

## FRIENDLESS HOME ELECTS OFFICERS

Rev. S. R. Lyons Was Chosen President—Public Thanked for Support.

Election of trustees and officers for the year 1912 featured the annual meeting of the Home for Friendless Women. Expressions of appreciation for the manner in which the public supported the institution in 1911, making possible the success which the Home enjoyed during that year, were made, and an appeal was issued asking people to continue their help this year.

The newly elected trustees of the organization are Rev. Howard, John Hasemeier and B. B. Minck. Following the selection of these three men for positions on the board, the trustees named officers for 1912: Rev. S. R. Lyons, president; John Hasemeier, treasurer, W. J. Doan, secretary.

The personnel of a new board of lady managers is to be as follows: Mrs. Lena Ewing, president; Mrs. S. E. Jones, first vice president; Mrs. Folger P. Wilson, second vice president; Mrs. P. T. McClellan, recording secretary; Mrs. Mary Kittleford, corresponding secretary; Mrs. Charles Bell, aged 64 years, died at the age of her Mrs. Elizabeth Candler, Mrs. Christian Young, Mrs. Abner Hahn, Mrs. Emma Knollenberg, Mrs. Anna Ferguson, Mrs. L. S. Mann, Mrs. Jennie Gause, Miss Rose Dunn, Dr. C. S. Markley was chosen house physician.

The standing committees for this year were selected as follows: Administration, Mrs. Lena Ewing, Mrs. Jennie Gause, Mrs. S. E. Jones, Mrs. Abner Hahn, Mrs. Elizabeth Candler; purchasing—Mrs. Mary Kittleford, Mrs. Emma Knollenberg, Mrs. L. S. Mann, Mrs. Charles Bell, Sunday service—Miss Rose Dunn, Mrs. Anna Ferguson, Mrs. Christian Young; invoice—Mrs. Folger Wilson, Mrs. Martha Minnow, Mrs. Anna Ferguson.

When you want a reliable medicine for a cough or cold take Chamberlain's Cough Remedy. It can always be depended upon and is pleasant and safe to take. For sale by all dealers.

### THE OLD TIME DOCTOR.

His Hardships Were Many, and His Rewards Were Not Great.

The strongest impression gained in reading of the experiences of old time physicians is of their boldness and daring. Most of them were by necessity surgeons as well as doctors of medicine. Isolated often from other members of their profession and obliged to bear the entire responsibility of the welfare of their patients, they learned to rely upon themselves and to take chances that would make the general practitioner shudder in these days of many specialists and wide division of labor. Perhaps none ever undertook surgical operations who had no training in that line, but with no hospitals within reach, with few instruments and with the modern antiseptics and nursing systems undreamed of, they ventured to use the knife in critical cases and, as it appears, with a large measure of success.

They were faithful, hardworking servants of the public in the early days. They traveled by horseback over trails that took them through forests and swamps and across streams. Their field of practice often included a large territory, and they were necessarily out in all sorts of weather and encountered hardships of various kinds. Nor were the rewards great. Few of these old time doctors accumulated wealth, some of them not even a competence for old age. But it is easy to see that they were a force in the community and had much to do with the general development of the state.—Indianapolis Star.

### PILES CURED IN 6 TO 14 DAYS

Your druggist will refund money if PAIN OINTMENT fails to cure any case of itching, blind, bleeding or protruding Piles in 6 to 14 days. 50c.

### A MENACE TO OIL SHIPS.

The Deadly Vapor That Stays After the Petroleum Is Gone.

The explosion of vessels carrying petroleum frequently occurs, and this is generally caused not by the cargoes of oil which they contain, but by the inflammable vapor which is left behind after the huge tanks of the ships have been emptied.

It is difficult to remove all the oil that adheres to the sides of the tank, and the evaporation of the oil film left in them after they have been pumped out takes place with great rapidity. Moreover, the vapor thus formed mingles readily with the air and is capable of rendering more than 2,000 times its own volume of the former inflammable. A spark may thus cause a fearful explosion in the hold of a ship that is apparently empty.

A film of petroleum spreading over the surface of the water has been known to produce enough of this volatile and dangerous vapor to cause a conflagration, by which a number of ships lying in a harbor have been suddenly enveloped in roaring flames as if by a stroke of magic.

