

ADOPTS PLAN TO COMPLAIN ON THE RATE

Council to Ask 20 Citizens to Make Complaint in Order to Bring Matter Before Commission.

(Continued from Page One.)

act, and we believe that all matters affecting the difference between the Richmond City Water Works Company and this city, and also between it and others, whom it is now serving, or whom it may design to serve, should be referred to the public utilities commission of this state as soon as possible after this law takes effect, and in order that this city may be done, we submit the following recommendations:

"First, That the city attorney be instructed and directed to prepare and file with the commission by and in the name of the city, at the earliest possible date, a complaint against the Richmond City Water Works Company embracing and including all matters in which the city is interested and concerning which a complaint can be made under the law.

Second, That ten persons now using water by meter measurement file their complaint against the water works company, embracing and including all matters concerning which they are entitled to complain under the law.

"Third, That ten persons using water by flat rooms, also file a like complaint.

"By this method we believe that all questions affecting all the users of water will be presented to the commission and the same determined at one hearing.

Respectfully submitted,
Matt Von Pein,
Frank L. Waidele,
Alphons Weishaupt,
Committee."

Will Call Special Session.

According to committee reports, nothing has been heard from Professor Sackett, who was employed by the Starr Piano Company to make an examination of the plans of the dam being built by the Hawkins Lake and Park Association at North Seventeenth street. Unless he is heard from before Thursday, Mayor Zimmerman will call a special meeting of council for the purpose of determining some other course to pursue so that the construction of the dam will not be delayed but at the same time those who have expressed fears regarding its safety may be reassured in some manner.

Several weeks ago the Starr Piano Company officials employed Professor Sackett, a former Earlham College man, now of the Purdue University, to inspect the plans and the site upon which the dam will be built. He made a verbal report to Fred Gennett, secretary of the piano company, which Mr. Gennett refused to make public, saying that Mr. Sackett had promised to send a written report after he had completed his technical examination of the plans for the dam.

The members of council now refuse to wait longer for the report which Professor Sackett will send, claiming that they do not want to delay the construction of the dam. There is only a certain amount of work which can be done on the dam before the report is received, as engineers may deem it necessary to order additional precautions taken for its safety. Unless council acts before the preliminary work is completed, it might delay the completion of the dam. Contractor I. E. Smith, who is building the dam, stated recently that unless more delays are encountered, the dam will be completed July 1.

Letter From Senator.

A letter received from Senator B. F. Shively, accompanied by another letter from the engineering department, to Fred Gennett, was sent to the council. It states that no engineers can be sent to Richmond from the war department, and that it is not probable that Richmond can obtain a government engineer to see here.

Would Raise Debt Limit.

A resolution was introduced to council by Councilman Bartel who desires that efforts be made to have the debt limit for purchase of utilities plants by cities, raised at the next session of the state legislature so that it will be possible to purchase the water works company. At present, the city has the

Stop These Symptoms

BLOATING
CONSTIPATION

With a Home-made Remedy.

Here is the recipe: Take two-teaspoonfuls of ordinary baking soda, add two ounces of LOGOS Stomach Tonic extract and enough water to make a pint. Shake it up and you have a home-made remedy that drives away all signs of stomach trouble in a jiffy and then builds up the entire digestive system.

If you are troubled in any way with your stomach, get busy with this tonic treatment.

The remedy is easy to prepare; it does the business and saves considerable money.

Get busy with your stomach now, and save trouble later on.

You buy the

Stomach Tonic extract for fifty cents a two-ounce bottle.
If your druggist does not have it, send 50 cents to Logos Remedy Company, Fort Wayne, Ind., and receive a full size package, postpaid, by Parcel Post.

legal right to issue bonds amounting to 2 per cent of the value of the taxable property. Mr. Bartel believes that it would be a business proposition with the cities if the law could be changed allowing a debt limit of 8 per cent.

According to Mr. Bartel, about \$1,000,000 could be raised by Richmond for the purchase of the water works company or for any other public utility upon which the city would receive profit. The resolution will be sent to the municipal league which meets at Gary in July.

Councilman Waidele complained about the number of unpainted telephone, telegraph, electric light and traction wire poles which, he claims, are ugly, unsightly and spoil the appearance of the city. He stated that if these poles were ordered painted, the entire city would be improved in appearance. City Attorney Bond was instructed to notify the various companies having poles on the streets of the city requesting them to paint the poles as is specified in their franchises.

The building code will be considered by council next Monday night at an adjourned meeting, on second reading. The councilmen will introduce amendments at that time.

Thursday, Friday and Saturday sales on various Hardy Stock for yard planting. Watch Fred H. Lemon & Co's daily announcements.

A BIT OF KINDNESS.

"The greatest thing," says some one, "a man can do for his Heavenly Father is to be kind to some of his other children." I wonder how it is that we are not all kinder than we are. How much the world needs it! How easily it is done! How instantaneously it acts! How infallibly it is remembered! How superabundantly it pays itself back, for there is no debtor in the world so honorable, so superbly honorable, as love.—Henry Drummond.

