

UNTERMAYER SHOWS UP ADMINISTRATION

Reads Letters that Money Trust Probe Was Hindered by Officials.

TAFT HANDED A RAP

Untermeyer Says President Ignored Request for an Executive Order.

(National News Association)

WASHINGTON, Jan. 8.—Controller of the currency, Lawrence Murray today urged a change in law which would make public the list of securities and stockholders in national banks when he appeared before the money trust investigating committee. Explaining that stockholders frequently "get from under" by transferring their stock when bank was about to fail he said, the actual owner of securities should have his name made as public as the newspapers.

Publicity in bank securities would keep out doubtful holdings he asserted.

Controller Murray took the stand after Samuel Untermeyer, counsel for the investigators, had concluded the readings of correspondence between himself and the president and the attorney general, showing that the committee had been delayed in its efforts to obtain information from the treasury department.

The first letter read by Untermeyer was dated September 6, and directed to Controller Murray. In this letter Untermeyer called attention to the resolution under which the money trust探者 were operating and urged that the controller furnish evidence relating to the operations of national banks as this information could not be otherwise obtained. Three other letters were sent to Murray, Untermeyer said, and to none of them was he able to obtain a satisfactory reply. Untermeyer then read a letter dated September 24 to President Taft.

The controller called attention to the fact that this information cannot be obtained without an executive order from your excellency," read the letter. "Without this information the investigation will be seriously hampered."

No answer, Untermeyer said, was received from this letter.

BILL IS TOO ILL.
NEW YORK, Jan. 8.—All doubt as to William Rockefeller's plans about appearing as a witness before the money trust investigating committee, no matter what the decision of an official commission may be and no matter how many subpoenas are issued for him, was dissipated today by the flat declaration of Dr. Walter Chappell, the millionaire's throat specialist, that Mr. Rockefeller will decline to testify. "Mr. Rockefeller will not appear before the committee," said the specialist. "He is not in condition to talk even to his friends and relatives, therefore it would be impossible for him to talk before a committee."

The doctor declined to either deny or affirm the report that the oil baron is now in Bermuda.

APPRaisERS NAMED IN SPENCER CASE

E. L. Spencer, proprietor of a jewelry store at 618 Main street has gone into voluntary bankruptcy in order that settlement of the affairs of the firm may be made.

Hoff, William Rindt, and Mr. Spencer were appointed appraisers by the Dickinson Trust company. The disposition of the stock will be made after the inventory is taken. Mr. Spencer's liabilities are \$5,000 and his assets between \$6,000 and \$7,000.

Not Inquisitive.
Uncle George—What! Hate all your sessions? Come, now, you don't mean to say you hate history? Niece—Yes, I do. To tell you the truth, uncle, I don't care a bit what anybody ever did.—London Punch.

THE BEST TEACHER

Old Experience Still Holds the Palm.
For real practical reliability and something to swear by, experience—plain old experience—is able to carry a big load yet without getting swayed.

A Western woman found some things about food from Old Experience a good, reliable teacher. She writes: "I think I have used almost every breakfast food manufactured, but none equal Grape-Nuts in my estimation."

I was greatly bothered with weak stomach and indigestion, with formation of gas after eating, and tried many remedies for it but did not find relief.

Then I decided I must diet and see if I could overcome the difficulty that way. My choice of food was Grape-Nuts because the doctor told me I could not digest starchy food.

Grape-Nuts food has been of great benefit to me for I feel like a different person since I began to eat it. It is wonderful to me how strong my nerves have become. I advise everyone to try it, for experience is the best teacher.

"If you have any stomach trouble—can't digest your food, use Grape-Nuts food for breakfast, at least, and you won't be able to praise it enough when you see how different you feel." Name given by Postum Co., Battle Creek, Mich. Read the little book, "The Road to Wellville," in pkgs. "There's a Reason."

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

BISHOP MOORE TO DELIVER ADDRESS

Program for Tonight at First M. E.—Supper Last Evening.

