

## CHEAP LABOR OF CHINA A MENACE

Dr. Hodgkin Tells Earlham Students China's Commerce Is to Be Feared.

"The Napoleonic utterance, 'When China moves she will move the world,' was made the subject of a stirring address delivered today before the students of Earlham college by Dr. Henry T. Hodgkin, head of the West China university.

Dr. Hodgkin pointed out that the menace of China lies not in the vast borders that may be wielded into an effective fighting machine, but in the cheap labor with which she will soon be able to turn out commodities and invade the commercial centers. In the steel industry of China, laborers are paid five cents a day. The resources of the country are undeveloped, but with the return of trained Chinese engineers who have attended the American schools, China is beginning to tap these vast resources of wealth.

"The educated Chinaman," said Dr. Hodgkin, is making rapid strides and it will not be long until China, emulating the example of Japan, will be able to maintain a position of strength in the commercial world. Her people are waking from the sleep of ages.

"The city of Harbin, which was founded and built by Russian capital is now practically in the control of the Chinese who have advanced loans for the improvement of that city. Much money has been spent on harbor and street improvements. The Russians of this city are bankrupt and the Chinese now control the city's commerce.

"The opium traffic has practically ceased. Whole provinces have ceased to grow the poppy, and in one province the Chinese farmers who violate the edict against the growing of the flower have been beheaded by the governor.

"The white men who are invading China are bent on commercial exploitation and care little for Christianity. They hinder the growth of the Christian religion by their acts and deals.

"While inland recently I was approached by an American life insurance agent who wanted me to accept a position as medical examiner. This illustrates how fast China is progressing. You can find the agencies of the Standard Oil company far from the sea coast.

"I am in America and will visit England to ask people to assist financially in the work of the university with which I am connected. Only through the inculcation of proper religious ideals can the Chinese people become a power that will make for the good of humanity."

## ARE IN QUANDARY ABOUT JURISDICTION

Interested Attorneys Do Not Know if Justice Abbott Had Right to Preside.

Whether Luther C. Abbott, justice of the peace, could have legally sat on the police court bench yesterday morning and heard the evidence in the trial of Jeremiah Miller, captain of the No. 4 horse company, charged with having stolen a pair of snips, is a question which no one seems able to answer.

Mayor Zimmerman appointed Justice Abbott to hear the case. Attorney Wilfred Jessup, acting as city attorney in the absence of City Attorney Gardner, stopped the hearing of the case in police court yesterday by declaring that Abbott did not have jurisdiction. The two attorneys for the defendant, the prosecuting attorney, and the justice, after a hurried conference, decided that Jessup was correct. Now they are in a quandary to know if he was right in his statement.

Judge Fox, of the Wayne circuit court, stated this morning that if Abbott was acting as a justice of the peace he did not have jurisdiction in the case and that if he was acting as a special judge he did have jurisdiction. However, Judge Fox declared that he would not want to give his opinion until he had heard the full details of the matter.

## DOES NOT UPHOLD GAMBLING AT TRACK

(National News Association)

MICHIGAN CITY, Ind., Oct. 24.—Owing to the failure of the members of the Racing Corporation of America to arrive here this morning the injunction suit filed against Governor Marshall and officers of the state national guard was postponed for trial until late this afternoon. The racing corporation alleges that if the troops are permitted to remain at the track and racing is prohibited the property of the corporation, valued at \$100,000, will depreciate. It is the contention of the officials of the racing company that there is no gambling by bookmaking and any betting that may be going on is between individuals and the corporation is powerless to prevent it.

THE GUARD REMAINS. PORTER, Ind., Oct. 24.—Pending a decision of the injunction suit by the racing corporation there was no racing at the Mineral Springs track today. The two companies of national guard will remain on guard until the case is decided.

## EVERS WILL MANAGE

(National News Association)

CHICAGO, Oct. 24.—All doubt as to the selection of Johnny Evers to succeed Frank Chance as manager of the Cubs was removed today when the doughty second baseman discussed his plans for the team next year.

"I understood from my talk with Murphy that I was to have the same power in making trades that Chance had," said Evers today. "I cannot say at this time whether Tinker will be traded or not. I don't want to deprive Joe of a chance to manage a club if he can get the job, but there is no shortstop in the League today that I want as much as Tinker. If he goes to Cincinnati it may have to be through a three-handed deal of some kind. If Tinker is to go I would like to have Mike Doolin, of the Philadelphia club, but I don't know if that can be arranged.