The Home Doctor

Remedy for Coughs and Colds

One and one-half ounces Balm of Gilead buds, one pound bruised rock candy, one pint Duffy's pure malt whiskey. (We recommend Duffy's on account of its purity and known medicinal value.) Put aside with occasional stirring until the rock candy is dissolved, then strain. Dose: For adults, one tablespoonful every hour; if the condition is acute, every half hour; for children over ten, a teaspoonful every hour; for children under ten, ten drops every hour until decided relief is felt. These simple ingredients, known to every druggist, can easily be secured and readily mixed by anyone. Dr. George I. Ross, Canton, Mass., says: "This is vastly superior to the stereotype Rock and Rye of commerce, and should be called 'Balm of Gilead.'"

MANNERCHOR GIVES A FAMILIE ABEND

Affair Given Last Evening by German Society Was a Success.

Hilarity in every form was in evidence at the "Familie Abend" entertainment given by the Richmond Mannerchor society last evening in the I. O. O. F. hall which was attended by more than 150 German residents of this city.

A general good time was enjoyed from start to finish and the entertainment proved to be one of the most popular ever held by the members of the organization. The opening feature of the program was a German musical comedy entitled "Eln Stundchen im Gesang Verein," and closed with a dance to the strains of "Ach De Lieber Augustin." The musical entertainment proved to be one of the most interesting productions ever attempted by the club. It portrayed the trials and tribulations of a German composer in a small country village who is attempting to stage a composition of his own and has only such material as can be furnished by the citizens of the vicinity of his studio. All the cast appeared in the costumes of German peasants of fifty years ago. The leading part was taken by W. H. Dunning, who took the role of "Der Herr Professor." Harry Sherman put on a black face comedy act which made a decided hit with the audience. This was the only feature of the program given in English.

A German lunch was served and the Mannerchor chorus sang several songs in German. Another program similar to the one held last evening will be given within a few weeks.

SPORTING NOTES

Promoters of the boxing contests to be held at Washington Park are seeking the signature of either McGorty or Klaus in a fight with Willson. McGorty seems to be evading this proposed competition but eight enthusiasts declare that they do not care who fights Dillon just so there is an interesting contention.

The state boxing bill which permits contests under supervision of a boxing commission when held under the auspices of an organized club, was signed yesterday by Governor Ammons of Colorado. Denver enthusiasts are taking immediate advantage of the passing bill and clubs are being organized in every section.

London, England, police department employs ten thousand persons and covers 69,942 square miles.

SUNDRY CIVIL BILL PASSES THE HOUSE

(National News Association)

WASHINGTON, April 22.—The sundry civil appropriation bill carrying \$116,000,000 was passed by the house today by a vote of 198 to 48. The house rejected a motion of Rep. Gillette of Massachusetts, to strike out the provision exempting labor unions and farmers organizations from anti-trust suits. This provision caused President Taft to veto the bill on March 4.

GUILD MEETS.

The St. Paul's Guild of the St. Paul's Episcopal church will meet Wednesday afternoon at the Parish House. The members are urged to be present.

HUMAN HEART WAS A COURT EXHIBIT

(National News Association)

SPRINGFIELD, O., April 22.—The heart of Mrs. Lawrence C. Smith, alleged to have been poisoned to death by her husband, Dr. Arthur Smith, for which the physician is on trial for murder, was exhibited in court today and with it the heart of another woman who died from myocarditis, which Dr. Smith claimed caused the death of his wife.

The state attempted to explain the difference between the two hearts.

Texas had 15,735 fires in 1912, with an average loss of \$537 each.

A STUDENT SUICIDES

(National News Association)

CAMBRIDGE, Mass., April 22.—Lucian Tennant, a Harvard student whose home is in Terre Haute, Ind., shot and killed himself today in his room at the Cambridge Y. M. C. A.

The University of Copenhagen, Denmark, was founded in 1479.

USE ALLEN'S FOOT-EASE.

The antiseptic powder to be shaken into the shoes. If you want rest and comfort for tired, aching, swollen, sweating feet, use Allen's Foot-Ease. It relieves corns and bunions of all pains and prevents blisters, sore and callous spots. Just the thing for Puckling Parties, Patent Leather Shoes, and for Breaking in New Shoes. It is the greatest comfort discovery of the age. Try it today. Sold everywhere, 25 cts. Don't accept any substitute. For FREE trial package, address Allen S. Olmsted, Le Roy, N. Y.

Let Us Give You a Copy of "Scientific Food Keeping"

--a Book Every Housewife Should Have

Drop into our store today. We have an astonishing book for you. It tells all about food and its keeping in the home. It shows the risks we run today through not knowing and observing a few simple facts in regard to refrigeration. Come in and get it. It's free.

We have also the Bohn Syphon Refrigerator which we want you to see—a refrigerator that maintains a temperature of 42 degrees, while some ice boxes, full of

ice, run as high as 70. We want to demonstrate what air circulation means to food and what dryness means. We want you to put your hand inside a Bohn and feel the cold air "blowing" through. We want you to strike a match on its walls, with the ice and food in it, to prove a total lack of moisture.

We want to explain why germs multiply by the millions in warm "ice boxes" and why they do not in the fresh, cold

Bohn Syphon Refrigerator

We want to show you the most efficient, the sturdiest, the best looking, the most economical refrigerator ever made. Will you let us do this today—and will you let us give you the interesting and vital book, "Scientific Food Keeping?" You are not obliged to buy. We are glad of the opportunity to show you something exceptional.
