

TEXAS DELEGATES FOR THE COLONEL

National Committeeman Ly-
on of That State Informs
T. R. Headquarters.

(National News Association)
WASHINGTON, March 1.—Reports received at the headquarters of the National Roosevelt Committee in Washington, today, show a steady advance in Roosevelt sentiment in practically all of the states. California, Ohio, Louisiana, Texas are lining up for Colonel Roosevelt and the sentiment in these states, expressed in various ways, shows a decided tendency for the Progressive cause.

Colonel Cecil Lyon, national committeeman for Texas, telegraphed today stating his position. He expressed himself as being heartily in favor of Colonel Roosevelt for President, and said he would do all in his power to attain a delegation for him. Over 90 per cent of the Republicans in Texas, says Colonel Lyon, are for Roosevelt. He states that there is virtually no Taft sentiment except among office-holders and that he expects every delegate from the Lone Star state will be for Roosevelt, under absolute instructions.

Louisiana Situation.
Pearl Wight, Republican National Committeeman for Louisiana, states that if the state central committee of Louisiana will authorize a primary Colonel Roosevelt may count upon a solid delegation from that state.

M. Lissner, chairman of the State Central committee of California, has telegraphed that out of 46 members of the committee asked for an expression of preference for Republican candidate for president, 34 have declared in favor of Roosevelt. Six have expressed a preference for La. Follette, four for Taft and two for Cummins. Mr. Lissner states that in his opinion the Roosevelt sentiment in the State Central Committee prevails in the ratio of ten to one, which he believes is the fair expression of Republican sentiment in the state. "I feel confident and predict that the Roosevelt ticket of delegates to the National Convention will be endorsed by the Republicans of California at least two to one," says Mr. Lissner.

From Ohio, the President's home state, come advices showing that votes received from 55 out of the 58 counties given Colonel Roosevelt an overwhelming majority. Test votes have been taken by several Democratic and Independent newspapers and in practically every instance Mr. Taft has been snubbed under by the adherents of Colonel Roosevelt.

Supporters of Colonel Roosevelt are working hard to capture the Tennessee delegation to the Chicago Convention. The leaders in this movement are optimistic and state that they have a good chance of downing the administration machine.

The social committee at the Country club for March is as follows: Miss Goodwyn Foulke, chairman, Miss Juliet Swaine, Miss Esther Griffin White, Mrs. James Judson, Mrs. Paul Comstock, Mrs. W. C. Hibbard and Mrs. Edgar Hatt. The first large affair to be given by the committee will be a vaudeville performance on the evening of Saturday, March the seventh. Several other parties will no doubt be given by the committee during the month.

WORK NOW STARTED ON PARK ENTRANCE

The park entrance arch, planned to be completed this summer, has been started, although no money has been appropriated for this purpose. A park team has hauled several loads of large boulders from different sections of the Glen and the city, dumping them near the entrance where they will be handy when the board of works and the city council get together and decide to erect the arch. Several designs have been submitted. It is probable the arch, if constructed, will be of boulders with the name of the park in a brass plate over the archway.

AN ECONOMY POLICY

Has Been Decided on by the
Board of Works.

Removal of all insurance from the municipal light plant, four hose houses and the city building, is the aim of the board of works, which it expects to accomplish soon. City engineer Charles with President Hammond of the board of works, and superintendent of the light plant, Nimrod Johnson, have arranged for a fire protection system at the light plant, which will fully protect the only vulnerable place, the room above the boiler room. A two inch hose connected to a city main stand-pipe in the boiler room, and a reel of hose connected to the force pump of the plant which gives about 225 pounds pressure, will be the means employed by the city in saving several hundred dollars per year on fire insurance policies on the plant. Experts agree that this plan will be absolutely safe, and the best protection which the city could install. A total of over \$400 has been paid out for insurance on the city plant in the last ten years.

The new water softener will be installed as soon as the weather moderates so that the foundation can be laid. The softener will be at the northeast corner of the present building and when the new building is erected will be midway between both the old and new buildings.

INDIANA EXPRESS COMPANIES FIGHT

Show Teeth to State Railway
Commission by Starting
Suit in U. S. Court.

(National News Association)
INDIANAPOLIS, Ind., March 1.—Six big express companies whose lines traverse Indiana have commenced action in the United States court against the Indiana railway commission to prevent it putting in effect a general reduction in rates on March 15. The Southern, American, Adams, National, United States and the Wells Fargo companies, are represented in the action by Attorneys Baker and Daniels. The suit prays for an injunction to prevent the commission putting into effect the objectionable rates, and court is also asked to enjoin the commission from entering any suit to compel the companies to comply with the rates. The petitioners say that the action of the commission is unjust, unreasonable and unlawful, and the order is not justified by the investigation made by the commission.