"There is no chance for Frank Schulte to be traded. If I have anything to say, he'll be playing right here next year. If Sheckard can land a job as manager I would be willing to let him go."

The Trojan said that it had been practically arranged that he would manage the Cubs. When Chance heard of Evers' statement he said he was glad to hear it and extended his best wishes to him.

## TO REPAIR THE SOUTH L SEWER

Condition Investigated Today by Board of Works.—Orders Improvement.

As a result of considerable trouble experienced by the city street department since the improvement of South L street, Street Commissioner Genn at the meeting of the board of public works today said that it is absolutely necessary to repair the sewer. The board decided to investigate the condition of this sewer this afternoon. It may be necessary to tear up the sewer and to construct another at this point, the cost of which will be paid by the city, township and county.

The board decided at the meeting today to pay \$1,500 on the paving of North Sixth street, from D to F street. The street is to be paved with creosote wooden block. The estimated cost of the improvement is between \$3,000 and \$4,000.

A letter was received today by the works board from the officials of the Terre Haute, Indianapolis and Eastern Traction company in regard to the proportion of the cost of the flooring of the Doran bridge which the traction company is to pay.

Subscriptions from business men and others who are interested in the opening of South Seventh street from J to L streets, have amounted to \$185. The board, at a recent meeting allowed Harmon Swicker, owner of several lots through which the proposed street would run, damages to the amount of \$800. The subscriptions are to pay for damages. In case the amount of the subscriptions are not sufficient to cover the amount of damages allowed, the city will make up the deficiency.

## CONVICT CHOOSES TO BE SHOT TO DEATH

(National News Association)

SALT LAKE CITY, Oct. 24.—James Riley, convicted of murder, was shot to death today at the Utah state prison under the "choice of death" law. Riley elected to be shot rather than hung. He was blindfolded and placed before a stone wall and shot at by a firing squad of five. Two of the guns were loaded with blank cartridges.

## COURT NEWS

Audie Pickett has filed a claim for \$1,600 in the Wayne circuit court against the estate of the late E. M. Pickett.

Commissioner's final report in the matter of Harry Engle, W. H. Engle, Mary Murphy and Edgar Engle versus Henry T. Burns, administrator of the estate of Katherine P. Engle, suit for partition, was filed today.

## This Home-Made Cough Syrup Will Surprise You

Stops Even Whooping Cough Quickly. A Family Supply at Small Cost.

Here is a home-made remedy that takes hold of a cough instantly, and will usually cure the most stubborn case in 24 hours. This recipe makes a pint—enough for a whole family. You couldn't buy as much, or as good ready-made cough syrup for \$2.50.

Mix one pint of granulated sugar with 2½ pints of warm water, and stir 2 minutes. Put 2½ ounces of Pinex (fifty cents' worth) in a pint bottle, and add the Sugar Syrup. This keeps perfectly and has a pleasant taste—children like it. Braces up the appetite and is slightly laxative, which helps and is a cough.

You probably know the medical value of pine in treating asthma, bronchitis and other throat troubles, sore lungs, etc. There is nothing better. Pinex is the most valuable concentrated compound of Norway white pine extract, rich in guaiacol and all the natural healing pine elements. Other preparations will not work in this formula.

The prompt results from this inexpensive remedy have made friends for it in thousands of homes in the United States and Canada, which explains why the plan has been imitated often, but never successfully.

A guaranty of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex, or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.

## Loose and Mounted DIAMONDS

O. E. DICKINSON

## BABY COMFORTS

The best Nursery requisites yet put on the market is Scotch tissue Dydes—made of soft, white and very absorbent paper especially treated to prevent chafing or irritation of the tender skin. Are used inside the regular cloth or rubber diaper, one or more as desired. Destroyed when soiled, eliminating all objectionable, disagreeable laundry troubles.

12 in sealed envelope, only 10c.

CONKEY, the Drug Feller, NINTH AND MAIN.

Anti-Hypocrite, Anti-Grouch, Anti-Trust. Look for another one on last page.

## TEDDY LEADS 2 TO 1

The straw ballot taken at Engelbert's cigar store for the Palladium indicates that Roosevelt and Beveridge are leading in the race in Richmond. Taft received only sixteen votes, ten less than the Socialist candidate Debs received.

The result of the ballot follows: Roosevelt 104, Beveridge 117, Wilson 53, Ralston 52, Taft 16, Durbin 10, Debs 26, Chaffin 0.

