

EPISCOPAL CHURCH CLUBS MEET TODAY

The Twenty-First National Conference Opens At Boston.

(National News Association)
BOSTON, May 22.—The Episcopal church clubs of the United States began their twenty-first National Conference here today with an address of welcome to the incoming delegates by Bishop Lawrence. No official session of the conference will be held today but the delegates will attend a reception and dinner given in their honor at the Hotel Somerset tonight.

Following a breakfast at the Brunswick Hotel tomorrow morning, the delegates will assemble in Jacob Sleeper Hall, Boston University for the opening session. The keynote of the sessions will be "Christian Unity." At the opening session Dr. Lawrence B. Evans of the Episcopal club of Massachusetts, will deliver an address on "What is Christian Unity?" to be followed by Rathbone Gardner of Providence, whose address is "The Fundamentals of Christian Unity." George Zabriskie, D. C. L. of New York, will discuss "The Church; the various conceptions of its Nature and Functions." At the close of this session at noon the delegates will be taken in automobiles to the parish house of Christ church, Cambridge, where a luncheon will be given by the Cambridge Episcopal parishes.

The remaining sessions will be held in the Memorial Hall, Episcopal Theological School, Cambridge, and at the Jacob Sleeper Hall. The list of speakers and their subjects for these sessions includes Samuel B. Capon, LL. D. of Boston, on "Christian Unity and Missions," Mornay Williams, of New York; on "Fellowship in Christian Work as a Means of Attaining Unity," Robert H. Gardner, of Gardine, Me., on "The World's Conference on Faith and Order," and Robert A. Woods, of Boston, on "Christian Unity and Social Reform."

Very Remarkable Cure of Liver Complaint.

Mr. Albert Walker, of Proclous, W. Va., suffered intense pain in the stomach and right side at intervals for fifteen years. He had consulted eight or ten physicians and while they all agreed that he had liver trouble, they failed to relieve him. He was eventually cured by Chamberlain's Tablets. If you have any trouble with your stomach or liver, these tablets will certainly do you good. For sale by all dealers.

Murrette.
The banner crowd of the year visited the Murrette yesterday to see that dramatic masterpiece presented by James K. Hackett and company, "The Prisoner of Zenda," a photo-play in four acts. This picture is without doubt the best that has ever been produced in Richmond, and is said to be the most elaborate picture made to date. All the interior views were made in Daniel Frohman's famous New York

Health and Beauty Aids

By Mrs. Mae Martyn

Bessie: I have constantly advised against the use of hair-bleaches and dyes.

Clara: I think you are foolish to worry about a few pounds of extra flesh, but if you fear that your waist line will disappear entirely, go to your druggist and get 4 ounces of parrotin, take it home and dissolve it in 1½ pints hot water. Take a tablespoonful 3 times a day before meals. Parrotin makes superfluous fat disappear.

Christina: If your hair is falling and your scalp scaly with dandruff, apply this home-made quinine hair tonic once or twice a week and watch your hair grow in long and abundant. Dissolve in ½ pint of alcohol 1 ounce of quinine and add ½ pint of cold water. Rub well until absorbed by the scalp and hair.

Miss Wood: Plenty of good lather is an essential to the success of any shampoo. Some soaps that lather well make the hair brittle and hard. It is better to use plain cantrox for shampooing purposes. Simply dissolve a teaspoonful of cantrox in a cupful of hot water and stir well until it is all dissolved; then take your shampoo by pouring the mixture on the hair and rubbing in well. It will cleanse the scalp thoroughly, make the head feel good and keep your hair soft and fluffy.

Margie: Indeed, I am always glad to repeat a recipe. The wrinkle-remover formula which your friend says she read in these columns and found absolute in its action is easily and cheaply made at home by mixing one ounce of almond oil with one-half pint cold water and adding two teaspoonfuls glycerine. Stir and let stand for one day. To remove or prevent wrinkles apply this vegetable cream-jelly thickly and leave over night, then wash off and with more of the cream massage thoroughly. I have never found anything to equal almond jelly-cream to remove wrinkles and keep them away. It contains no oil or fatty substances which might promote the growth of hair. You will also notice by its use not only your wrinkles disappearing but the large pores of the entire face

FARMER LOSES 12 HEAD OF CATTLE

As a Result of Their Licking Inside of An Old Lead Kettle.

(Palladium Special)
EATON, O., May 22.—As the result of their having licked the inside of an old lead kettle, twelve head of cattle belonging to Carey Toney, of Dixon township, contracted poisoning and died within one week, incurring a loss estimated at more than one thousand dollars. Four or five others of the herd are sick, and the loss to Mr. Toney may be greater. The nature of the disease in the cattle was a mystery and veterinarians could not agree as to the cause. Upon the opinion of one however, a search along the stream running through the Toney farm was made and resulted in the finding of the kettle, which had probably been washed out of a dump by the recent high waters.