In some parts of the world, as at Baku, the center of the Russian petroleum trade, a film of oil continually covers the water for a considerable distance from shore, and warnings of the danger there have more than once been given.—Exchange.

### Useful Hints.

A cloth dipped in salt and rubbed on frosty windows will remove the thickest frost almost instantly. It may be used to remove stains from a coat that has been laid out to dry. It is also used to remove the stain from a coat that has been laid out to dry.

## Japanese Bride of An American

Mrs. Yuki Nato Morgan, the pretty Nipponese bride of George Dalton Morgan, cousin of J. P. Morgan, who is on her way East from San Francisco. Although coming from one of the most aristocratic families in the Mikado's domain, the pretty Japanese was snubbed by Society at Newport, R. I. four years ago, when she was on a visit there with her husband, just after their marriage.

## CORRUPTION TRIAL OF CITY OFFICERS

(National News Association.)

PORTLAND, Me., Jan. 30.—On complaint of six citizens Oakley C. Curtis, mayor of Portland and five aldermen of the city appeared in the supreme court today to answer to charges of alleged corruption in the city election last month. The action against the six officials is brought under the new corrupt practices act in Maine. The proceedings under the complaint do not constitute criminal action, the only penalty being the invalidation of the municipal election and the debarring of the convicted persons from holding public office for a time. Should the Supreme court sustain the complaint, however, the charges probably would be laid before the May grand jury and if the defendants were then indicted and convicted they would be liable, under the provisions of the new law, to fine and imprisonment.

### Too Many Books.

Barnaby Rudge in his preface to "A New Description of Ireland," published in 1800, writes: "One of the diseases of this age is the multitude of books that doth so overcharge the world that it is not able to digest the abundance of idle matter that is every day hatched and brought into the world, that are as divers in their forms as their authors be in their faces. It is but a trifling and thankless occupation, this writing of books. A man were better, for his pay is certainly a penny a patch. But a book writer, if he gets sometimes a few commendations of the judicious, he shall be sure to reap a thousand reproaches of the malicious."

### No Use.

Pocahontas had saved the life of Captain John Smith.

"What would have been the use of killing him, anyhow, pa?" she said. "There are millions of other John Smiths, and there wouldn't have been a line about it in the papers."

Her news instinct was unerring. Saving the captain's life made a first page story of the affair.—Chicago News.

### Black Eggs.

The black Cayuga duck, a South American bird, frequently lays black eggs. The coloring does not penetrate the shell, being due to an oily pigment which can be rubbed off. In successive layings the coloring fades and disappears.

### The Usual Way.

She—What would you do if you had money enough to supply your needs? He—I'd start in to make a lot more to supply my wants.—Exchange.

### His Occupation.

Doctor—I think, perhaps, your occupation is depressing. Can't you find a more cheerful job? What is your work? Patient—I am a joke writer.

### He Would Not.

"Would you die for me?" she asked sentimentally.

"Now, look here!" he returned in his matter of fact way. "Are we supposed to be planning a cheap novel or a wedding?"

Only one "BRAND GUARANTY" that is **Luxative Bromo Quinine** Cures a Cough in One Day, Cures in 3 Days.

## WERE ENTERTAINED BY WHIST CLUB

(National News Association.)

The members of an afternoon whist club entertained their husbands in a charming manner last evening at the home of Mr. and Mrs. Floyd Teeple in North B street. The evening was spent playing whist. The favors were given to Mrs. Charles Kirk and Mr. Walter Woodworth. After the game a delicious luncheon was served. Those present were Mr. and Mrs. Charles Kirk, Mr. and Mrs. Clifford Hayworth, Mr. and Mrs. Walter Snaveley, Mr. and Mrs. Howard Townsend and Mr. and Mrs. Ray Lichtenfels, Mr. and Mrs. Rockhill, Mr. and Mrs. Walter Woodworth and Mr. and Mrs. Teeple.

### Worthy of the Highest.

The talk had turned to the orphan children of Henry Dore of Cherryville. The former resident asked the stage driver how they had prospered.

"They've done first rate," was the hearty response. "Both of them have done first rate."