## WILL SELL STAMPS TO FURTHER CAUSE

The members of the Richmond Progressive league will sell Progressive stamps, certificates and white carnations in the entrances of the Mur-rette and Arcade motion picture houses next Saturday afternoon. The proceeds of the sale will be used to further the Progressive cause.

## TO BEAUTIFY THE CHURCH INTERIOR

First M. E. Decides to Renovate Interior of Edifice at Cost of \$3,000.

Extensive renovations to the interior of the First M. E. church which will be completed by January 1 at a cost of \$3,000 were determined last evening in an enthusiastic meeting of the official board of the congregation.

The statement of the Rev. B. E. Parker, pastor of the church, that he had received \$1,000 from a few members for the proposed improvement was received with commendation by

the thirty members that constitute the official board.

Canvassers were busy today under the direction of the pastor in raising the \$2,000 necessary to pay for the improvements.

The improvements contemplate the re-frescoing of the interior, the rebuilding of the pipe organ, the installation of a new heating plant, the painting of the exterior woodwork, and general repairs to the structure.

The executive committee which will supervise the work is composed of I. M. Ridenour, C. A. Gaar, J. O. Barber, Dr. D. W. Stevenson and Edgar E. Brown.

Dr. U. B. D. Ewing was secretary of the meeting last evening, which was the third quarterly conference of the church. Routine matters were discussed also last evening.

Very High.  
Hewitt—He's a highbrow.  
Jewett—Yes, a regular skyscraper.—  
New York Press.

## NEW BLOCK SYSTEM

(National News Association)

INDIANAPOLIS, Ind., Oct. 24.—A sweeping order for the installation of block systems on interurban lines was issued by the railroad commission today. Nine lines are affected and when the work is completed 142 miles of experimental signal systems will be in operation. The Indianapolis & Cincinnati line was ordered to install 83 miles of "Manual Dispatch" signal.

Other lines which were directed to put in block signal systems by July, 1913, were the Union Traction company, the Ohio Electric, the Terre Haute, Indianapolis & Eastern, the Louisville Northern, the Indianapolis & Southern, the Ft. Wayne & Northern, the Chicago, South Bend & Northern and the Chicago, Lake Shore and South Bend.

## City Statistics

Deaths and Funerals. BECKELS—Elizabeth Beckels, aged eighty-three years, died this morning at four-fifteen o'clock at her home, 415 North D street. Friends may call Sunday afternoon or evening. The funeral will be held Monday.

MALONY—William Malony, aged seventy years, died Thursday morning at about eight-thirty o'clock at the Reid Memorial Hospital. Mr. Maloney was taken ill yesterday at Hamilton's restaurant. He was removed to the hospital late Thursday afternoon. He is survived by one brother, Patrick Malony and three nieces, Mrs. Harry Hess, Mrs. Ernest Renk and Mrs. Philip Zuttermeister. Funeral announcements will be made later.

Marriage Licenses. Ray Johnson, 26, telegraph operator, city, and Mary A. Hughes, 22, city. John Beckschultz, 41, casket trimmer, city, and Anna M. Scherer, 43, city.

## MAENNERCHOR WILL TRY FOR PRIZE

Singing Contest to Be Held at Dayton.—Silver Loving Cup Is Trophy.

The Maennerchor of this city will participate in the annual meeting of the Southern Ohio Sängerkreis, which meets at Dayton, O., in July 1913. German singers recruited from Indiana, Ohio and Kentucky will be the guests of the Dayton Liederkranz.

It is expected that fully 800 singers will participate. The Dayton Liederkranz will present a silver loving cup to the society held to be entitled to the first prize in a singing contest. Prof. William Metzner, director of the Dayton Liederkranz, will choose the songs to be sung at the big meeting.

The singing will be done at the fair grounds, and arrangements have been perfected so far, that the day after the contest will be devoted to a discussion of business matters. After the business session there will be big picnic.

## JOISTS ARE SOLD

The joists in the Doran bridge were sold to the contracting firm of I. E. Smith for \$1 per hundred feet, by the board of works this morning. The only other bidder was H. C. Bullerdick who offered 40 cents per hundred feet.

## ITALIAN ORCHESTRA PROVES POPULAR

The Italian orchestra which has been playing at the Lyric this week has proved so popular that it will be continued today and tomorrow. A harp is included in this collection of instruments and is played well.