"The Wolf." "The Man on the Box." is proving to be an excellent offering at the Murray this week, and the house is crowded nightly. Mr. Sayles is seen to better advantage this week than in any play since the opening and is making many friends by his excellent work as Robert Worburton.

"The Wolf." "The Man on the Box." is proving to be an excellent offering at the Murray this week, and the house is crowded nightly. Mr. Sayles is seen to better advantage this week than in any play since the opening and is making many friends by his excellent work as Robert Worburton.

ARMY RELIEF SOCIETY

(National News Association)
NEW YORK, May 22.—Governor's Island, the official headquarters of the army in the east was the scene of a garden party this afternoon given by the Army Relief Society. The garden party is an annual event given by the New York branch of the Army Relief Society for the purpose of raising funds for the relief work which they conduct.

The music for the occasion was furnished by the United Military bands of New York, the People's Choral Union and the choir from St. Cornelius's Chapel. The Third Battalion, Twenty-ninth Infantry executed military maneuvers for the benefit of the guests, including the pitching of a shelter tent camp, infantry drill, setting-up exercises, escort to the colors, and a dress parade. Attractive refreshment booths and the tents of the fortune tellers, where one might have his palm read by a beautiful gypsy for a small sum, dotted the grounds.

At the officers' club there was dancing with music by the regimental bands. Towards evening, following the dancing and maneuvers there will be a sham battle which promises to contain all the thrills attendant upon a real engagement.

Mrs. Charles Francis Roe, president of the society, together with General and Mrs. Barry received the guests as they landed on the island.

Prominent among the patrons of the society are President and Mrs. Wilson, Governor and Mrs. Sulzer, ex-President and Mrs. Taft, Mayor and Mrs. Gaynor, Mr. and Mrs. Henry W. Taft, Cardinal Farley, Maj. General and Mrs. Charles F. Roe, Capt. Cleaves U. S. N. and Mrs. Cleaves, Mr. and Mrs. Cornelius Bliss, Mrs. Frederick Dent Grant, the Secretary of War and Mrs. Garrison, Lieut. Gen. Nelson A. Miles, Bishop and Mrs. David Geer, Mrs. Junius Morgan, Mr. and Mrs. Lewis Nix, Col. and Mrs. Robert L. Thompson and Maj. and Mrs. Louis L. Seaman.

Reserve your seat for the High School chorus and orchestra tonight. 200 voices and 60 instruments.

VOCATIONAL WORK WILL BE TAUGHT

As a direct result of the agitation in Indiana during the past few years for vocational education and the passage of the Stahl-Yarling Vocational Bill, which calls for the teaching of Agriculture, Domestic Science and Manual Training in the schools, beginning September 1, 1913, Indiana teachers are making preparations for the teaching of these subjects the coming year.

In response to the announcement that vocational work would be given at Purdue University, June 14—July 19, 1913, a large number of applications have been received. Up to this time inquiries and applications have been received from almost every county in the state, showing that the interest is widespread and that the attendance at the Summer School at Purdue will be far beyond that of any previous school. It is likely that local teachers will take the course.

Arrangements are made in the courses so that teachers can give their entire time to either Domestic Science, Agriculture or Manual Training or they can take a combination of any two of these subjects.

The work of the Summer School is planned along the line of a course that is now being prepared for the State Department of Public Instruction, to be used in the schools for the coming year.

Philosophic Little Harry. "Oh, mamma," exclaimed little Harry, all out of breath, "I've just been playing with the Wilson children, and they've been exposed to the mumps. Now can I eat all the cake I want, 'cause I'm going to be sick any day?"—Chicago Record-Herald.

FLASHES FROM OTHER CITIES.

BOONVILLE—John Moesner, 27 years old, was kicked to death by a horse.

MUNCIE—J. W. Neal, carpenter, fell from the roof of a house and was killed.

NEWCASTLE—The City Council has passed a resolution in favor of a Carnegie library.

ELWOOD—James Tole, a farmer, is at the point of death from poisoning resulting from a rat bite.

HARTFORD CITY—Members of the W. C. T. U. has declared war against Sunday picture shows.

GREENCASTLE—Andrew Stoner was badly kicked about the face by a horse. His chin was cut off.

DECATUR—Charles E. Spaulding has been elected superintendent of Decatur schools, to succeed E. E. Rice.

EVANSVILLE—George L. Powell was fined \$25 and given thirty days for cruelly whipping his daughter.

KOKOMO—Karl Bakes has been bound over to the Circuit Court following charges made by a young woman.

JEFFERSONVILLE—Henry Heyn asks a divorce from Sarah Heyn on the ground that she frequently scolds him.

NEW ALBANY—Andrew Rinkebein, charged with selling liquor to a minor, was found not guilty by a jury.

FRANKLIN—The state examiners found only a few minor errors in the accounts of County Clerk James Gilmore.

CRAWFORDSVILLE—This city is making an effort to get the state Masonic home, soon to be built by the grand lodge.