"Joe Eddie, he learned the carpenter's trade and has worked right along, and as for Emma Susan—well, I'll tell you what somebody from over the Center said to me only last week about her in conversation regarding her husband."

"Emma Susan married Frank Baxter, one of the James Baxters. Well, that man from the Center, he said to me: 'I hear Frank Baxter's been chosen selectman. Well, I don't know but what he'll do all right for you,' he said; but, whether he's the man for the place or not, there's one thing certain—if ever a woman looked suitable to the position of selectman's wife and would do it credit Emma Susan Baxter's that woman?"—Youth's Companion.

### Two Kinds of People.

Some people are always grumbling. If they had been born in the garden of Eden they would have found much to complain of. Others are happy anywhere. They see beauties and blessings all around them.

## City Statistics

Deaths and Funerals.

MURPHY—Mrs. Anna L. Murphy, aged 84 years, died at the home of her daughter, Mrs. John Hutchinson, 14 Southwest Second street, early this morning. Mrs. Murphy is survived by a son, Albert Murphy, of Richmond, and six daughters, Mrs. John Hutchinson, of Richmond, Mrs. Sallie Babin, Mrs. Alice Scantland, Mrs. Gertrude Stokes, Mrs. Mollie Stedman, Mrs. Anna Broder, and a number of grandchildren and great grandchildren. The funeral hour of which will be announced later, will be private for relatives and friends, and friends are asked to omit flowers. Friends may call from 2 to 5 or 7 to 9 Wednesday afternoon and evening, or Thursday morning.

## RAILWAY WORKERS WERE DRIVEN OFF

By Farmer Clifford With a Gun, So an Injunction Suit Alleges.

Alleging that Fred Clifford shot at its employees when they attempted to remove a cement wall which is said to be an obstruction and nuisance, the P. C. & St. L. Railroad company has filed an injunction suit, demanding damages against Clifford. The wall, which the railroad company declares to be an obstruction and nuisance because it will not permit water to flow under the company's tracks was erected by Clifford, the plaintiff alleges, December 21 of last year on his farm along the railroad's right-of-way, immediately east of Dublin.

The complaint alleges that employees of the company were sent to the place shortly afterward to remove the obstruction, and that Clifford appeared on the scene and shot at the employees. It is understood that the employees beat a hasty retreat and refused to attempt to remove the obstruction at once. One section of the complaint says, "The defendant will, unless enjoined by this court, continue to forcibly and with fire arms prevent the removal of said dam and unlawful nuisance and obstruction." According to the complaint the company fears a washout, which it says will cause serious damage and might result seriously.

The water flow near Dublin is east and the company, according to the complaint, constructed a culvert under its tracks in order to let the natural flow of water pass under to the other side of the tracks. The culvert has been maintained for fifty or sixty years, but the wall erected by Clifford, said to be from twelve to fifteen feet in length and three feet high prevents the water from flowing its natural course and it overflows on the right-of-way of the company.

## SEEKS TO RECOVER \$800 HE INVESTED

Through James Thomas, his next friend, John Collins, a minor, has filed suit in the Wayne circuit court against George Collins, to recover money paid by him to the defendant on a restaurant at 825 North E street. On March 9, last year, John Collins, purchased one-half interest in the restaurant from George Collins, paying \$500 on \$1,600, at which the one-half interest was valued. The business was found to be a losing venture by young Collins and he now seeks to recover \$800 which he invested in the business.

## GOES TO CAMBRIDGE TO ARRANGE FENCES

Linus Meredith, former sheriff of Wayne county, and candidate for the district chairmanship of the Republican party, left this afternoon for Cambridge City where the district convention is to be held tomorrow. Some of the delegates to the convention arrived at Cambridge City this afternoon, according to reports, and the others will be there early tomorrow morning.

From reports all over the Sixth district it is gathered that Meredith will have a "walk away" with the district chairmanship. He has no opposition so far and it is believed Meredith's following is so strong that even if "dark horses" enter the chairmanship race that he would be easily elected.

## ARGUMENTS GIVEN

Final arguments on the road case, which has consumed the time of the circuit court for the past week, are being heard this afternoon. The case will probably go to the jury late this afternoon and a verdict probably will be reached this evening.

