

COUNCIL WILL HOLD A SPECIAL MEETING

Report of R. L. Sackett on Dam Will Be Discussed Tonight.

At a meeting Saturday evening of the promoters of the Hawkins lake project with Mayor Zimmerman and Councilman Will Bartel, the report of Robert L. Sackett, of Purdue University, on the proposed dam, was discussed and it is believed that no further objections towards the construction will be filed. Council will take the matter up at a special meeting tonight when a final decision will be made. As the Starr Piano company is now the only complainant against the dam, favorable action is expected.

Engineer Jack Mueller, who prepared the plans for the dam and the bridge which will be built over the spillway, was commended in the report for the excellence of the architecture and design of both the dam and the bridge, which, Mr. Sackett says will last many years and will be a very ornamental feature of the park.

It is expected that the lake will increase the value of real estate in that portion of the city to such an extent that the city will be able to purchase the entire park and dam in a few years. A provision in the articles of the company gives the city the right to purchase at any time, the park and dam for the amount expended by the company plus five per cent interest.

May Reject Code.

According to City Attorney Bond, the building code may be rejected by city council because plumbing requirements were omitted when the code was drawn up. Mr. Bond says that several councilmen objected to the code for this reason. At the special meeting of council tonight, the code will be presented for second reading and any amendments will be discussed. A special clause embodying the requirements of the plumbing will be drawn up as soon as possible and presented as an amendment to the building code. Local plumbers have objected to any restrictions in their line of business.

FIRST DAY

Of Intense Interest To the High Strung, Nervous Population of This City.

New Tonic Being Introduced.

Richmond is no exception to the fact that ninety per cent. of the population of the big cities and towns, and even the rural communities of the twentieth century America, are suffering from the peculiarly American malady, nerve exhaustion with all its concomitant symptoms viz: debility, nervousness, in one or more of its myriad forms sleeplessness, gastric disturbances, bowel trouble, headache and in many cases from the after effects of some wasting illness or illness from which they have never fully recovered. This is a condition of being neither well or ill and is general referred to as being "All in."

This being a recognized scientific fact, medical men of the country over and among them some of the most distinguished specialists have searched for some remedy to not only relieve but cure this condition. It remained for a physician in general practice but one of wide experience obtained by thirty years of service to suffering humanity to discover his long sought remedy and best of all one whose beneficial action is almost immediate.

This remedy is called "Nervona" is a tonic for those suffering from Indigestion, Malnutrition, Neurasthenia, Insomnia, and general debility.

It is a builder blood, muscle and nerves. This preparation is for sale only at the Foster Drug Co., Main Street, from 9 a. m. to 8 p. m. daily, where it is being demonstrated and explained by a special representative of experience along this line. The first five hundred will be given a free trial of "Nervona."

EXPECT GREAT MILL

When Kilbane and Dundee Mix It In Los Angeles.

(National News Association)

LOS ANGELES, April 28.— Coast fight fans are anticipating a whirlwind match tomorrow night when Johnny Kilbane, feather-weight champion, clashes with Johnny Dundee of New York, in a 20-round bout for the title.

Kilbane and Dundee went through only light stunts today. Their training is finished and both say they are in the best fighting condition of their careers. Kilbane continued a big betting favorite today and when his supporters failed to coax out much Dundee money at the 10-to-6 odds they shifted to 2 to 1 with little money in sight. If Dundee wins he will go on the stage for a while and then engage in short bouts in the east until a worthy contender appears. If Kilbane retains his title he will at once post a forfeit for a match with Willie Ritchie, lightweight champion.

ANDREW J. JAMESON FOUND DEAD SUNDAY

Body of Man Was Found Lying Across Window Sill By Neighbors.

Andrew J. Jameson, 72, was found dead Sunday morning at the home of his daughter Mrs. Elmer Daily, 400 South Fourth street. Neighbors saw Jameson's body lying on a window sill. Death was probably due to heart trouble.

Mr. Jameson was in Hamilton at the time of the flood and is said to have narrowly escaped death there. He has been visiting his daughter for the last three weeks.

At the time of his death, he was alone in the house. Mrs. Daily having gone to Greensfork on a visit. Neighbors on their way to church saw the man but did not know he was dead. Returning from church they saw that the position of the body had not changed.

Coroner R. J. Pierce was called and an investigation was made. It was found that Jameson had died the night before while undressing. He had prepared everything for retiring and had probably opened the window, according to the coroner.

Mr. Jameson is survived by three sons, Milo, Harry and Frank; two daughters, Mrs. Charles Bennett of Greensfork and Mrs. Elmer Daily and four sisters. His son Frank Jameson is from Hamilton, Ohio, where the remains will be taken Tuesday. The funeral and burial will be held Wednesday afternoon.

MAN BELIEVED TO BE ARMY DESERTER

Richard Cook, a bill poster, who claims St. Louis as his home, was fined \$1 and costs in police court this morning. Cook was held by the police who believed that he is wanted as a deserter from the army. Circulars sent out with Cook's picture describe the man and offer a reward for his apprehension. The police however, were unable to locate certain marks of identification on Cook. He claims that the man wanted for the charge is his brother and that he is now serving time in Fort Leavenworth, the United States prison.