MUNCIE—William A. Thompson has been appointed acting judge of the Circuit Court during the illness of Judge Ellis.

HARTFORD CITY—Leaving his bed shortly after midnight, John K. Armstrong, 74 years old, fell dead of apoplexy.

BRAZIL—Miller Hyde has been appointed city councilman to fill the vacancy caused by the resignation of John Dersch.

EVANSVILLE—Heavy rains have broken the drought in the "Pocket." Wind caused considerable damage to shade trees.

EVANSVILLE—John Carroll has been bound over to the circuit court on charges of holding up and robbing a farmer.

FRANKLIN—The case of P. H. McCormick against the Sisters of Mercy has been venue here from Bartholomew county.

KOKOMO—Gus Buchanan, colored, charged with grand larceny, pleaded not guilty and has been bound over to the circuit court.

BLUFFTON—It is thought that drugs are responsible for the sudden

death of Mrs. Isaac Slater. The coroner is investigating.

BRAZIL—Henry Mace of Poland, a farmer, was fatally injured when his team ran away while he was plowing throwing him against a tree.

EVANSVILLE—The case of Parley King, charged with murder and venued here from Spencer county, has been set for trial July 1.

MUNCIE—Because of failure to make a showing when shot a well on the Lewis farm in Liberty Township will be drilled deeper.

SHELBYVILLE—Reta Thrasher was severely scratched by a cat she was trying to rescue from a dog. The wounds were cauterized.

KOKOMO—The City Emergency Hospital will be reopened.

FORT WAYNE—Allen County fruit growers say frost has caused but little damage and they expect the greatest crop in years.

EVANSVILLE—A 2-year-old son of William Jordan stepped from a block, six inches high, to the floor, fell and broke his collarbone.

SEYMOUR—Lightning struck a barn on the E. H. Peters farm, destroying it, together with five horses and mules. Loss, \$1,500; insurance, \$1,000.

HUNTINGTON—John Richardson, a minor, is charged with perjury because he failed to remember facts regarding liquor sales when called in court.

GREENCASTLE—Mrs. John Clod felter, living near here, was accident-

tally shot through the cheek by her son, Porter, who was shooting at a squirrel.

UNION CITY—Gas fumes accidentally inhaled by Fern Coats, postoffice clerk, caused his death here. He was kept alive many hours by artificial respiration.

COLUMBUS—After Mrs. Charles Greenlee and a number of policemen had hunted the town for the woman's son, 7 years old, the boy was found at home playing in the yard.

JEFFERSONVILLE—The body of a white man, probably 60 years old, was found in the river here. A cheap watch, drinking cup and razor were in the pockets of his clothing.

OAKLAND CITY—W. H. Stewart was granted a divorce on the ground that his wife accused him of flirting with women in the church choir. The case was tried in Evansville.

LOGANSPOUT—C. E. Smith, cab driver, and George Elliott, telegraph operator, were hurt when a patrol wagon, hastening to catch a burglar, collided with the cab. Smith may die. The burglar escaped.

NEWCASTLE—The mother of Catherine Winters, the little girl missing since March 20, has appealed to New York slum workers for assistance in finding the child, expressing a belief that she may have been sold into white slavery.

Save the Babies.

INFANT MORTALITY is something frightful. We can hardly realize that of all the children born in civilized countries, twenty-two per cent., or nearly one-quarter, die before they reach one year; thirty-seven per cent., or more than one-third, before they are five, and one-half before they are fifteen!

We do not hesitate to say that a timely use of Castoria would save a majority of these precious lives. Neither do we hesitate to say that many of these infantile deaths are occasioned by the use of narcotic preparations. Drops, tinctures and soothing syrups sold for children's complaints contain more or less opium or morphine. They are, in considerable quantities, deadly poisons. In any quantity, they stupefy, retard circulation and lead to congestions, sickness, death. Castoria operates exactly the reverse, but you must see that it bears the signature of Chas. H. Fletcher. Castoria causes the blood to circulate properly, opens the pores of the skin and allays fever.

Genuine Castoria always bears the signature of *Chas. H. Fletcher*.

JONES HARDWARE CO.

Studebaker

"The wagon that stands up like the reputation of its makers"

When you buy a Studebaker wagon you buy a wagon that will last until you turn the farm over to your son and he turns it over to his son.

One of the first Studebaker wagons ever made saw constant service for thirty years, and we will gladly send you the names of farmers who have in their possession wagons that have been in constant use anywhere from 17 to 48 years—and there are thousands of them. We are building the same kind of wagons today.

A Studebaker wagon is an investment that will give you full return for your outlay. It is built on honor. Iron, steel, wood, paint and varnish used in its construction are tested and retested to make sure each is the best.

For work, business or pleasure—for town or country use—there is a Studebaker vehicle to fit your requirements.

Farm wagons, dump carts, trucks, buggies, surreys, runabouts, pony carriages, business vehicles of every description—with harness of the same high standard.
