

WIFE DESERTION CHARGES DISMISSED

Affidavits Against Sidney Karns Dismissed for a Lack of Prosecution.

Two affidavits charging wife desertion and one charging child desertion were dismissed against Sidney Karns in the Wayne circuit court this morning on motion of the attorney for the defendant, on the grounds of lack of prosecution.

The affidavits were filed some time ago by the late Charles L. Ladd, former prosecuting attorney. It was stated today by Prosecutor Allen that the charge of child desertion could not be sustained by the prosecution as it was believed that the defendant was not the father of the child. The prosecutor also stated the plaintiff refused to appear.

Other information which should be found in the clerk's office could not be ascertained, as the clerk declared that it could not be found. The clerk was non-committal in regard to the records in the case and refused to show them.

STRIKERS FIRE ON THE STATE TROOPS

In West Virginia Coal Fields and Soldiers Returned the Fire.

(National News Association) CHARLESTON, W. Va., Sept. 23.—An attack was made early today on the troops in the coal field near Mucklow. A party of miners stealing along the hillside, when told to halt, opened fire. This was returned by the troops and several miners are believed to have been fatally wounded although no soldier was hit. Telephone and telegraph communication between this city and Paint Creek have been cut and it is impossible to learn the situation there.

The failure of the state conference here to perfect an organization and discuss remedial legislation is causing unrest in the coal districts.

Thieves Return \$50,000 to Back Door of Bank.

(National News Association)

PENSACOLA, Fla., Sept. 23.—The package of money supposed to have been stolen from an express car on the Louisville and Nashville railroad last week, was found at the back door of the First National bank here today. The package contained \$55,000 which the detectives upon investigation found to be the exact amount that disappeared instead of \$70,000 as was originally reported. The money was found by Varthey Thomas, a negro janitor, while he was sweeping out and is supposed to have been there for several days.

The money is believed to have been returned by the thieves who took it when they learned that the detectives were close upon their trails.

Big Strike in Eastern Factories Is Assured.

(National News Association)

NEW YORK, Sept. 23.—Several thousand piano makers here today went on strike following the refusal of the companies to grant a fifteen percent increase in wages. Steinway & Co., and a number of other firms, were not seriously crippled because they maintain an open shop and employ many non union workers. The strike was called by the piano, organ and musical instrument makers union and the strikers claim that in a short time 10,000 piano builders in this and nearby places will be idle.

Two Resign, No Substitutes Available, Causing Special Examination.

The need of more experienced teachers in the schools of the county has necessitated the holding of a second special examination. The second ex-

amination is to be held next Saturday in the office of Charles O. Williams, county superintendent of public instruction.

The two teachers are needed in the schools at Cambridge City. The vacancies occurred since the opening of the schools there. The teachers resigned.

Superintendent Williams desires to have several applicants for teachers' licenses to take the examination Saturday in order to fill the vacancies and to have teachers in case other vacancies may arise.
