

WILL EXAMINE THE CITY WATER GAUGE

Board of Works Notes Variance Between City's and Company's Gauges.

The board of public works will inspect the water pressure gauges of the Richmond City Water Works and the one at the fire department headquarters. Chief Miller reported to the board that the two gauges did not correspond especially when the water works gauge was high. Superintendent Howard Dill of the company reported that the gauge at the firehouse was probably not working right for when there was a 145 pound pressure at the plant yesterday the city gauge showed 85 pounds. He said that the tester of the firm which makes the gauges would be in Richmond for the purpose of making tests at the pump house and would regulate the city's gauge free of charge. Mayor Zimmerman suggested that the gauge at the pump house be exchanged for the one at the firehouse. The city officials believe that their gauge is correct. When the pressure is low both correspond though they ordinarily vary about twenty pounds.

The five per cent reserves on the paving of North E street from Tenth to Sixteenth street, on North D street from Ft. Wayne avenue to the Doran bridge and for improving South A street with a new cement curb and gutter were ordered returned to the contractors. The engineer reported all repairs to be in good condition. The total amount of the reserves is \$2,052.39.

Jerry Miller, captain of hose house No. 4, requested the board of works to pay him his regular salary during the time he laid off waiting his trial when accused by Joe Baetz, another fireman, of stealing a pair of snips from a nearby building. His request was not granted by the board.

That the new city scales will not do the inhabitants of the city enough good to pay for the cost and the installation was the decision of Mayor Zimmerman who said that a very small per cent of the people would use them. President Kennepohl said if a man thinks he is being swindled he can go to the city scales to test the weight. Mayor Zimmerman and others said this would not be done once in 1000 cases. An ordinary scale beam protector will be erected.

The board decided to replace the fence on the city's property on Butler Hill which was torn down Halloween. It also decided that the contractor was not responsible for the destruction of Harry Kauffman's fence in the first alley north of Main street between Eleventh and Twelfth street. The contractor notified Kauffman that the fence was in a line with the work and told him to remove it.

Street Commissioner Genn was instructed to repair the condition of South Eighth street at the corner of Eighth and B streets.

The P. C. C. & St. L. railroad off-

icals were notified to remove the cinders from Sheridan street. The city attorney was instructed to order the T. H. I. & E. railroad company to repair the Main street bridge between the car tracks where the bricks are torn up.

Will Sweep Streets.

As a result of the many complaints of residents along National avenue from West Fifth street to the corporation limit that the road was far from dustless as the contractor assured the city it would be, when it sold the material, Street Commissioner Genn was instructed to sweep the street free from sand. The company agreed to pay \$25 toward the expense of cleaning it, but advised that the sand be left on the street as it is a protection to a street for the first few months after completion.

The final hearing on the assessment for the improvement of South Seventh street from J to L street was read. The lot owners outside the city limits in Bealview subscribed \$185 to help the improvement. Benefit assessments ranging from \$1.50 to \$3.50 were made on the property holders. The total cost to the property holders to the city \$498.50, special assessment \$498.50 making the cost \$1097.00.

INDIANA ARTISTS TO MAKE EXHIBIT

The Annual Display Includes Many Objects in Arts and Crafts Section.

The exhibition of pictures by Indiana artists annually in this city, will open Friday evening in the public art galleries in the high school building, and will continue through November. Three prizes will be awarded including the two for \$50 and \$25 given by Mrs. Mary T. R. Foulke for the most meritorious painting shown by a resident Indiana and Richmond artist, respectively; and the Lydia Morrison Memorial prize for the best piece of handicraft by a resident of Wayne County.

This exhibition was formerly a part of the annual exhibit of the Richmond Art Association but, for the past few years, has been held separately.

There will be 188 numbers in the exhibit, 123 of which will be pictures, the balance in an arts and crafts section.

The jury for the Indiana and Richmond prize award will be made up of this year of Mr. Herman Wessel and Mr. Alfred Jurgens, of Chicago, and J. E. Bundy, of the city.

With Miss Kiturah Parsons, Miss Emma Bond and Miss Clara Comstock of Richmond as a jury on the handicraft prize.

These prizes were established in 1906, 1907 and 1910 respectively and have been given annually since those years.

An additional prize will this year be offered by Mrs. John B. Dugan to the members of the high school for the best poster advertising the exhibition, the first \$2.00, the second \$1.50 and the third \$1.00.

YOUNG VANDALS ARE IN POLICE COURT

The youthful vandals who on Halloween night raided the northeastern part of the city, breaking windows and tearing blinds from windows, were arraigned in police court this morning and told to pay for all the damage they did. If they fail to do so, they will be prosecuted in the juvenile court. Seven boys were caught, but they promised to make the rest of the gang contribute to the expense of replacing the damage. No charges were brought against them.

