

## SOUTHERN FARMERS CELEBRATE THE DAY

Honor the Memory of Dr. S. A. Knapp, Agricultural Leader of the South.

(National News Association)  
NASHVILLE, Tenn., Nov. 27.—In practically every farming community throughout the entire South, at every agricultural college and experiment station and in many of the public schools as well, arrangements were made to hold special exercises today as a part of the observance of "Knapp Agricultural Day." The farmers, their families and friends gathered to survey and review the agricultural resources and achievements of the South and to express their appreciation of the services of one of their greatest benefactors—the late Seaman A. Knapp.

Dr. Knapp, who died two years ago, was one of the foremost agricultural educators in the country and one of the earliest exponents of scientific farming. Born in New York State in 1833, he was associated in his early career with various educational institutions in the East and middle West. In the late '70s he engaged in farming and stock raising in Iowa and there he first conceived the idea of bringing about a general improvement in agricultural methods and conditions. He founded the Iowa Stock Raisers' association and later became president of the Iowa State Agricultural College.

Returning to Lake Charles, La., Dr. Knapp began a movement for the development of the vast agricultural resources of the South. He was the founder of the Demonstration Work and the Boys' and Girls' clubs. Through the methods which he taught, the farmers have been enabled to raise larger crops, while his corn club boys have attracted world-wide attention by growing more than 225 bushels on one acre at low cost.

Plans are now well advanced for perpetuating Dr. Knapp's memory and expressing the Southern farmers' appreciation of his work. There is to be a Knapp school and a Knapp farm near this city, to be maintained in connection with Peabody college. When \$150,000 is collected for the farm and school building, \$250,000 will be added for endowment of the school and country life by the general education board. No other such institution exists. It will start out with the purpose of teaching and helping every school and farm in the South. The institution will be a laboratory, a clearing house, and an assembling place for agricultural and educational workers.

**Fellowed Suit.**  
This curious incident comes from Suhr, Switzerland: An inspector of schools, without any previous warning, visited the village school and found the elderly teacher asleep at his desk and the children departed, having apparently taken French leave. To give the teacher a great surprise and a bad quarter of an hour the inspector decided to wait until he awoke and seated himself on a bench in front of the culprit. The hours passed, and the inspector himself went to sleep. The teacher, on awakening and seeing who was sleeping before him, quietly left the school for home. Without entering the schoolroom the concierge locked up the school and the sleeping inspector. Several hours later the concierge heard a great noise and, arming himself, opened the door and was greatly surprised to find the angry inspector before him.

**Three Million Wires to an Inch.**  
Gold has been hammered out to thin sheets whose thinness is beyond imagination, so thin a pile one inch high would doubtless contain 300,000 if all were as thin as the thinnest one. But a platinum wire has been drawn to a diameter so minute that 3,000,000 side by side would occupy one inch. The method was to surround platinum with silver and draw the mass into finer and finer wire. Then the silver coating was dissolved off with nitric acid, leaving the excessively thin, insoluble thread of platinum. Particles of gold have been seen in the new ultra violet light, dark ground reflecting microscopes so small that a row containing 250,000 would be one inch long. And there are animals as small.—New York American.

## GERMANS WILL CELEBRATE TODAY

The "German Evening" given under the auspices of the German Alliance of this city will be held today in St. John's hall. The stellar attraction of the evening will be the appearance of J. Louis Shenk, a baritone of Dayton, Ohio. Musical numbers by the Maechenchor, several addresses and a comedy comprise the program.

## CURIOSITIES OF PAIN.

A Cramp in the Toe May Indicate a Disordered Stomach.

Pain sometimes behaves in a curious fashion. There was a soldier in London after the Boer war who complained of excruciating neuralgic pains in his right foot.

This very much amused his friends, for he had lost his right leg, and both leg and foot were long buried near Ladysmith.