## The Choice Corset Fashions for Fall

Will Be Demonstrated TOMORROW and SATURDAY by Mile. Milstead

Representing the Gossard Corsets. The celebrated corsets that lace in front. Hundreds of confirmed Gossard wearers are lauding the lovely Autumn models. The remarkably good features of the new styles. The new lines and contours. The new comforts and dainty appearances that have put Gossard Corsets in the front rank of fashionable corsets.

## Come Tomorrow--Visit Our Corset Section

Learn about these remarkable corsets. The women who know Gossard corsets best are those who love them most.

### MODEL 363

Model 363 is a girdle top corset designed with special regard for freedom at bust and diaphragm. The skirt is long with very flat back and hip lines, there being absolutely no bulging over hips or in the back.

The design, finish and workmanship of this model is unequalled at the price of —\$3.50—

### MODEL 202

Model 202 is a very low bust corset, designed in complete accord with the requirements of the latest fashion dictates. It has a flexible top clasp, and ample fullness in bust to give freedom at diaphragm, and encases the bust with perfect ease when the figure is seated. The skirt is very long below the waist line, and decidedly straight over the hip.

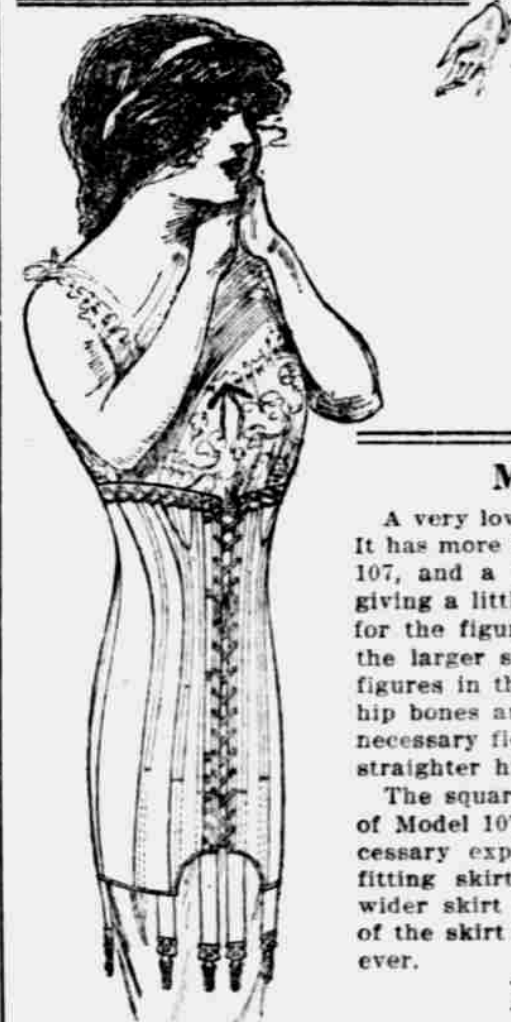

This truly is a wonderful model.

Price \$5.00.

### MODEL 108

This corset has attained great popularity that it remains one of the leaders in the Gossard line, since it meets the requirements of the average figure perfectly. This is very evident to one desiring to mould the figure to larger waist and smaller hip lines when the very extreme corsets are not possible, due to the fact that a small waist has been cultivated. The bust is moderately low, skirt extreme in length, with elastic section in back, encasing the entire heavy portion of the figure yet in no sense causing undue restriction, or discomfort when seated.

Price \$8.50

### MODEL 207

A very low bust, comfortable model. It has more fullness above than Model 107, and a more distinct waist line, giving a little more fullness over hips for the figure of full development in the larger sizes and for very slender figures in the smaller sizes, when the hip bones are not cushioned with the necessary flesh to permit wearing the straighter hip lines of Model 107.

The square elastic sections in skirt of Model 107, provided to give the necessary expansion of the very close fitting skirt, are not needed in the wider skirt of Model 207; the length of the skirt remaining the same, however.

Price \$6.50

## Great Sale of Fashionable Evening Gowns

Continues Friday and Saturday

Exquisite, Handsome Evening Gowns, worth up to \$25.00, Friday and Saturday

\$12.95

## Distinction in Women's Coats

Women who have shopped around tell us that nowhere else is there so much style distinction apparent in coats as in those shown here. It is the indefinable something which makes the difference between clever and ordinary tailoring, between knowing how and badly imitating, between high grade materials and the cheaper sorts.

## Fashionable Coats of Quality and Style

TOP COATS in all the favorite styles of the season. Three-quarter lengths and full lengths, garments you will appreciate at \$7.50, \$10.00, \$12.50, \$15.00, \$16.50, \$17.50 and \$20.00 when you see them.
