

HAVE 2 COMPANIES AN UNDERSTANDING

Listless Attitude of L. H. & P., Is a Basis For Such a Belief Now.

Has the Allegheny Gas company and the Richmond Light, Heat and Power company reached an understanding on the natural gas question in Richmond?

This is being asked for for two reasons. First, because the Light, Heat and Power company has apparently done nothing in the last two weeks toward negotiating for natural gas, and because the company has made no effort to prevent the city from granting a franchise to the Allegheny Gas company.

J. B. Wharton, manager of the local plant, says that he has had no information about the negotiations, and he thought the whole matter would have been settled by this time. A letter from the New York office of the company this morning stated that the status of negotiations was exactly the same as two weeks ago.

The fact that the Allegheny Gas company requested that a clause be put in the contract which would allow it to sell or assign the contract to another company would lead to the opinion that the Allegheny company plans, if it already has not done so, to assign the contract to the Light, Heat and power company.

City Would Not Lose.
city will not be the loser, as it will prevent the tearing up of the streets and compel the local company to serve natural gas to the citizens of Richmond at the same price and under the same conditions that the other company would be acting under.

It is generally admitted that in case the city does close the contract with the Allegheny company the Light, Heat and Power company will be left in a very disagreeable position. It is believed that the officers of the company are too long-headed business men to allow the matter to proceed to the point it has reached without some understanding as to what the future of the local plant will be.

Nearly all of the citizens want natural gas at 40 cents, but they would much prefer to have the gas at that price without the tearing up of the streets.

VERDICT IS FILED ON DEATH OF LEWIS

Coroner Pierce has filed the verdict on the death of Ernest Lewis whose body was found in the barn of the Independent Ice and Fuel company on June 24. The coroner states that death was due to acute alcohol poisoning. As no indications of violence were found no autopsy was held. Lewis drank heavily, it was stated. He stayed at the barn all night and his body was found the following morning by H. D. Jenkins, James Wicker and Cyreus Wicker, fellow-employees of the company.

FRECKLES

Don't Hide Them With a Veil; Remove Them With The Othine Prescription.

This prescription for the removal of freckles was written by a prominent physician and is usually so successful in removing freckles and giving a clear, beautiful complexion that it is sold by Leo H. Flie under an absolute guarantee to refund the money if it fails.

Don't hide your freckles under a veil; get an ounce of othine and remove them. Even the first few applications should show a wonderful improvement, some of the lighter freckles vanishing entirely.

Be sure to ask the druggist for the double strength othine; it is this that is sold on the money-back guarantee.

\$3.50 RECIPE FREE, FOR WEAK MEN

Send Name and Address Today — You Can Have It Free and Be Strong and Vigorous.

I have in my possession a prescription for nervous debility, lack of vigor, weakened manhood, failing memory and lame back, brought on by excesses, unnatural drains, or the follies of youth, that has cured so many worn out and nervous men right in their own homes—without any additional help or medicine—that I think every man who wishes to regain his manly power and virility, quickly and quietly, should have a copy. So I have determined to send a copy of the prescription free of charge, in a plain, ordinary sealed envelope to any man who will write me for it.

This prescription comes from a physician who has made a special study of men and I am convinced it is the surest-acting combination for the cure of deficient manhood and vigor failure ever put together.

I think I owe it to my fellow man to send them a copy in confidence so that any man anywhere who is weak and discouraged with repeated failures may stop drugging himself with harmful patent medicines, secure what I believe is the quickest-acting restorative, upbuilding, SPOT-TOUCHING remedy ever devised, and so cure himself at home quietly and quickly. Just drop me a line like this: Dr. A. E. Robinson, 4295 Luck Building, Detroit, Mich., and I will send you a copy of this splendid recipe in a plain ordinary envelope free of charge. A great many doctors would charge \$3.00 to \$5.00 for merely writing out a prescription like this—but I send it entirely free.

WAS SECOND ATTEMPT

That it was his second attempt at suicide was revealed in the verdict of Coroner Pierce in the matter of the death of John Goodwin of Cambridge City, who died thirty minutes after he poured carbolic acid into a glass of beer on the night of June 20.

The facts set forth in the testimony of Mr. and Mrs. Henry Cassidy, son-in-law and daughter of Mr. Goodwin and Mrs. Jennie Longnecker who was present when death occurred.

Mr. Goodwin went after a bucket of beer and when he returned went into the front room of the house and poured part of the contents of a three-ounce bottle of the acid into the glass. He returned to the kitchen breathing heavily. A physician was called and administered medicine, but death occurred shortly afterwards.

A Good Investment.

W. D. Magli, a well known merchant of Whittemore, Wis., bought a stock of Chamberlain's medicine so as to be able to supply them to his customers. After receiving them he was himself taken sick and says that one small bottle of Chamberlain's Colic, Cholera and Diphtheria Remedy was worth more to him than the cost of his entire stock of these medicines. For sale by all dealers.

City Statistics

CASSELL—Dollar Cassell, 711 South Eighth street, died at Kokomo Thursday evening. The funeral will be held Sunday afternoon at 2 o'clock from the residence and burial will be in the Lutheran cemetery, the Rev. E. G. Howard officiating. Friends may call at any time.

HARRIS—Halsey Harris, 18 months out after him in Chief Gorman's machine. After scouring the part of the city where the youth disappeared, Wenger believed that Black would start for New Paris. The patrolman followed the New Paris pike in the machine and caught Black between Richmond and New Paris.

Steps for the return of the boy to White's Institute were started at once by Chief Gorman. Black was given the lowest fine possible in order that he can be released when he is wanted at the reform school. No trace has been found of Walford.