A Clincher.

The Youth—Sir, I came to ask your consent to my marriage with your daughter. The Old Man—Is your income sufficient to support a wife? The Youth—It is, and, in addition to that, it is sufficient to enable me to stand an occasional touch from my wife's father. The Old Man—Say no more, young man. She's yours. Bless you, my son.

INDIANAPOLIS GIRL REPORTED MISSING

(National News Association)
INDIANAPOLIS, Nov. 7.—Gertrude Fox, 24, a nurse at the Deaconess hospital, has been mysteriously missing since Monday morning, when she asked permission to be absent for the day. Miss Fox had no male friends and great anxiety prevails as to her movements. Bloomington and Kokomo relatives joined the Indianapolis police today in a search for the girl.

CURIOUS EPITAPHS.

Quaint inscriptions on Ancient Tombs in England.

A desperate attempt at an epitaph in the nonconformist Campo Santo in Bunhill fields, where Bunyan, Defoe, the Cromwells and Mrs. Wesley lie buried, is found on the tomb of Lady Puffer, a person who seems to have suffered terribly from what we call dropsy, but which might have had another name in those days:

Here lies Dame Mary Page, Relict of Sir Gregory Page (Bart.). She departed this life March 11, 1728. In the 56th year of her age.

In 67 months she was tapped 66 times. Had taken away 240 gallons of water. Without ever relapsing at her case. Or ever fearing the operation.

A more successful attempt is that found on the tomb of Vavasor Powell, who seems to have suffered eleven years' imprisonment for preaching the gospel. He was known as the "Whitefield of Wales."

In vain oppressors do themselves perplex To find out arts how they the saints may vex.

Death apollis their plots and sets the oppressed free; Thus Vavasor obtained true liberty. Christ him released, and now he's joyed among

The martyred souls, with whom he cries, "How long?" —Chambers' Journal.

The Sinner.

Of the late Bishop Charles C. Grafton a Fond du Lac man said the other day:

"Bishop Grafton was remarkable for the neatness and point of his pulpit utterances."

"Once, during a disastrous strike, a capitalist of Fond du Lac arose in a church meeting and asked leave to speak. The bishop gave him the floor, and the man delivered himself of a long panegyric upon captains of industry, upon the good they do by giving men work, by booming the country, by reducing the cost of production, and so forth."

"When the capitalist had finished his self praises and, flushed and satisfied, had sat down again Bishop Grafton rose and said with quiet significance: 'Is there any other sinner would like to say a word?'" —New York Tribune.

Wayman Primm, colored, still had burs hanging on his clothing when he arrived at police headquarters yesterday after having been chased through fields by Lacey McConnell, also colored. Primm told the police he had been courting McConnell's lady friend, and was making a short social call yesterday afternoon when McConnell arrived. Primm said he refused to leave the house when ordered to do so by McConnell and was then knocked down by McConnell. McConnell pleaded guilty to assault and battery in police court this morning and was fined \$5 and costs by Mayor Zimmerman.

Forest Martin was fined \$5 and costs in police court for public intoxication. When arrested yesterday afternoon he did not have a hat, and one shoe was missing. He said he did not know where he lost them.

PROCLAMATION FOR THANKSGIVING DAY

(National News Association)

WASHINGTON, Nov. 7.—In accordance with the century old custom, President Taft today issued a proclamation designating Thursday, Nov. 28, as Thanksgiving Day. In the proclamation the president calls attention to the abundant crops, domestic peace and national prosperity.

Four Extremes.

The coldest place on earth inhabited by man is Verkhoyansk, above the arctic circle, in northeastern Siberia. The thermometer there drops to 90 degrees below zero in January, but sometimes rises to 80 degrees above zero in the shade in July, dropping, however, to the freezing point on the warmest summer nights. The hottest place in the world is the interior of the great Sahara desert, in Africa, where the thermometer rises to 122 degrees. The wettest place is Greytown, Nicaragua, where the mean annual rainfall is 200 inches. The place of least rain is Port Nolloth, in South Africa, where less than an inch sometimes falls in a year.

MERIT MEDALS ARE ON DISPLAY HERE

A gold medal and three silver medals won by the M. Rumely company at the corn show in Winnipeg, Canada, were placed in the display window of the Haner Jewelry store today. The medals were sent to this city by the home office in Laporte with the request that they be placed on display. The medals were awarded the steam engines and oil pull tractors manufactured by the M. Rumely company.

TAKE PASSENGERS OFF WRECKED SHIP

(National News Association)
QUEBEC, Nov. 7.—A wireless message from the mail steamer, Royal George, which became stranded on the rocks in St. Lawrence river last night, placing 900 passengers in peril, stated that nearly 500 had been safely rescued by tugs, and that all would eventually be saved, including the crew. It was the vessel's last trip of the season.
