in certain quarters that those associated with the Young Men's Christian association, including the officers and members are inclined to hold themselves aloof, arrangements are being made to have open nights at the association building during the fall and winter months. On these occasions, the shopmen of the different factories will be invited to enjoy the advantages of the association. Shopmen will be urged to become members. It is the purpose of the association officials and members to have the shopmen feel that each one is welcomed at the association.

Health Club's Work. The physical department of the association at a meeting on Wednesday

mapped out the work for the ensuing fall and winter months, departments being placed in charge of the different committees, including bowling, Carl Meyers, Saturday night popular entertainments, Isaac Wilson; health club, W. H. Romey, and Aquatics Dr. L. M. Gentile. Dr. A. L. Bramkamp is chairman of the physical committee and will have supervision in all of the departments, co-operating with physical directors Horton and Winjum.

The work of the health club will probably be of the more importance to the public at large. It will have to deal with sex, public and industrial hygiene. Just how the matter will be treated will be determined by the committee which Mr. Romey as chairman will select from the general membership. It will deal with water supply and its purity, sewage, garbage, food supply and its purity and other questions of more than ordinary importance.

The chairmen of the other departmental committees will select the personal of the committees from the general membership and upon organization will map the work more in detail than already planned.

Take a box of Price's chocolates along with you.

## OREGON PRESS MET IN PORTLAND

PORTLAND, Ore., Sept. 22.—One of the best attended meetings ever held by the Oregon Editorial association began in this city today and will continue in session until the end of the week. The program provides for the discussion of a wide range of subjects of interest to those engaged in the making of newspapers.

## COUNTY OFFICIALS ARE TO MEET HERE

Commissioners from All Over State to Hold 1912 Convention Here.

County commissioners of the ninety-two counties in the state, affiliated with the Indiana County Commissioners' Association, will meet here in October, 1912, during the Fall Festival, according to the Wayne county board, on Thursday evening. The 1911 meeting, which was held at Evansville, came to a close Thursday night.

The organization is one of the leading state public officials associations of the state, and is attended by 150 to 200 county commissioners annually. It also attracts other county officials and a host of contractors, who make displays of manufactured articles.

The association comes here under the auspices of the county board of commissioners and the Young Men's Business club. It will be financed by the latter organization.

The program for the meeting, while of course not yet arranged, will include addresses by various state officials on different matters of concern to commissioners. The purpose of the meeting is primarily educational. An effort will be made to make the 1912 program the strongest ever given.

The very best ice cream. Ten flavors at Price's.

## PRICE DENIED BOND

Eaton Murderer Must Remain in the Jail.

(Palladium Special)  
EATON, O., Sept. 22.—Denied release from jail on bond, the motion of his attorneys having been overruled by Common Pleas Judge Abel C. Risinger, Charles E. Price, charged with first degree murder, will be forced to await the outcome of a grand jury investigation and subsequent trial. The grand jury for the October term of court has been summoned to report Monday, the 2nd inst., for examination of the several criminal cases on the docket.

What defense will be made by Price, charged with the death of Andrew F. Avery, is unknown, although it is believed that manslaughter will be claimed. Avery died from a wound inflicted by an axe handle wielded by Price. Since his incarceration in the county jail, several weeks ago, Price has