Japan's newest battleship also has become the speediest by the installation of American turbine engines and propellers.

## Ask Your Doctor

We have had seventy years of experience with Ayer's Cherry Pectoral. That makes us have great confidence in it for coughs, colds, bronchitis, weak throats, and weak lungs. Ask your own doctor what experience he has had with it. He knows. He can advise you wisely. Keep in close touch with him.

## Richmond Woman Praises

## Dr. Stewart's Treatment

Richmond, Ind., Jan. 29, 1912.

TO THE PUBLIC:—On the 17th day of January, 1912, I went to the office of Dr. P. L. Stewart to be examined and see if there really was anything that could be done for me, for I was thoroughly disgusted with all doctors.

For years I had been going down gradually; I was constipated; I couldn't sleep at night and my nerves were a total wreck. I had a bad kidney trouble and I know I was on the straight road to a physical wreck.

As I said it was on January 17th,

1912 that I consulted Dr. Stewart and after a careful examination he told me there was hope for me.

Well, I began right away to take his medicine and I am today feeling better than I have felt for years and feel so much stronger that words cannot express my gratitude for the expert skill he has used in the treatment of a bad case like mine and I will gladly recommend him to any one for his square dealings.

His prices are reasonable and I know that no sick person will make a mistake by consulting him.

Yours truly,  
221 North 20th St. Sarah E. Arrin

The office of the Dr. Stewart Co. is over the Starr Piano Co. Store, 10th and Main Streets.

## This Girl Recovered from Consumption

The makers of Eckman's Alternative, which is doing so much good for Consumptives, are continually in receipt of really wonderful cures brought about solely through the use of this medicine. These reports are always at the command of anyone interested, and many of the writers in their gratitude have suggested that like sufferers write direct and learn what it did for them. Here is one specimen:

"421 Second Ave., Aurora, Ill.  
"Gentle: Pardon me for not writing sooner, but I wanted to see if I would stay cured. I can now truthfully say I am perfectly well. Never felt better in all my life. I wish to express my heartfelt thanks. I never have any more of the terrible cough, no night sweats, no hay-fever. Since a child of two years I have been ailing with lung trouble, which grew worse as I grew older. At the age of fourteen the doctor said I could not be cured. I would surely die of Consumption. Every winter I would be sure to have either Bronchitis, Pleurisy, or Pneumonia. I had Typhoid-Pneumonia one time. I had catarrh of the stomach and bowels and had Hay Fever for the last few years, but have not anything of the kind this year."

I will answer all letters sent to me, asking a history of my case, from anyone suffering from lung trouble. I remain with many thanks to you your grateful friend, ETTA PLATHE. Three years later reports still well. Eckman's Alternative is effective in Bronchitis, Asthma, Hay Fever, Throat and Lung Troubles, and in rebuilding the system. Does not contain poisons, opiates or habit-forming drugs. For sale by A. G. Luken and other leading druggists. Ask for booklet of cured cases of habit-forming drugs. Philadelphia, Pa., for additional evidence.

## RABIES AFFECTS HOG

Animal Dies After Bitten by a Mad Dog.

Charles Woodruff, residing seven miles north of the city on the Fountain City pike, reports the death of a large hog from the effects of rabies, contracted, it is believed from being bitten by a rabid dog owned by Woodruff. Several weeks ago a pet dog owned by Woodruff suddenly developed symptoms of hydrophobia and attacked and bit a hog and a calf. The dog was killed.

Yesterday the hog suddenly began running around biting at everything in its way. It was penned in by the owner and died this morning, showing all the symptoms of hydrophobia. The calf which was bitten by the dog is being watched to see if it develops rabies.

An ingenious German baker utilizes a windmill to mix and knead his bread as well as to grind his grain into flour.

## DIET AND HEALTH HINTS

By DR. T. J. ALLEN, Food Specialist.