Bishop David H. Moore, of Indianapolis, will deliver the address at the First M. E. church at this evening's meeting of the week of reopening services. Bishop Moore is well known here and is a fluent speaker. The program for tonight follows:

Organ Prelude—Parker Benediction Nuptiale Hollins Hymn.

Prayer.

Male Quartet.

"Ave Verum" Mozart

Mrs. L. C. King and Mr. Clements Offertory—"Evening" Wagner

Mr. Clements Benediction.

Organ Postlude in E Flat Lefebvre-Wely

About 100 members of the congregation attended the picnic supper given in the basement of the church last evening. Dr. U. B. G. Ewing acted as toastmaster.

Dr. Somerville Light, of Elkhart, spoke at the meeting held at 7:30 o'clock last evening in the church auditorium. The minister held the rapt attention of the audience for an hour. He took for his subject "The Religion of the World Will Not Permit to Die."

The speaker insisted that this religion is not a dream but a present reality. It is not known by the length of its creed but by its deeds, he said. It is a religion of human interest and sympathy, Dr. Light declared.

"It ministers to the poor and has a helpful message to the rich," he continued, "and by it society is transformed and the individual given a new and better life. The world is tired of religious counterfeits but receives with open arms the true religion of Jesus Christ, which proves its divinity by its spirit of humanity."

The Rev. E. Earle Parker, pastor of the church, closed the service with an old-fashioned Methodist altar service.

Out of the total number of 54,600 passenger cars in this country three thousand are of steel.

ATTEMPTS TO ANNUL MARRIAGE OF GIRL

Wm. Doyle Files Complaint Against Hensley—Grand Jury Probe.

A complaint was filed with the county clerk yesterday afternoon by William S. Doyle, father of Georgiana Doyle Hensley, the twelve-year-old wife of Benjamin Hensley, in the attempt to annul the marriage and to have the maiden name of the child restored.

The child being but twelve years of age at the time of the marriage, it probably will be declared illegal and the costs of the litigation will probably be defrayed by the defendant in the case, Benjamin Hensley.

The child-wife sobbed pitifully when brought into the court room this morning to appear before the grand jury which is probing the case. She believed that she would be committed to a state institution to reform young girls. "I don't want to go away" she pleaded.

Mrs. Candler who brought charges against her grandparents, Joseph and Mary Allen alleging that they contributed to the delinquency of the child while in their care said they should not be permitted to care for her in the future if they have acted as the child claimed. She will probably be sent to White's institute where she will be taught house work, sewing and many things concerning domestic science. This school is not a criminal institution and the inmates are far better than those in the state reform school.

William Doyle says he is interested in his daughter's welfare and has always known where his child lived and often visited her. The grandparents deny that he visited the girl. The late Mrs. Doyle, mother of Georgiana, asked that her daughter be cared for by the grandparents it is said.

After the grand jury probes the case it is probable that charges of criminal assault will be brought against Hensley for the marrying of a child of such tender age. All witnesses in the case will be brought before the grand jury which will complete its investigation the first of next week.

An Extravagant Comparison.
"There doesn't seem to be any hustle at all about that boy of Dascomb's."

"Hustle! Say, if there was any chance to fix up a race between Steve Dascomb and a glacier I'd back the glacier."—Cleveland Plain Dealer.

LEARN OF DEATH OF AN INVENTOR

Word has been received here of the death of Joel Stubbs, son of the late Henry Stubbs, of Wayne county. Mr. Stubbs was a resident of Long Lake, Hennepin, Minnesota. The deceased was 82 years of age. He was a conductor on the Underground Railway from 1840 to some time in the fifties, carrying negroes from slavery to freedom. He was of a very inventive mind and at the time of his death was working on a new invention.

SAYS CHARGE UNTRUE

Mrs. Hodgin, mother of Mrs. Omer R. Hilbert, whose husband charged Wes Holder with assault and battery in police court yesterday morning, stated this morning that the allegations placed against Hilbert and his wife are untrue.

"ROGUES GALLERY" AID IN AN ARREST

Frank Townsend Arrested in Connection with an Attempted Hold-up.

