

## YEARLY MEETING OF FRIENDS' ORTHODOX

4,000 Members Will Assemble At Philadelphia Next Week.

### READING OF MINUTES

Of Representative Meeting Will Be a Most Important Feature.

(National News Association)

PHILADELPHIA, April 19.—About 4,000 members of the Society of Friends are to assemble here for the annual session of the Yearly Meeting of Philadelphia Friends' Orthodox, which opened Monday and will continue until April 26. The meetings will be held in the old Friends' meeting house at Fourth and Arch streets.

There is a movement on foot to make the routine work of the meetings more brief and efficient than it has been in the past few years. The prevalent conditions in the monthly meetings will be gone into, and nine specific questions have been prepared by the constituent monthly meeting and sent up to the yearly meeting. These include such questions as whether the members avoid the use and manufacture of intoxicants, questions relating to the reading of the Scriptures in the family, the conduct of the meetings for worship and discipline, the use of oaths and so on.

One of the most important features of the meetings will be the reading of the minutes of the representative meeting of the Yearly Meeting, composed of forty of the most worthy members of the Quarterly Meetings and the Yearly Meeting. These minutes are divided into four major divisions in each of which an important topic is discussed.

The first of these relates to the distribution of the standard doctrinal and biographical literature of the society, including the distribution of the "African's Friend," a religious monthly, circulated among the colored people in this country and in Liberia.

The next division treats of the educational work of the society among the Doukhobors in southern Canada. The third division concerns the efforts on the part of the Friends to influence the Governor of Maryland to suppress gambling at the Havre de Grace race track. Petitions and private letters have been sent to the Governor regarding this.

The fourth division takes up the report of the Friends' boarding school at Westport and the report of the committee in charge of the Indian board school at Tunasassa, New York, where about fifty Indian scholars are receiving instruction.

Many social activities are also scheduled in connection with the meetings. Most of the social gatherings will take place at the meeting house at Twelfth and Market streets. Such subjects as peace, temperance, Biblical instruction, foreign missions, missionary work among the colored people and Indians of the southwest and topics of a like nature will be discussed.

Mrs. Lee Ault described the "Social Life of the People," in these countries, telling of their customs and characteristics in regard to schools, church and life in the home. A Puzzle to Bill Nye. James Whitcomb Riley, the Hoosier poet, used to tour the country with Bill Nye in lecture courses. One night, while the two were behind the scenes in the theater of some eastern town, Riley got tired of waiting while Nye tried to make himself beautiful and, tiptoeing to the drop curtain, peered out into the auditorium. He came back to Nye's dressing room in consternation.

"Great Scott!" he whispered. "This is awful! There ain't a pesky handful of people out there, Bill!"

"I don't know why there isn't, Jim," replied Nye dreamily, continuing to "wrasse" with his tie. "We've never been here before."—Brooklyn Eagle.

#### Puzzle in Chronology.

The profound truth that tomorrow never comes and yesterday, although it is always passing, has never been with us, has led a puzzled thinker to the conclusion, "Although yesterday today was tomorrow and tomorrow today will be yesterday, nevertheless yesterday tomorrow would be the day after tomorrow, because today would be tomorrow yesterday, and tomorrow will be today tomorrow or would have been the day after tomorrow yesterday."

## CONRAD TO RETURN AS EARLHAM COACH

Is Considered One of the Best Athletes in the Country.

Roy Conrad, considered the best athlete that Earlham has had, will be back again next year to coach the track team and basketball team. The announcement has not been made officially, as yet. Coach Thistlethwaite who recently resigned, will go to the Oak Park, Chicago, high school. Earlham athletics will be entirely in charge of Conrad and Reagan. The former will coach basketball and track and Reagan will take football and baseball, and will aid in basketball. Conrad will have the gymnasium work of both men and women.

At the time Conrad graduated from Earlham in 1911, he was said to be the best all-round college athlete in the United States. The Earlham records which Conrad holds are 100 yd. dash, 9 4-5 sec; 220 yd. dash, 21 2-5 sec; high jump, 5 ft. 10 1-3 in.; broad jump, 22 ft. 10 in.; pole vault, 11 ft. 1 7-8 in. In the mile relay with Stanley Barnhart, Brown and Conrad, the Earlham record is 3 min. 25 2-5 sec. Conrad holds the I. C. A. L. record for the 100 yd and 220 yd. dashes. After leaving Earlham in 1911 Conrad went to the Y. M. C. A. in Des Moines, Iowa, where he was assistant physical director. Last year he coached the teams of Augustana College.

Chester Regan will also be governor of Bundy hall next year. Miss Elsie Marshall will devote all her time to the department of domestic science which the trustees intend to make equal to any in the state.

### TINKER'S THREE-BAGGER SCORES TWO IN NINTH

PITTSBURGH, Pa., April 19.—Manager Joe Tinker's three-bagger scored Bescher and Bates in the ninth inning yesterday. From that time until Umpire Owens called the game on account of darkness at the end of the twelfth inning, the score stood tied, 5 to 5. Soon after saving his game Tinker had a dispute over a decision by Owens, who ordered him off the field. Marzans went to short and Becker to right.

Cannitz pitched good ball, but in the third inning poor fielding behind him gave the Reds three runs. Grant's walk and singles by Clarke, Bates and Hoblitzel, with a slip-up on a chance for an easy double play and Tinker's sacrifice fly brought the runs in this inning. Miller's triple and Butler's single gave Pittsburgh a run in the second. With the bases full, Cary doubled in the fifth and McCarthy's sacrifice fly followed, resulting in two more. Butler's walk, an out and Cannitz's single gave them another in the eighth. Fromme was effective with men on bases. Score:

The lecture is brought here because of the recent epidemic of scarlet fever which caused considerable agitation and charges being made against the health officers.
