

## HUGHES IS HEAD OF MIAMI UNIVERSITY

Nephew of Richmond Man Takes Place of Miami President.

(Palladium Special)  
OXFORD, O., June 19.—With the delivering of the annual commencement address to the class of 1913, by Governor James McMahon Cox, of Ohio, Miami University's seventy-fourth annual commencement week passed into history at noon today.

In many respects the year just closed has been an exceptional one for the famous old university. The graduating class was one of the largest in the history of Miami, 58 members receiving the Liberal Arts degree, while 70 received certificates of graduation from the State Normal College.

The big event in connection with the commencement week exercises this year was the election and installation of Prof. Raymond Molyneux Hughes as the thirteenth president of Miami University. This came at the close of the regular Thursday morning, commencement exercises when he was formally inducted into office without ostentation. This is the first time in its history that Miami University has had as its president one of its own sons. Prof. Hughes was graduated in the class of 1893, and the alumni and friends of Miami are justly proud that one of their own number should be selected. During his two years as acting president, he has demonstrated his efficiency.

The Rev. Isaac M. Hughes, formerly pastor of the First Presbyterian church of this city, is an uncle of Prof. Hughes. The new president of Miami University is every way a son of the university. His father, the Rev. Melancthon Hughes was a graduate of Miami of the class of 1864 and, four of his uncles were also graduates from Miami, as follows: Isaac M. Hughes of Richmond, of the class of 1855; Thomas E. Hughes, of Lagrange, Ind., of the class of 1855; James S. Dewey of the class of 1858 and Edw. S. Scott of the class of 1870.

## FISHING SMACK IS SUNK BY A LINER

(National News Association)  
BOSTON, June 19.—The Warren line Sagamore, due here today, ran down and sank the Gloucester fishing schooner Olympic with twenty men on board early yesterday, forty miles off Sable Island, according to a wireless message received here today from Captain Senton of the steamer. The message did not state how many men were rescued.

## HAS SMALLPOX

The illness of Catherine Thompson, of Washington, D. C., was pronounced smallpox today by the physicians in charge of the case. Miss Thompson is visiting at the home of Mr. and Mrs. Layton Myrick, 400 North Eleventh street. The house has been quarantined and every person who has visited there since Sunday when the young woman took sick has been vaccinated and fumigated.

## ANCIENT DAMAGE SUITS SETTLED

(National News Association)  
CHICAGO, June 19.—Sixteen damage suits that have been in the state and federal courts for 23 years were settled when Federal Judge Landis signed his final decision ordering the payment of claims to the heirs of victims of the Toga steamship disaster. The boat, loaded with gasoline, blew up in Chicago harbor 23 years ago, killing one officer and 15 seamen. The decision awarded damages ranging from \$2,000 to \$10,000.

**The Society Parvenu.**  
Lady Dorothy Nevill had strong opinions on the woman question. She deplored the fact that so many women had nothing to do that they fell ready victims to the fad habit. A good many of them seem "completely to dominate their husbands," and she recalled the words of the old shah of Persia who said, "It seems to me that an English or American husband is nothing better than a sort of butler." She was equally severe on the English society parvenus who were ashamed of their fathers and says that on one occasion a host was asked, "Is your father here?" and was not ashamed to reply, "Well, no—hang it all, you know one must draw the line somewhere."

## WHAT MEN WILL WEAR THIS SPRING

Men's spring suits are in beautiful Scotch, tweeds and casimere, London grays, Oxford blues and browns. All this wealth of new weaves and colorings are combined with the staple blues and grays in serges and tweeds, but decidedly pretty are certain English effects in which a distinctive pattern is produced by two tones of the same color blending into the design. Over 600 styles in these new weaves at Emmons' Tailoring Company. Fine suits \$15, \$18, \$24, and up. Corner Ninth and Main.

## The Home Beauty Parlor by Betty Dean

**Babette:** Your eyes are weakened and overstrained, that's all. Don't let them frighten you into wearing glasses until you try this simple home treatment. Dissolve an ounce of crystals in a pint of water. One or two drops in each eye every day may be all you need to restore the sparkle, youthful brilliancy and rested feeling to your eyes. If the lids are much inflamed, try soaking dabs of absorbent cotton in the tonic and laying them on each eye while you rest about ten minutes. Crystals tonic may be called an eye beautifier.

**Judy:** If ordinary methods fail to reduce your flesh I would recommend a course of this simple, harmless home treatment: Put 4 ounces of parnotis in 1½ pints hot water. Take a tablespoonful three times a day. For those who find exercise a task, and are weakened by strict diet, I know of no such valuable aid in overcoming excessive fat. If your skin is inclined to flabbiness see answer to Deborah.

**Hallie:** Your hair needs exercise or a drill with some good hair tonic and you can do wonders in putting vitality and luxuriance into your hair and can promptly relieve the dandruff and itching scalp if you will use this remedy. It costs little and you can prepare it at home. From your drug-gist get one ounce quinzoin and ½ pint alcohol. Mix and add ½ pint cold water. This makes enough tonic to last a long time. Apply to your scalp twice a week, rubbing well into the roots.

**Curly-Locks:** I am very much opposed to the use of soap on the hair. The alkali in soap coarsens hair, irritates the scalp and in time will make the hair fall out. Neither do I approve of egg shampoos. The animal substance mixes with the oil in the hair and is hard to remove. After all, plain canthrox makes the best shampoo, cheapest and easiest to handle. Dissolve one teaspoonful in a cup of hot water. It lathers well and takes out all excess oil, leaving the scalp stimulated and every strand clean. Aff-

## TO GROW HAIR ON A BALD HEAD

BY A SPECIALIST  
Thousands of people suffer from baldness and falling hair who, having tried nearly every advertised hair tonic and hair-grower without results, have resigned themselves to baldness and its attendant discomfort. Yet their case is not hopeless; the following simple home prescription has made hair grow after years of baldness, and is also unequalled for restoring gray hair to its original color, stopping hair from falling out, and destroying the dandruff germ. It will not make the hair greasy, and can be put up by any druggist. Bay Rum, 6 ounces; Lavender de Composee, 2 ounces; Menthol Crystals, one-half drachm. If you wish it perfumed, add half to one teaspoonful of To-Kalon Perfume, which unites perfectly with the other ingredients. This preparation is highly recommended by physicians and specialists, and is absolutely harmless, as it contains none of the poisonous wood alcohol so frequently found in hair tonics.
