

LATIN AND GREEK ARE ON THE WANE

Earlham Professor Believes
Ancient Languages Will
Never Be Popular Here.

Professor Charles Henry Hale, assistant in the department of ancient classics at Earlham college, gave an interesting chapel address Friday morning in which he made the statement that the study of Latin and Greek languages never would be adopted as the chief part of the educational system in this country.

"The classics are studied as a part of the mental training of the students," said he. "It is the difficult grammar which trains the mind, the same as other sciences do. As help in studying the English language, a knowledge of Latin and Greek is very beneficial, for a better understanding of the English words through their derivations is thus obtained. However, it would be a needless waste of time to adopt this exceedingly difficult method of learning the English language."

"The classics have been the backbone of education in past years, but today are classed as a minor branch of education. In England the aristocracy seized the grammar schools and made the rates so high that they became institutions of the privileged classes, and only the wealthy man's sons could attend. Today the middle classes are in power and the classics are losing the important position they have held for so many years. England makes the claim that she is the greatest nation in the world in matters of education, but this is not true. Germany and France lead the world in education today. The reason for this is that the middle class rules in these countries."

SEVEN YEARS OF MISERY

How Mrs. Bethune was Re-
stored to Health by Lydia
E. Pinkham's Vegeta-
ble Compound.

Sikeston, Mo.—"For seven years I suffered everything. I was in bed for four or five days at a time every month, and so weak I could hardly walk. I had cramps, backache and headache, and was so nervous and weak that I dreaded to see anyone or have anyone move in the room. The doctors gave me medicine to ease me at those times, and said that I ought to have an operation. I would not listen to that, and when a friend of my husband's told him about Lydia E. Pinkham's Vegetable Compound and what it had done for his wife, I was willing to take it. Now I look the picture of health and feel like it, too. I can do all my own housework, work in the garden and entertain company and enjoy them, and can walk as far as any ordinary woman, any day in the week. I wish I could talk to every suffering woman and girl, and tell them what Lydia E. Pinkham's Vegetable Compound has done for me."—Mrs. DEBETHUNE, Sikeston, Mo.

Remember, the remedy which did this was Lydia E. Pinkham's Vegetable Compound.

It has helped thousands of women who have been troubled with displacements, inflammation, ulceration, tumors, irregularities, periodic pains, backache, that bearing down feeling, indigestion, and nervous prostration, after all other means have failed. Why don't you try it?

ERUPTION LIKE PIMPLES ON FACE

Developed Into Sores. Would Al-
most Scratch Himself Raw. Cuti-
cure Soap and Cuticure Ointment
Completely Cured Him.

Watheena, Kan.—"My child's scalp trouble became so bad that I was ashamed to have anyone see him. His head had a solid scab on it. He also had a terrible breaking out of sores on his face which was gradually growing worse. The eruption was like pimplles which developed into sores when he scratched which he did almost constantly. Baby would almost scratch himself raw.

"I had used several different kinds of salve, none of them helping in the least bit, when I saw the Cuticure advertisement in the paper. It mentioned that the Cuticure Soaps and Ointment had been used for children. I had only used Cuticure Soap and Ointment about two weeks before I noticed that the sores were almost entirely gone and it must have been a month or six weeks he was troubled before I began the treatment. He would get easy when I would put the Cuticure Ointment on him. Cuticure Soap and Ointment completely healed him and he has a clear complexion now. I also use Cuticure Ointment on the older children's heads and find it leaves the hair soft and silky." (Signed) Mrs. W. H. Hughes, Dec. 31, 1911.

Cuticure Soap (25c) and Cuticure Ointment (50c) are sold throughout the world. A sample of each will be sent free. Send 25c in postage and receive a full sample.

**Tender-faced men should use Cuticure Soap Shaving Stick, 25c. Sample free.

ROLLING THUNDER.

Why the Rumble at Times Is So Long
Drawn Out.

The prolonged roll of thunder is readily explained by comparison with a volley fired along a line of troops.

Suppose troops to be drawn up on a line in such numbers as to extend for a mile and ordered by a signal that all could see to fire at once. One standing at the end of the line would hear the report of the musket nearest him instantly. He would hear the others successively. Thus a report 550 feet away would come to him in half a second, and he would not hear the last report for five or six seconds after the gun had been fired. This would produce a sort of roll, which would gradually increase in intensity.

If the listener stood exactly midway between the two ends of the line the reports from both ends would reach him at once, and the sound would be but half as long in reaching him as if he stood at one extremity. If the soldiers formed a circle there would be one sharp explosion.

Flashed of lightning may be considered as representing three lines of troops along which the explosions occur at the same time. Consider the variety of distance and position of the listener and we account for the variety of sound in thunder. In mountainous regions the rolling is augmented by reverberations or echoes.

There could be no better medicine than Chamberlain's Cough Remedy. My children were all sick with whooping cough. One of them was in bed, had high fever and was coughing up blood. One doctor gave them Chamberlain's Cough Remedy and the first dose eased them, and three bottles cured them," says Mrs. R. A. Donaldson, of Lexington, Miss. For sale by all dealers.—Advertisement.

How To Conquer Rheuma- tism at Your Own Home

If you or any of your friends suffer from rheumatism, kidney disorders or excess of uric acid, causing lameness, backache, muscular pains, stiff, painful, swollen joints, pain in the limbs and feet; dimness of sight, itching skin or frequent neuralgic pains, I invite you to send for a generous Free Trial Treatment of my well known, reliable Chronicure, with references and full particulars by mail. (This is no C. O. D. scheme.) No matter how many may have failed in your case, let me prove to you, free of cost, that rheumatism can be conquered. Chronicure succeeds where all else fails.

Very interesting and profitable treatment was held last Saturday night. President Harrington struck a keynote when he stated as long as he was president meetings would be held the last Saturday night in each month. This is as it should be. Meetings are necessary and important. They should be held regularly and a good attendance should be in evidence.

The committee on ritual reported last Saturday night, recommending that the printed ritual adopted by the National Association, be adopted as the post ritual. Their report was adopted and now meetings will be conducted according to the rules of that book, and members initiated according to the work outlined therein, unless dispensed with for sufficient reasons which will probably be frequent.

President Harrington, in his flights of fancy in one of his noted oratorical efforts, which he frequently indulges in, be it said most creditably, referred to the great (?) work of your humble Press Chairman, in various capacities he has occupied as a member of Post C. Your Press Chairman is intensely human and the bosom of his fifty cent union suit swells with pride when honorable mention is made of his efforts. It is a beautiful dream cleverly put by the flowing efforts of our worthy executive, but the facts of the situation, sad on our part to relate, does not bear out the beautiful picture so deftly drawn by our Executive head. While "Yours truly" by the kindness of numerous presidents, has had the chairmanship of various committees and the work has been done, yet much credit must be given to the members of the committee outside of the Chairman, Chas. W. Morgan, Elmer E. Lebo, Theodore Hill, John B. Hegger, and various other hard workers for Post C have been in a large degree responsible for committee work being done well. As an humble number of the Post, as secretary and treasurer, president, chairman of the board, etc. I have always felt my utter insignificance and unimportance when watching "Shorty" Shreeve, Elmer E. Lebo, Roy Browne, Frank Highley and others performing the duties of the arrangements committee.
