## CREDIT GIVEN DOCTOR STEWART COMPANY

A Prominent Man Suffered. Says He Would Have Been a Wreck Today but for Doctor Stewart's Treatment.

R. F. Vaughn, a prominent piano man of Terre Haute and formerly of Richmond, is another one of the many who testify that he has been saved from being a physical wreck by the expert treatment of Doctor Stewart, the expert Medical Specialist, who has his office on the second floor at No. 331 Main street, Richmond, Indiana, over the Starr Piano Company. In a statement written for publication for the benefit of the sick Mr. Vaughn says:—

Terre Haute, Indiana, Jan. 16, 1912.

Dr. P. L. Stewart,

Dear Doctor:

For about eight years I have been complaining with severe pains in my back, kidneys, stomach and liver. All the time I had doctored with numerous doctors and it seemed that they all called my trouble a different thing, and I knew that none of them had come to the right conclusion. Finally I became disgusted with their experiments and as I had heard so much about Doctor P. L. Stewart and his wonderful success, I concluded to give him a last chance. When I came to the Doctor he examined me most thoroughly and told me exactly how I felt and what was the real cause of my trouble. He told me he could cure me but this I disbelieved for I had been experimented on so much that a cure was a thing I had given up all hopes of, but I told him I would see what he could do. I placed my case in his hands last August, 1911 and I can truthfully say that to-day I am feeling perfectly well. If it had not been for Doctor Stewart I feel that I would to-day have been a physical wreck, and I cannot say too much in his favor.

I will gladly recommend him to any one who is or ever has suffered with Kidney, Liver or Stomach trouble.

Yours Truly,

R. L. VAUGHN,

% King Piano Co.

This is only a sample of the many letters that are pouring into the office of The Doctor Stewart Company, from satisfied patients.

## A Fair Offer.

It was a political meeting in the east end of London, and the M. P., an exceptionally popular man, was addressing his constituents. The politician in question rejoiced in a luxuriant crop of hair. The audience was sympathetic for the most part, but there was one man in the front row of the audience who made numerous interruptions. He was a coal heaver, apparently, and had but recently been heaving coals.

"Get your hair cut!" he shouted during a most pathetic passage in the candidate's speech. The well known catch phrase seemed particularly applicable, so a good many of the audience laughed.

But the M. P. was equal to the occasion.

"I will make a bargain with that gentleman," he said. "I will get my hair cut if he will get his face washed."

There were no more interruptions.—London Express.

## HEADS GOLF BODY

(National News Association)

CHICAGO, Jan. 19.—Delegates representing the many clubs affiliated with the Western Golf Association are arriving in Chicago to attend the association's annual meeting tomorrow. The past season was the most prosperous in the history of the association and the annual meeting will be in the nature of a love feast to celebrate the satisfactory condition of affairs and the bright outlook for the future. The business of the meeting will include the election of officers, the allotment of the annual championship events and the consideration of several proposed amendments to the constitution and by-laws. John D. Cady of Rock Island, is slated to succeed William Heyburn of Louisville as president of the association. The Denver Country Club is an applicant for the amateur championship and the Idlewild club of Chicago probably will be awarded the open tournament.

## A NEW METHOD FOR TEACHING READING

To allow the school authorities to consider the merits of the "Aldine" system of teaching reading to local youngsters, and at the same time to demonstrate to the instructors of the primary grades how to secure the best results in their work, Miss M. Bragg, a prominent educator of Iowa, delivered an address before an audience of Richmond public school teachers at the Hibberd school this afternoon. The phonetic system has already been installed in the Hibberd school, and the officials are now considering using this system exclusively here as it is considered much more efficient than the present system. Miss Bragg demonstrated to the teachers how the system should be taught, with the hope of assisting them with their work among the small pupils who are just commencing to read.

# ROB LAWLERS HOME

In Effort to Obtain Important Documents.

(National News Association)

LOS ANGELES, Cal., Jan. 19.—Federal officers today were notified of the robbery of the home of Oscar Lawler, special assistant attorney general in charge of the investigation of the National dynamite plot. It is believed the robbers were seeking documents in the dynamite case and that the theft of a small sum of money, taken after the house had been thoroughly ransacked was intended to conceal the real object of the burglary. Detectives are making a very careful investigation and secret service men may also be put on the case.

It is believed that the papers sought were all taken to Indianapolis by Lawler and that they are carefully guarded there.

## KIDNEY REMEDY THAT ACTS LIKE MAGIC

I have been a terrible sufferer for a number of years with kidney and liver trouble, also nervous prostration and health generally poor, constitution entirely run down until life became a burden. I tried physicians and every available remedy but found no relief. Was induced to give Dr. Kilmer's Swamp-Root a trial, which acted like magic, and am happy to say that I believe I am entirely cured and now as good a man as ever.

I believe it my duty to make this public statement that I may help others who may be suffering from the same trouble. Swamp-Root is without question the greatest remedy in the world. Anyone in doubt of this statement or the authenticity can address me as below.

Yours very truly,

M. M. McCOY,

Van Wert, Ohio.
