

## RIOTING RESULTS IN INDICTMENTS

True Bills Returned Against  
Mayor and Other Officials of Rock Island.

(National News Association)  
ROCK ISLAND, Ill., April 6.—Indictments were returned today against Mayor Schriver, Harry McCaskry, Philip H. Wells, E. H. Gardner, in connection with the riot which resulted in four deaths here. The indictments have not been made public, the special grand jury adjourning until Tuesday immediately after returning the true bills.

The contents of the true bills was not made known. It was reported, however, the indictment against the mayor was in connection with his assault on Editor Rooney of the Rock Island News. McCaskry is Republican candidate for the nomination of state's attorney. After a speech he delivered at a political meeting here, the rioting in which a mob attempted to storm the city hall occurred. Wells is a justice of the peace and Gardner is editor of a Socialist paper. Schriver's confiscation of an edition of the News in which was printed a bitter personal attack against the mayor concerning an alleged orgy with a girl named Ethel purported to have occurred in Peoria, caused the first outbreak. The mayor attacked Rooney after he had been arrested.

## LOCATE OLD ERRORS

That Caused Confusion in  
the Auditor's Office.

Efforts to correct a series of errors made by county auditors who held office from 1880 to 1890 were completed today with the final action of the present board of county commissioners, who at their meeting this afternoon ordered \$641.59 transferred from the general fund to the congressional principal. Demas S. Coe, former county auditor, discovered that errors had been made in the congressional school fund last September and he immediately started an investigation to learn the source of the trouble. The investigation was continued into the term of the present auditor, Lewis Bowman, who with the assistance of Mr. Coe, learned that the errors were made between 1880 and 1890.

They communicated with the state auditors and state board of accounts and have at last straightened out the errors.

The county commissioners today decided upon a definite location for the Fox bridge in Jefferson township and work on the new bridge will start within the near future.

The commissioners also decided to order an appropriation of \$250 to pay Wayne county's part of the expense on the construction of a bridge on the old Richmond and Eaton Pike. The Preble County (O.) commissioners will pay one-half of the cost of the bridge.

## TRUSTEES ELECTED

A statement of the election of trustees of the Germania Cemetery association held April 2, has been filed in the office of the County recorder. The trustees for the coming year are Charles Kruehl, Fred Schnelle, Frank Kehlenbrink, Adam Boes and John Kemper.

### SHE QUIT COFFEE

And Much Good Came From It. It is hard to believe that coffee will put a person in such a condition as it did a woman of Apple Creek, Ohio. She tells her own story.

"I did not believe coffee caused my trouble, and frequently said I liked it so well I would not quit drinking it, even if it took my life, but I was a miserable sufferer from heart trouble and nervous prostration for four years.

"I was scarcely able to be around at all. Had no energy and did not care for anything. Was emaciated and had a constant pain around my heart until I thought I could not endure it. I felt as though I was liable to die any time.

"Frequently I had nervous chills and the least excitement would drive sleep away, and any little noise would upset me terribly. I was gradually getting worse until finally, one day, it came over me and I asked myself what is the use of being sick all the time and buying medicine so that I could indulge myself in coffee?

"So I thought I would see if I could quit drinking coffee, and got some Postum to help me quit. I made it strictly according to directions and I want to tell you that change was the greatest step in my life. It was easy to quit coffee because I had the Postum which I like better than I had liked the old coffee. One by one the old troubles left, until now I am in splendid health, nerves steady, heart all right and the pain all gone. Never been any more nervous chills, don't take any medicine, and do all my housework, and have done a great deal besides.

"My sister-in-law, who visited me this summer, had been an invalid for some time, much as I was. I got her to quit coffee and drink Postum. She gained five pounds in three weeks, and I never saw such a change in anyone's health."

### His Wrong Lead.

Some forty years ago at Aldershot the camp was commanded by Sir James Yorke Scarlett, a Crimean veteran. On the occasion in question he was directing some sham fighting. In a manner then usual he was leading a line of skirmishers of one force against another many yards in front, as in earlier times he had led the heavy brigades at Balaclava against three times its numbers. To a soldier of the younger school it seemed a preposterous proceeding, and Sir Evelyn ventured to criticise it.

Sir James replied: "Young man, have I not ordered you twice to hold your tongue? If I like to lead my skirmishers, what the — is that to you?"

Sir Evelyn replied, "Ten thousand pardons, sir, but it is the enemy's line in retreat you have been leading for the last ten minutes." He was shortsighted and did not wear glasses, so was unable to see the distinguishing mark a sprig of heather worn in the shako of the troops he was attacking—Westminster Gazette.

## ARBOR DAY IS TO BE OBSERVED HERE

Plans for the observance of Arbor Day are being discussed by many since the governor issued his proclamation setting aside April 29 and October 29 as the dates for this year and he asks that every school child in the state plant a tree on these dates. The local school children will do their part in carrying out Governor Marshall's proclamation, as the school board at the suggestion of Prof. John F. Thompson, head of the botanical department of the high school has ordered 2,500 small elms. The students in the various schools, both public and parochial, will be asked to plant the trees on their lawns.

As a rule Arbor Day has been generally observed in this city and the practice has done a great deal towards beautifying Richmond. Many school and church yards were formerly perfectly bare of shade, but during the past few years trees have been planted about every school and church yard and many beautiful groves are coming up on these places.

## HEAR FROM PITMAN; IS IN CALIFORNIA

Local friends of Walter Pitman, formerly of this city, who is now in Lower California, have received word from him. He says he is 62½ miles from a railroad, one mile from his boarding house, and with only one companion. He is guarding a power dam and a water pipe line. Pitman has been engaged in electrical work in California for some time. He is an expert electrician and has helped install several power plants in the West. He says it is "The West for me, all the time." Pitman was formerly employer as electrician in this city for the Crane company.

## Visit Our Player Parlor

In the rear of our store we have constructed a parlor for the convenience of the public—a new department which should be taken advantage of.

Here will be displayed our player pianos, with an attendant to play for you—popular music, orchestrations, and mandolin arrangements by well known musicians. In short, it will be a place where you can rest, and at the same time be entertained by the Starr Player Piano.

By the manufacturing of our own music rolls we are better able to offer you a wider selection of music and at a price one-third less the regular list price. We invite you to call and visit this new department (The Starr Piano Player Parlor) in our store.