## BABY'S MILK IN HOT WEATHER.

Dr. F. M. Allen says in "Annals of Pediatrics," "However irrational as an infant's food, buttermilk may seem to be theoretically, in practice it produces good results, especially in cases of intestinal indigestion of the non-infectious type, and in that, too, buttermilk seems to be indicated, although it ought to be given early to reap the benefits." Cow's milk is not a perfect food for infants; the curd is much more difficult to digest, often causing serious digestive derangement; and the immediate conversion of sweet to sour milk by the agency of a germ prevents the development of other germs that are injurious. A little milk sugar may be added. The buttermilk is made from the whole milk, as fresh as possible, being much superior to the buttermilk made from left-over sweet milk from which fat is taken. This milk is especially beneficial during extreme hot weather when infants suffer most from contaminated milk and when the digestive system is weakened by the extreme heat.

## FALLS HURT THREE; MRS. ARTHUR DYING

Brakeman Slips, Loses Foot, and East End Woman Fractures an Arm.

The condition of Mrs. M. L. Arthur, aged sixty-two years, who fell on the icy board walks leading from her house yesterday morning, is decidedly worse today and little hope is entertained for her recovery as she suffered a paralytic stroke at the time of her fall. Attending physicians state that her condition is most critical.

R. A. Mattix, a local fireman on the Pennsylvania railroad, had his right foot cut off when he slipped from a freight car early this morning near the Thirteenth street crossing. Mattix was walking along the top of the train and started to cross from one car to the next. He slipped on a small piece of ice, and fell under the train. Although the brakes were applied, the train could not be stopped until it had severed his foot just above the ankle. He was rushed to the hospital where it was found he had been badly bruised in addition to sustaining the loss of his foot. Mattix, who is quite a young man, boards in Richmond, though his home is in College Corner.

Mrs. A. Shiesler, mother of Frank Shiesler, 409 North Eighteenth street, fell yesterday, breaking an arm, on the ice covered pavement near her home. Her condition is not serious.

A Cowherdly Joke.

A young lady had just announced her approaching marriage to a young man named Calley.

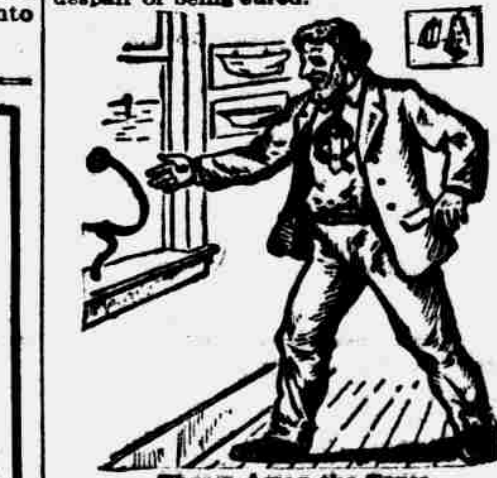

"Hum!" remarked an outspoken companion. "He will be bully if he doesn't turn out to be bossy."—Lippincott's.

If a little chalk be rubbed on a file before filing steel it will prevent chips sticking to the file to scratch the work.

## Throw Away His TRUSS!

Strenuous Old Sea Captain Feels the Doctors And Cures Himself.

No man or woman who is captured—no matter how severely or at what age—need despair of being cured.

Throw Away the Truss.

The case of Capt. W. A. Collings gives encouragement for all sufferers from rupture. Capt. Collings suffered a double rupture, and was confined to his bed for years. No truss could hold such a rupture. Many physicians examined his case and pronounced an operation necessary. Capt. Collings kept experimenting on himself and finally to the astonishment of all he cured his rupture. He has never had any return of the trouble.

Capt. Collings sends his discovery to all people who are ruptured. If you will send the coupon below, he will mail you entirely free a one week's trial treatment so you can test it on your own case. This costs you nothing and you are sure to be benefited. So mail the coupon now.

**FREE TREATMENT COUPON.**  
Capt. W. A. Collings, Inc., Box 211, Watertown, N. Y.  
Please send me One Week's Free Treatment for Rupture. This test is FREE. I will commence using it at once.

Name .....  
Address .....  
Town ..... State .....

—Office—  
**Auditor of State**  
INDIANA  
W. H. O'Brien, Auditor  
Myron D. King, Deputy Auditor.

**State Building & Loan Department**

Gilbert H. Hendren, Chief Clerk.

INDIANAPOLIS, January 24, 1912.

Mr. Wm. F. Piehl, Secty.  
Richmond Saving & Loan Association,  
Richmond, Indiana.