DIVORCE COMPLAINT

The first divorce complaint to be filed in the Wayne circuit court for the month of March was that of Marie Goodwin versus George Goodwin. The grounds upon which the plaintiff desires to secure divorce are habitual drunkenness and failure to support. According to the complaint they were married November 30, 1907, and separated February 5 of last year. The complainant also asks the restoration of her maiden name.

REFUSAL TO ACCEPT A PEACE PROPOSAL

Negotiations Fail, Although
the Mine Owners Will
Accept Them.

(National News Association)
LONDON, March 1.—Complete failure of the coal strike peace negotiations was announced by Premier Asquith in the House of Commons this afternoon. He placed the responsibility on the miners. The premier said that practically all the mine owners had agreed to accept the government's peace proposal. However, in view of the attitude of the miners, he said, there was no further use of holding conferences at this time. "I hope to have another settlement to make Monday," the premier said. "The miners have refused to accept a partial agreement."

Only 10,000 miners remained at work today. They are employed in the Warwickshire coal fields and are under orders to lay down their tools tomorrow. Although shippers are on guard throughout the mining districts, the miners did not become unruly and made no effort to destroy mine property, according to reports from various commanders received at the war office early in the afternoon.

The general meeting of the miners adjourned at noon after leaving all authority for the continuance of the settlement negotiations in the hands of the executive committee.

WHEN BUYING STOCKS.

Do as the Successful Wall Street Speculator Does.

If you want to speculate buy stocks that Wall street speculators buy. Don't buy things offered by smooth tongued agents working for a handsome commission. Don't buy stocks that are guaranteed to have a big advance.

The successful Wall street speculator never tries to make money in these sort of things. He buys stocks that have passed muster and been listed on the exchange. Before they can be listed the company must make a report that will justify listing. While this report is not as complete as it should be, it bars out all the wildest propositions by which the people are being swindled.

It is just as easy to buy listed stocks as any other. Brokers of good standing in the stock exchange are advertising in reputable publications, and one can always open up a correspondence with a broker and have his questions freely and fully answered. The broker likes nothing better than to answer letters from a customer or from a prospective customer.

If any one is timid about dealing with a broker he can always deal through his bank or get a reference to some broker from his banker.—Jasper, in Leslie's.

OVER ONE HUNDRED NEW CLUB MEMBERS

Campaign of the Commercial
Club Yesterday Meets
With Success.

More than one hundred new names were added to the roster of the Commercial Club in the personal canvass of the city made yesterday afternoon by fifty members of the club. The brief campaign was reported as remarkably successful, by E. M. Haas, chairman of the membership committee and although the goal of 250 new members was not reached.

Starting work at one o'clock yesterday afternoon, the sixteen three-man teams scoured the city with the lists of prospective members for the institution. But few men refused to respond to the appeals of the campaigners, and the first report, sent back to the club headquarters at an early hour, showed 74 new members. As the teams had difficulty in locating some of their men, the work was continued through the evening. A late report today contains the names of nearly 125 new members, but some work will be continued until all the possible candidates have been seen.

At six o'clock last evening, when the final report for the day was received, three teams, headed by R. B. Jones, W. H. Roney and J. F. Hornaday, were in the lead with eight credits to each. P. A. Reid and W. N. Bailey were tied for secondary honors with seven apiece. No squad turned in a blank report.

This campaign boosts the membership of the Commercial Club to approximately 375, the highest mark in the history of the organization. The club today started a new fiscal year with a roll of members, which includes most of the leading business men of the city and can easily carry out the elaborate plans for civic reforms in 1912.

PELTZ'S STATEMENT

According to an itemized statement filed with the county clerk, George Matthews, this morning, John E. Peltz, who was a candidate for the Republican nomination for recorder of this county, expended \$148.23 in the campaign.

DOG VICTIM SCARED OF RESULTS OF BITE

John Turner, 26 Fort Wayne avenue, who was bitten by a supposedly rabid dog at the corner of Ninth and C streets last Saturday evening, is suffering keenly from inflammation of the wound inflicted on his right leg by the animal. The police department is continuing a strenuous search for the stray yellow hound that attacked Turner, but have not yet located it.

It is not known whether the swelling and inflammation in Turner's limb are caused by hydrophobic infection or by blood poisoning, as his physician is reserving an opinion until the dog is found and examined.