CELEBRATION WAS LARGELY ATTENDED

Local Order of Odd Fellows Observe Ninety-fourth Anniversary.

The ninety-fourth anniversary of the founding of the Independent Order of Odd Fellows was attended by a large delegation of members from all the local fraternal orders of the lodge. This entertainment which is held annually by the local order was the most successful given by the lodge in years. Members of the Rebecca lodge which is affiliated with the order were present.

Speeches were rendered by prominent leaders of the organization. Among those delivering addresses were Charles W. Jordan, Thomas R. Jessup and Mr. Barlow of Hamilton, Ohio. Talks were given on the growth of the order. Honor was conferred upon Ledger P. Wein as master of ceremonies.

Miss Florence Johnson, Miss Gertrude Seaman and Miss Ruby Medearis each gave a piano solo. A piano duet was rendered by Miss Alice Foster and Miss Alice Johnson. The German Mannerchor rendered a selection. Howard Messick gave a reading.

WORK PROGRESSING ON HAWKINS DAM

Many persons visited the site of the Hawkins dam yesterday. The work is progressing rapidly and the laying of the cement foundation on the north side of the river will be started this week. As much as 150 lineal feet of cement foundation has been laid on the south side of the river.

NEW JUDGE ADDED

(National News Association)

WASHINGTON, April 28.—The bill for an additional judge for the fourth circuit passed the senate today. The circuit comprises West Virginia, Virginia, Maryland, North and South Carolina. An amendment was added abolishing the circuit judgeship held by Judge R. W. Archbold, who was removed from the commerce court by impeachment proceedings.

NEWS NUGGETS

UNIONTOWN, Pa., April 28.—Twenty-five persons were cut and bruised, one seriously, in a dispute over which faction should take up the collection at the Greek Easter services in St. Mary's Greek Catholic church, New Salem. Special policemen quelled the turmoil, but the collection was not taken up.

HE HAD BIG SUPPLY

James Hartin, Eaton, Arrested at Station.

With four bottles of whiskey in his possession, James Hartin of Eaton, was arrested early this morning at the interurban station where he has been since the place was opened this morning. Patrolman Vogelsong, who made the arrest stated that Hartin was lying on the floor and that he was in deep sleep when arrested. After being jolted around in the patrol wagon, Hartin awoke and asked if he was on the car to Eaton. He was unable to tell his name until he had been in jail. He stated that he had purchased the four bottles of "firewater" to take home with him. He will be tried in police court tomorrow morning.

Slept in gutter.

Thomas McGuire was found this morning, lying in the gutter on Fort Wayne Avenue. He was in a stupor from intoxication and the efforts of the patrolmen did not arouse him. As his clothes were soaked from the rain, he was taken to the city jail and deposited near a stove to dry until he could be awakened and given dry clothing.

MARRIED SATURDAY

Charles Clark, of Muncie, Ind., and Hazel Brooks, of Fountain City, were married at the court house Saturday.

PLANTS ARE STOLEN

East Main Street Residents Report Thefts.

Mystery attends the constant theft of potted plants and flowers from prominent residents of East Main street. Many persons have complained to the police that valuable plants have been stolen from their porches. One resident claims that a man was employed to watch the house during the night and the main was again placed on duty, concealed in a place where he could see the plants. The watcher remained until 4 o'clock in the morning when he left for a few minutes. Upon returning he found that several of the plants had been stolen. The police are unable to find the thief.

TRACTION COMPANY PUTS IN TURNOUT

A turnout has been placed at the corner of Twentieth and Main streets by the Ohio Electric Traction company and traction freight cars are being run down North Twentieth street to E street instead of through Glen Miller park. It is expected by city officials that the tracks will be removed from the park in a short time and a drive way is planned along the ground now used by the traction company. The board of works will take the matter of constructing a gravel road through the cut under advisement.

Beauty Is Only Paint Deep

when it comes to houses. When the paint wears off, the house is no longer beautiful. A house in need of paint is an eyesore to a community. In justice to your neighbors, as well as to your self-respect, you should keep your house well-painted and, in justice to yourself, you should see that

Institution Offered to City For Use As a Municipal University

Buchtel College, a successful institution of forty years' standing has been offered to the city of Akron, Ohio for use as a municipal college or university. According to information received at the United States Bureau of colleges it finds that the institution has trebled its attendance in the past ten years without sufficiently increasing its endowment, and proposes to transfer the entire plant and endowment, valued at \$400,000 to the city, practically without restrictions of any kind.

If the offer is accepted Akron will have an educational institution of college grade that will meet the community's needs in a distinctly modern way. It will be known as the College or University of the City of Akron, although in the event of the establishment of other schools or colleges the name Buchtel College is to be retained for the liberal arts department, just as McMicken College is a part of the University of Cincinnati.

In making their proposal the trustees point out, among other things, that as a municipal institution, and with very slight addition to the money now spent for educational purposes by Akron, the college would offer to all qualified students of the city a college education with free tuition; that the college can be made of practical use in the work of city government; and that the college will furnish an excellent basis for a greater municipal university that shall make ample provision for technical and professional training for the youth of the city.