Through the aid of the "Rogues gallery" in the office of Chief of Police Gorman, Lee Turner, who was an alleged victim of an attempt of highway robbery Monday night, recognized the picture of Frank Townsend as the man whom he believes is guilty of the offense. The chief asked Turner to look through the pictures and ascertain if he could recognize his assailant. Turner immediately picked out the portrait of Townsend.

Turner was in the company of Henry Stith and a man whom he believes to have been Townsend, Monday night. Stith and the man believed to be Townsend, were feigning intoxication. Turner said, and in order to protect them from arrest, Turner says, he took them away from the central part of town. At Seventh and North A streets, "Townsend" left Turner and Stith, telling them that he was going home.

Later, near the C. and O. depot, some one struck Turner over the head and knocked him down. The assailant then sat on Turner's chest he says, and attempted to remove a wallet containing \$85 which Turner had in his coat pocket.

As Stith and Townsend were the only persons who knew of the money, Turner believes that they took him into the secluded spot for the purpose of robbing him. Townsend was arrested this morning and placed in the city jail pending a hearing.

WISCONSIN SHIVERS.

MILWAUKEE, Jan. 8.—After two

days and a night of sleet accompa-

nied by a heavy wind street car ser-

vice here was demoralized today de-

spite the efforts of nineteen rotary

sweepers. The train service through-

out the state is badly delayed by the

storm.

WHOLE WEST SWEEP BY A FRIGID WAVE

Stock Being Frozen to Death on Texas Plains.—Kansas Snow Covered.

(National News Association)

KANSAS CITY, Jan. 8.—The lowest temperatures in twenty years were recorded in central Kansas early today. Selina reported 28 below zero with much suffering in the country districts. A blanket of snow twelve inches deep covers the state.

ZERO IN ARIZONA.

EL PASO, Tex., Jan. 8.—Sheep are freezing and cattle are dying by the hundreds in the range country about here, while the cold weather has shattered records for the past twenty-six years continues. The official thermometer showed 2 above zero early today. The snow has ceased and a strong wind is blowing.

Douglas, Arizona reports a cold wave sweeping the entire Southwest, breaking all records. After a snow storm the temperature dropped to 6 below zero. Two men were frozen to death at Douglas.

Later, near the C. and O. depot,

some one struck Turner over the head and knocked him down. The assailant then sat on Turner's chest he says,

and attempted to remove a wallet con-

taining \$85 which Turner had in his

coat pocket.

As Stith and Townsend were the only persons who knew of the money, Turner believes that they took him into the secluded spot for the purpose of robbing him. Townsend was arrested this morning and placed in the city jail pending a hearing.

OHIO IN FLOOD.

PITTSBURG, Pa., Jan. 8.—The

Ohio river this afternoon continued to rise and at 1 o'clock the stage was 24.4 feet and both the Allegheny and Monongahela were rapidly rising. Another flood will cause the water to back up through the sewers and flood all buildings along the rivers. Although preparations are being made at all the points below here the continued rise renders heavy damage almost inevitable.

FEAR FOR ORANGE CROP.

LOS ANGELES, Cal., Jan. 8.—Striving to save what they can of the orange and lemon crops, citrus fruit growers continued their three day battle against cold all last night. Today it was admitted that unless the freezing weather abates before night the crops would be virtually a total loss. Already the whole orange country between San Bernardino and Los Angeles, the heart of the citrus region, vegetables in the truck farms also have been ruined.

The loss today was variously estimated at from \$15,000,000 to \$40,000,000. The cost of smudging has been heavy. It is estimated that it has cost approximately \$750,000.

Trees in the groves have not been killed, it is asserted, although young nursery stock has been killed.

Minus His Grouch.

"Saw my husband downtown today, but passed him. I didn't recognize him."

"How was that?"

"He was smiling."—Kansas City Journal

Smoke Meat in a Modern Way

The object of smoking meat is to preserve it and to slightly modify its flavor. The old fashioned method accomplished this, but by a long and tedious process.

OUR LIQUID SMOKE.

is merely a short cut to better results. The meat is simply coated with it and is at once better preserved than by prolonged smoking.
