

## MANY VOTERS WERE REGISTERED TODAY

Several of Precinct Boards Will Be in Session Again Tomorrow.

It is likely that as many voters will register today at the second session of the registration board of the county as at the first session, held in May.

In precinct 6, there were thirty-six voters registered at the court house at noon today. Twenty-three had registered in precinct nine, on South Sixth street; forty in precinct twenty-six, on North Seventeenth street, and forty in precinct twenty-one on South Eleventh street. In several precincts about half as many voters as were registered at the first session, had registered before noon today.

With the exception of a few precincts, the registration boards will close the second session this evening. Some precinct boards will keep open until tomorrow evening in compliance with requests, including precinct twenty-seven with the polling place at 321 North Nineteenth street. Where there is not a petition presented, signed by at least five persons, the boards will close at six o'clock this evening.

At some of the precincts, polls are being taken by workers of the various parties. In the twenty-sixth precinct, fifth ward, there had been 143 voters registered up to noon today, including the 101 voters who registered in May. Out of this number eighty-three are Progressives, three Republicans, ten doubtful, one Socialist, one Prohibitionist and the remainder Democrats. The cost of this session of the registration boards has not been ascertained as yet.

Detonation Frightens Clerks and Injures Victim.

Clerks in a local dry goods store now believe that water in a large bottle may generate gas that is as explosive as nitroglycerine.

William H. Grottenbeck, one of the employees of the store, recently shook violently a large bottle filled with drinking water. With a detonation that was heard through the whole store, the bottle exploded, cutting the leaders in the forearm of the young man and injuring his hand.

The wound is a serious one and fear is felt that the hand may remain stiff as a result of the accident.

## STOMACH MISERY JUST VANISHES.

(Time! No Indigestion, Gas or Sourness five minutes after taking "Pape's Diapiesin.")

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach headache—this is indigestion.

A full case of Pape's Diapiesin costs only fifty cents and will thoroughly cure your out-of-order stomach, and leave sufficient about the house in case some one else in the family may suffer from stomach trouble or indigestion.

Ask your pharmacist to show you the formula plainly printed on these fifty-cent cases, then you will understand why dyspeptic trouble of all kinds must go, and why they usually relieve sour, out-of-order stomachs or indigestion in five minutes. Diapiesin is harmless and tastes like candy, though each dose contains power sufficient to digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite; but, what will please you most, is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation.

This city will have many Diapiesin cranks, as some people will call them, but you will be prepared about this splendid stomach preparation, too, if you ever try a little for indigestion or gastritis or any other stomach misery.

Get some now, this minute, and forever rid yourself of stomach trouble and indigestion.

## MORSE COMES BACK WITH VENGEANCE

Pardoned Ice King Far From Being the Almost Dead Man Taft Believed.

(National News Association)

NEW YORK, Sept. 6.—Charles A. Morse, former ice king and banker, who was released from prison last February, when President Taft pardoned him in the belief he only had six months to live, "came back" today. He strolled down Wall street and stepped jauntily up the steps of the Wall Street exchange building to his new offices, ready for a hard day's work. All Wall street had heard of his coming and many stood about the entrance of the building waiting for him.

The portly little man in the blue penciled stripe suit had passed almost into the building before the crowd recognized him. They had expected something different. Not a healthier man walked down Wall street today, of one or two little. "Never felt better. With the exception of one or two little setbacks some time ago I have regained my health," he said.