The explanation was that the pain happened to be in the trunks of those nerves which had sent branches to the foot. Sometimes a patient comes to a doctor complaining of pain in the knee, and he is greatly surprised when the doctor tells him that the site of the affection is not the knee, but the hip. We are all familiar with the pain under the shoulder blade which comes from an afflicted liver.

The stomach, too, can produce pain in many parts of the body. A disordered stomach will give us pain as far away as the head, and when one gets a cramp in his toe it is often due to acidity of the stomach. Swallow a pinch of soda and the cramp will disappear.

An aching tooth will produce neuralgic pains in the face, and very often a violent pain at the back of the head is due to the faraway kidneys, which themselves may suffer no pain at the time.

## Rheumatism Neuralgia Sprains

MISS C. MAHONEY, of 2706 K. St., W. Washington, D. C., writes: "I suffered with rheumatism for five years and I have just got hold of your Liniment, and it has done me so much good. My knees do not pain and the swelling has gone."

**Quiets the Nerves**  
MRS. A. WEIDMAN, of 403 Thompson St., Maryland, Mo., writes: "The nerve in my leg was destroyed five years ago and left me with a jerking at night so that I could not sleep. A friend told me to try your Liniment and now I could not do without it. I find after its use I can sleep."

## SLOAN'S LINIMENT

"Is a good Liniment. I keep it on hand all the time. My daughter sprained her wrist and used your Liniment, and it has not hurt her since."

## TWO WANT DIVORCES

Wives Are Dissatisfied with Their Marital Ties.

Two divorce complaints were filed in the Wayne circuit court this morning, the allegations in both being cruel and inhuman treatment. Mary A. Rost is seeking a divorce from William Rost and Ella M. Hale desires a legal separation from Frank C. Hale. Each plaintiff asks the custody of a minor child.

In the Rost complaint the plaintiff states that they were married in 1908 and separated November 18, of this year. She asks the custody of Thomas William Rost, aged twelve.

According to a statement in the second complaint they were married December 5, 1889 and separated July 15, 1912. The plaintiff requests the custody of Lecl J. Hale, aged sixteen years.

Affidavit and motion for a change of judge was filed today, in the case of Carl R. Kaufman versus Ada Kaufman, action for divorce.

## MRS. RAYMOND IS ACQUITTED BY JURY

AUGUSTA Me., Nov. 23.—Mrs. Elsie Raymond, who has been on trial here for the murder of Miss Mattie Hackett, was acquitted today by a jury after two hours deliberation.

The contention of the state was that Mrs. Raymond strangled the Hackett girl to death in a fit of jealousy, caused by the attention paid the girl by Mr. Raymond.

## SENATOR KERN TO STAY WITH CASE

Announces that He Will Defend Dynamiters Until Trial Is Concluded.

(National News Association)

INDIANAPOLIS, Ind., Nov. 27.—President Frank M. Ryan and eleven other defendants in the dynamite conspiracy case today were facing the prospect of having their bonds taken away and of being thrown into jail in consequence thereof through inability to produce other bonds that will be accepted by the court.

District Attorney Miller will ask that the bonds be taken up because the bondsmen are, according to the district attorney, indemnified against loss upon the bonds, thus making them personally irresponsible. Harding, Hovey and Newman, attorneys for the defense, who are on the bonds of Ryan and John T. Butler, of Buffalo, admitted they are indemnified to a certain extent. It is announced today that Senator John W. Kern, one of the counsel for the defense, will continue in that capacity until the close of the trial, even though it extends through the next session of congress.

## LEADERS ATTEMPT TO SETTLE STRIKE

(National News Association)  
CHARLESTON, W. Va., Nov. 27.—The most prominent of the American miners formerly employed in the Cab-in and Paint Creek regions will go into conference with Gov. W. A. Glasscock this afternoon to discuss ways and means of bringing about peace among the strikers in the martial law zone. The governor will urge the miners to

use their influence on their fellow workers to induce them to cease law breaking.

Peace exists in the mine region today. One company of militia returned home today.
