German Dirigible Flies 400 Miles.—Vaniman Tries Out His Airship.

(National News Association)

HAMBURG, Germany, June 1.—After an all night trip, during which an average speed of 38 miles an hour was maintained, the new military airship, Zeppelin Third, with Count Zeppelin in command, arrived here at 9:35 a. m. today from Friedrichshaven, four hundred miles away. The airship left Friedrichshaven at 11 o'clock last night on its maiden voyage. Count Zeppelin was at the helm of the big dirigible and was in charge of the flight all the way.

### FLIGHT BY VANIMAN.

ATLANTIC CITY, N. J., June 1.—Dashing through the air at express train speed, Melvin Vaniman made a spectacular flight of nearly an hour here today in the dirigible airship Akron, in which the aeronaut plans to cross the Atlantic ocean.

The machine worked perfectly, several improvements having been made since the great dirigible met with disaster and fell into the marshes of Glassy Bay on November 4th, last.

Vaniman was in the air for 55 minutes. He ascended at 6:50 a. m. and returned safely to his hangar at 7:45 o'clock.

Accompanying Vaniman on the test flight were four members of his crew and a guest, A. H. Upson, of Akron, Ohio.

Vaniman himself worked as navigator, his brother Calvin was skipper, caring for the middle propellers; Fred Almus guarded the stern propellers, and George Brilliant took care of those forward.

Thousands of Atlantic City residents aroused by the news that Vaniman was to make a flight, rubbed the sleep out of their eyes and cheered his daring evolutions over land and sea.

## DOG QUARANTINE ENFORCED MONDAY

Several days of grace will be accorded the dog owners in Wayne county before the dog quarantine is vigorously enforced.

Stray dogs will be killed, but dogs found with checks on them and without muzzles will be caught and the owners summoned into police court and fined for their negligence in not observing the muzzling.

Most of the dogs on the street are now muzzled. The county health officer stated this afternoon that dogs, even though they are kept in their owner's yards and not allowed to run at large, would have to be muzzled or the owners subjected to a heavy fine.

Several dogs have been killed by the police but these victims were brought to the city building by their masters who preferred to have them killed to muzzled. The police have been instructed to allow the dog owners several days' grace, probably until Monday, and then to file affidavits against those owning unmuzzled dogs.

## STREET CAR VICTIM SUES FOR DAMAGES

Alleging that as the result of a collision between two city street cars, upon one of which she was a passenger, she was permanently injured, Ruby Benner, by her next friend, Allen Benner, this morning filed suit for damages against the Terre Haute, Indianapolis and Eastern Traction company in the Wayne circuit court. She asks \$5,000.

The plaintiff alleges that she was injured September 23, 1911. The complaint states that the cars collided at Sixth and Main street, she, the plaintiff, being thrown from her seat into the air, and falling heavily, striking her back on the car seats, causing hemorrhages, and great mental and physical pain and anguish.

## EACH CANINE OWNER HAD KICK TO MAKE

City Controller McMahan is highly enthused with the work of issuing dog checks. A total of nearly four hundred had been given out by today, and of this number but very few appeared who did not register some complaint against the ordinance requiring dogs to be provided checks at the expense of the owner. Some seemed to have the idea the city should provide the checks and collars upon which to hang them.

## She Wants to be a Juror

Miss Shirley Burns, an author playwright, living in New York, who, by mistake, was served with a summons for jury duty, and was angry because she was not allowed to serve. "I think it is a shame that women are not allowed to serve on juries in New York," she declared. "My mother and sister, who live in Seattle, Wash., have served as jurors and are proud of it. In New York incapable men are accepted on juries, but women who would make good jurors are barred."