O'DEA—Patrick O'Dea, 60, died Friday at 11:15 at the home, 334 Pearl street. He is survived by his wife, Nora O'Dea, three daughters; Mary O'Dea, New Paris, O., Mrs. Joseph Weddick, Camden, O., Mrs. John Callahan, Eaton, O., and one son, John O'Dea, New Paris, O. The funeral will be held Monday morning at 10 o'clock from St. Mary's church at Eaton, O. The deceased was a prominent farmer near Eaton.

MAY HAVE WALKOUT

NEW YORK, July 5.—The vote of the trainmen of 64 eastern railroads on the strike question is almost unanimous in favor of a walkout according to a report at the offices of the Order of Railway Conductors and Brotherhood of Trainmen today.

Owing to the delays in the ballot reaching the canvassers, the vote was not made public today as has been expected.

The men demand a wage increase. Their dispute with the eastern railroads had been hanging fire for a year, the managers having refused to grant their requests.

CHURCH NOTICE

Whitewater Friends church, North Tenth and G streets. Preaching in the morning and evening by the pastor, Sabbath school at 9 o'clock, C. E. at 3 o'clock. Mid-week prayer meeting Thursday evening. A cordial invitation to all. A Trueblood, pastor.

N. B. Write to: Ladies' Advisory Dept., Chatto & Windle Co., 1019 14th St., Elkhart, Ind., for 64-page book, "Home Treatment for Women," sent in plain wrapper, on request.

Lieutenant Ballard

Arrives In Town

Will Give Public Demonstration of His Remedies This Afternoon and Evening.

Lieut. Ballard arrived in town early this morning and immediately investigated the local druggists and after deliberating with some of the prominent citizens decided to give the Vin He-

ATTEMPT TO BREAK INTO CANDY WAGON

One Boy Was Caught While Other Made Good His Escape.

Raymond Black, alias James Wolfe, 17, and John Walford, of Dayton, O., attempted to burglarize a candy wagon at Tenth and North E streets yesterday morning at 2:30 o'clock. The Walford youth made his escape, although Black was caught, escaped from the patrol wagon and was recaptured on the New Paris pike several hours later. He was fined \$1 and costs in police court this morning, and he will be held here until arrangements can be made to return him to White's Institute, from which place he escaped more than a year ago.

Black, who has been working here for three weeks on the Chester pike, which is being improved, met Walford, an old chum, at the Tenth Street Park Thursday night. The two slept in the park until early yesterday morning, when they started to burglarize the candy wagon.

They were seen by Patrolman Longman, who caught Black in the act of picking the lock. While the patrolman gave chase to Walford, two employees of the Adams Express held Black. He was turned over to Patrolman Harry Ottie, who had not one to assist him in handling the boy.

Later Patrolman Wenger was sent out after him in Chief Gorman's machine. After scouring the part of the city where the youth disappeared, Wenger believed that Black would start for New Paris. The patrolman followed the New Paris pike in the machine and caught Black between Richmond and New Paris.

Steps for the return of the boy to White's Institute were started at once by Chief Gorman. Black was given the lowest fine possible in order that he can be released when he is wanted at the reform school. No trace has been found of Walford.

BALLOONS CAUSE FIRE

The hose companies were called to 220 North Seventh street and to the home of Dr. Richard Schillinger, North Eighth street, Thursday night to extinguish small roof fires. Both fires were caused by burning balloons alighting on the roofs. There was little loss at either place.

MY DOCTOR MIGHTY FINE

Mrs. Hattie Cain of Carrsville Thinks all the More of Her Doctor Since He Advised Her to Take Cardui.

CARRSVILLE, Ky.—"My doctor," writes Mrs. Hattie Cain, "who advised me to take Cardui, my trouble is a mighty fine doctor, and I say, God bless Cardui and the people who make it."

"Before I took Cardui, I suffered with female trouble for sixteen years. I would have to send for a doctor every three months, and oh! how dreadfully I suffered!"

"I would cramp and have convulsions and it looked like I would die. At last I found it was the medicine for me!"

"From the first bottle, I began to mend and now I am well, can do more work, can walk and go where I please and it don't hurt me, and I owe it all to Cardui."

Cardui helps sick women back to health. It has been doing this for over 50 years. It is not a laxative, or a heart or kidney medicine—it is a woman's medicine.

If you are a woman, try it.

N. B. Write to: Ladies' Advisory Dept., Chatto & Windle Co., 1019 14th St., Elkhart, Ind., for 64-page book, "Home Treatment for Women," sent in plain wrapper, on request.

APPEALING FOR ICE

Palladium Free Ice Fund Helps Many.

PALLADIUM'S FREE ICE FUND.
Previously acknowledged ... \$36.10
Cash 1.00
Ed. A. Feltman 2.00
Total \$39.10

Each day more calls are made for help from the Palladium free ice fund. Today, a woman with a large family whose husband has been sick for thirty-seven years, as baggage-master on the division between Cincinnati and Logansport, has been sick for a long time and unable to work, asked for ice.

While the temperature is not causing much discomfort to healthy persons these days, to the fevered sick, there is nothing so refreshing as cold ice water, health authorities say.

But ice costs money, so does medicine. The doctor and his services are necessary to keep the thread of life from breaking; the money will not go round; the ice can not be bought.

Free ice makes the lot of the sick less hard to bear, and your contribution will help.

One dollar will keep a family supplied with ice for several days. Can you spare that much? Keep the fund growing.

A SHOOTING MATCH

The shooting match held by members of the Richmond Gun club at their grounds Friday afternoon was spirited though only a few of the members were present and participated. No records were broken but several of the shots were good. The club is taking much interest in the coming big match on July 25th.

REMOVED TO HOME

While working on the dam in course of construction across the river at Seventeenth street, William Hart became ill and it was necessary to summon the ambulance to take him to his home at 1402 North G street. Hart's mind is believed to have been effected by working in the sun.