My Dear Sir:—

We have examined the report of the examination of the ACCOUNTS AND RECORDS of your association, recently made by State Building and Loan Examiner Hon. Isaac Dunn, and he reports as follows:

"After a careful examination, (extending from March 20, 1910 to January 1, 1912; one and three-fourths years), I found the affairs of this association in a splendid condition. A very competent secretary, with a full and complete set of books, and all accounts properly and most accurately audited. The cash account correct and agreeing to the cent with the treasurer's bankbook and the same was verified by the cashier of the Second National bank of this city. All loans and discounts found in amount correct, as charged herein, with all necessary papers pertaining to said loans filed with same and all properly cared for in a good fire-proof safe. The management is safe and very progressive."

We are more and more convinced that building and loan associations properly and honestly conducted, are the greatest of all known home building institutions in the country, and they will accomplish far more for the HAPPINESS AND PROSPERITY OF THE GREAT MASSES OF THE PEOPLE, than any other institution in the country, and will enable the members of building and loan associations to acquire homes, by small savings from week to week and month to month. SUCH ASSOCIATIONS are the GREATEST KNOWN FACTORS for the making of CONTENTED and LAW-ABIDING CITIZENS AND TAX PAYERS.

BUILDING AND LOAN ASSOCIATIONS in their very nature, are SEMI-PHILANTHROPIC and have a TWO-FOLD PURPOSE, TO ENCOURAGE THE SAVING OF MONEY and to PROMOTE THE OWNERSHIP OF HOMES.

Safety is the preposition of paramount importance among the people and under the good management of your well known and responsible officers and with the same system of state examinations as provided for banks and trust companies, which we now have under the new building and loan law (generally conceded to be the best building and loan law in the United States), we regard your association as being safe and sound in every particular.

It will be a pleasure to render to your association the most cordial assistance that is possible for this department to grant.

Very truly yours,

[Signed] W. H. O'BRIEN, Auditor of State.  
[Signed] By G. H. HENDREN, Chief Clerk State Building & Loan Department.

## DISCHARGE NEGRO ON THEFT CHARGE

That the evidence was not conclusive and did not prove beyond a doubt that she committed the crime, was the verdict of Special Judge L. C. Abbott in the case of the state vs. Clara Rickman, charged with the theft of goods from the basement of the Railroad store Saturday evening. The trial occupied the attention of the court the entire morning. It was shown by the evidence that the sister of the accused, Mrs. Howard Morton, was the person who stole the articles. An affidavit will probably be made against her, and held pending her return to the city, she having left after her escape from the officer Saturday night.

## NO BETTER WAY TO BREAK A BAD COLD.

The most effective and harmless way to cure the Grippe or break a severe cold, either in the head, chest, back, stomach or limbs, is a dose of Pape's Cold Compound every two hours until three consecutive doses are taken.

You will distinctly feel the cold breaking and all grippé symptoms going after the very first dose. It promptly relieves the most miserable headache, dullness, head and nose stuffed up, feverishness, sneezing, sore throat, running of the nose, soreness, stiffness and rheumatic aching.

Take this harmless Compound as directed, with the knowledge that there is no other medicine made anywhere else in the world, which will cure your cold or end Grippe misery as promptly and without any other assistance or bad after-effects as a 25-cent package of Pape's Cold Compound, which any druggist in the world can supply.

After three years' research we have conclusively demonstrated that quinine is not effective in the treatment of colds or grippe.

## Schnelle's White Plymouth Rocks For Sale

Four high scoring cockerels, \$2.00 to \$5.00 each.  
25 pullets at \$4.00 each.  
25 pullets at \$2.00 each.  
14 pullets at \$1.00 each.  
14 pullets, Aug. hatched, at 50c each.

These White Rocks equal the best in the world and the above prices should interest you at once as the birds will not last long at these prices.

Mail your order or come and select them at R. R. 3, National Road, East; take East Main street car and get off at door.

**C. H. SCHNELLE**

## To the Republicans of Wayne County

Owing to the Early primary to be held on Monday, Feb. 5, it will be impossible for me to see every one as I should like; therefore I take this means of soliciting your support.

**John E. Peltz**

Candidate for Recorder.
