

TRUSTEES IN FAVOR OF WORKHOUSE PLAN

Adopted Resolution Asking Establishment of Such Institutions.

A resolution was adopted by the township trustees at their regular monthly meeting on Thursday morning recommending the establishing of county workhouses, to which persons convicted of petty offenses can be sent where they can work and thereby pay for their board and the surplus sent to the family. The resolution will be sent to the conference of the Board of Charities and Correction which will be held at Indianapolis October 28 to 31.

The trend of this resolution is along the line of the idea of Charles Jordan, secretary of the Commercial club, who explained his hobby to the trustees. Mr. Jordan favors penal farms to which persons can be sent to work for their maintenance and also to aid in supporting their families while they are confined there.

Mr. Jordan explained how many men violate the city and state laws for the purpose of being sent to the county jail where they receive good meals and have a warm place to sleep, while their families are dependent upon the township trustees. The county and township, in this way, are forced to support both.

The resolution will be read before the conference of the State Board of Charities and Corrections by Mr. Jordan, who will also deliver an address upon the subject, "The Workhouse."

An address by Mandus E. Mason, trustee of Jackson township, was well received.

His subject was "The Intelligent Care of the Poor." He discussed his subject from every standpoint, pointing out the divers things which township trustees should do and how to obtain the best results. He declared that great precision should be followed in caring for the poorer classes.

CROSS COUNTRY RUNS ARE POPULAR

The first athletic competition of the present school year at the Richmond High School was held last Tuesday afternoon, when eight of the boy scholars ran across country for a distance of 2 1/4 miles. Harry McLean came in first, covering the distance in sixteen minutes. The entire eight finished the race, and only two had to stop to rest on the way. Coach R. J. Horton set the pace for the lads, and finished slightly in advance of the winner. The course followed was from the public play-grounds to Moorman's switch, south to E street, and in to the play grounds. As most of the boys had not trained for the race, the fact that all finished was surprising.

Football has finally died a natural death at the high school. The boys of the school some time ago, voted to abolish the strenuous American game, but attempts were made to organize a team to play English Rugby. Even this was too severe for the local athletes, and all that remains of the team are a few boys who go to the play-grounds to kick the ball.

Prof. Frank Lamar, of the high school physics department, is in St. Louis making a study of the laboratories in the high schools there.

ODD FELLOWS PLAN FOR WINTER'S WORK

The formal opening of work in the White Water Lodge of Odd Fellows will take place on Friday evening, when the fall and winter activities are started by a luncheon and smoker. A class of fifteen will be taken into membership, and part of the evening will be taken welcoming the new men. Several prominent workers in the order will be called upon for extemporaneous speeches.

Our Fall Showing of Smart Suits and Overcoats For Young Men, at \$10.00 and \$15.00

is of an unusual merit and our young friends are delighted with the NEW MODELS.

The coats are fitted closer to the form, the vests are higher and the trousers are cut straight. Handsome new fabrics in coloring of Grays, Tans, Browns, and Olives.

We have spread ourselves this season on SNAPPY clothes and we want every young fellow in the vicinity to see them.

FEATURELESS BOWL-ING GAMES PLAYED

In an evening featured by unusually low scores, the Junior bowling team moved one step nearer the championship in the league when it defeated the Starr Piano squad two games to one. Hosier, of the losers, had the best game of the evening, bowling over 187 pins in the final contest. The summary:

	Wells	115	152	123
Tomlinson	138	132	146	
Haner	119	123	150	
King	112	140	135	
Lichtenfels	151	147	135	
Total	695	694	689	

Starr Pianos.

WAYNE ENTITLED TO 5 HOSPITAL COTS

Accommodations at State Tuberculosis Institution Are Increased.

According to advices received on Thursday at the local health office, Wayne county in the future will be entitled to send five patients to the recently opened state institution for the cure of tuberculosis. This announcement to the health authorities stated that five sufferers from tuberculosis, preferably those in the incipient stages, will be given treatment at the state institution with no charge whatever for the work. In order to admission to the place, one must apply to the local health authorities, who will forward the application to the superintendent of the establishment. The superintendent has the power to reject any applications that do not meet his approval.

Two years ago the state legislature set aside a tract of five hundred acres near Rockville, Ind. Later the legislature appropriated an additional sum to cover the cost of equipping the spot and engaging proper attendants. The establishment has just recently been put into operation and is calculated to relieve much of the suffering in the state from the dread disease. The apportionment of patients is based on population. Thus Wayne county is entitled to have five persons in the institution all the time receiving free treatment.

Now completed, the official "History of the South African War" has cost in all a net sum of \$173,000.
