

NOW UP TO COUNCIL

Track Removal Question Discussed This Evening.

If council tonight fails to act favorably on the agreement between the city and the T. H. I. & E. traction company, whereby the company is to remove its tracks from the Glen, legal action will be resorted to stated Mayor Zimmerman this morning. "These tracks have to come out of the Glen," said Mayor Zimmerman. "The governor of the state said to me those tracks had no legal right to be in the Glen, and if they haven't then they will have to come out."

Several of the councilmen have stated they do not agree with the compromise in one respect—the clause which provides the city shall pay for resiling the cut. The track removal question has been up many times, and the public generally seems to be willing to have tracks removed at almost any cost, so it is believed council will overlook this objectionable feature.

HORSE SALE CLOSED

(Palladium Special.)

CAMBRIDGE CITY, Ind., March 18. The twenty-fifth annual Lackey horse sale closed here Saturday. From every standpoint it was one of the most successful sales ever conducted by John S. Lackey. The sale was featured by the fact that most of the animals were high bred and brought flattering prices. Eighty-two horses with records ranging from 2:10 to 3:30% were sold. The sale opened Tuesday afternoon. Many of the largest horse buyers in the country were present.

LANCASTER GIVEN OILING CONTRACT

"Absolutely dustless," is the qualifying phrase in the contract between the city and William Lancaster for road oiling, which was approved by the board of works this morning. The contract given Lancaster, provides he may charge 4½ cents per frontal foot for the first application and 2½ cents per foot for the second application of "Prime White Road oil." In case the road is not perfectly dustless, the citizens may have a third coat applied free of charge. He is under \$2,000 bond, Clem Gaar named as surety.

As soon as weather moderates Lancaster will secure streets to treat with oil. The prices to be charged are about the same as those of last year, when black oil was used.

Madrid's Fearful Climate.

Madrid is afflicted with the most changeable climate of any European capital. The temperature varies from as much as 107 degrees in the summer to as little as 16 degrees in the winter, and at all seasons of the year it indulges in violent fluctuations. It is by no means uncommon in December to wake up with the thermometer registering about 20 degrees and to find it mount to more than 60 degrees by the afternoon. Some years ago an oscillation of 37 degrees was registered in one day. No wonder, therefore, that lung troubles are far more prevalent in Madrid than in St. Petersburg. —London Chronicle.

How Music Affected Boswell.

Boswell had a good deal more feeling for music than Dr. Johnson and suffered at his master's hands. Once in a moment of expansiveness he told Johnson that music "affected him" to such a degree as to agitate his nerves most painfully, producing alternative sensations of pathetic dejection, so that he was ready to shed tears, and of daring resolution, so that he was inclined to rush into the thickest of the battle.

"Sir," replied Johnson, "I should never hear it at all if it made me such a fool."

TO TRY CASE AGAIN

Following the decision of Judge Fox of the Wayne circuit court not to grant a divorce to Otis K. Karns from Minnie M. Karns, a new case has been filed and will be heard by Judge Engels of the Randolph circuit court here March 28.

MANY ARE SEEKING LIGHT PLANT JOB

As the time for county elections draws nearer, many applicants have come forward for the position of superintendent of the municipal light plant, which will be vacated by the resignation of N. H. Johnson, Republican candidate for county treasurer. Charles T. Wiley, an employee of the telephone company, has announced his candidacy for the position and several friends have added their recommendations, asking that he be appointed. This matter will not be brought up until later.

Forestalled.

"Widows," said the observing man, "are very attractive, but about a widow there is always something uncanny, something almost clammy—I mean, of course, from the matrimonial point of view."

"I know a widower who is thinking of marrying again. He thought he'd broach the matter delicately the other morning to his little daughter, so he said:

"Ah, my dear, how I did love your mother!"

"But the little girl gave him a suspicious look and snapped:

"Say 'do,' not 'did,' papa!"—Washington Star.

MUZZLE ORDER IS STILL EFFECTIVE

Dogs must still remain muzzled. Although the order of the quarantine order of Dr. J. E. King, the county health officer overlaps the order of the city health officer by forty-five days, and it will be at least the first of May before dogs may appear unadorned with muzzles, and not forfeit their life, liberty and pursuit of happiness.

Lots of Practice.

"Junkins, your wife is the most brilliant conversationalist I know of."

"Well, she's had lots of practice. She goes to a theater box party two or three times every week."—Chicago Tribune.

Calling a Bluff.

Father—I never smoked when I was your age. Will you be able to tell that to your son? Willie—Not and keep my face as straight as you do, pop-Puck.

Knowledge is more than equivalent to force.—Johnson.

KING WILL TALK ON SCHOOL INSPECTION

Dr. J. E. King, county health officer, has received an invitation to address the health officers of the state at the state meeting to be held in Indianapolis in May, on the subject of "School Inspection." Dr. King announced he will accept the invitation. Wayne county's lead in instituting inspection of the school children has caused much favorable comment, and Dr. King will tell of the system used here and its results.

The Wayne County Fish and Game Protective association will hold a meeting next Thursday evening at which time three directors will be chosen to fill vacancies caused by the expiring terms of three of the present directors. Other matters will also be discussed at this meeting.
