

WOMAN HITS A REPORTER BACK OF EAR

A Palladium reporter sent to a home on Southwest Third street this afternoon met with a vigorous and pugnacious reception. He had been informed that there had been an attempted suicide in the house. The woman of the house denied the report, called the reporter a sneak and ordered him off the premises. When he went to a neighboring house to continue his inquiries the woman pursued him and after a brief verbal tilt landed a stiff right swing back of the reporter's left ear that terminated all discussion and put him to rout.

ANOTHER ATTEMPT TO SECURE DECREE

"The second attempt of Elsie Gray to secure a divorce from Paul Gray was successful this morning. Charges of abandonment were made by the plaintiff. An attempt was made to secure a divorce from the defendant several months ago on the grounds of cruel and inhuman treatment though the court refused the decree at the time as the plaintiff was unable to prove the charges alleged. The defendant has been living apart from the plaintiff for more than two years as is necessary in case the decree was granted on charges of abandonment.

Mrs. Gray told the court she was married July 30, 1910, and lived with her husband eight months. After he deserted her he wrote her a letter telling her he was going to have a good time and for her to do the same, she said. She also told the court that her mother was compelled to take in washing to support the family.

MEMBERSHIP IN "Y" INCREASES IN JUNE

Reports at the monthly meeting of the Y. M. C. A. last night showed that the membership had increased to 811, which is 32 more than last month. Thirty-eight boys are taking work in the summer school, and 2,000 men and boys took advantage of the swimming pool during the month of June.

The dormitory is full to its capacity, with a long waiting list.

The committee to secure a physical director to take the place of Roy Horton, who goes to Indianapolis, was unable to report anything definite. Contracts had practically been completed with men at Piqua and Lima, but the local board refused to release them.

Boys' Secretary Pettijohn gave a detailed report of the boys' camp at Covington. His report covered the number of boys encamped, the athletic events and the finances. Pettijohn was retained for another year.

KING SAYS NOT TO "SWAT" THE FLIES

County Health Officer King is not an advocate of the belief that people should "swat" the flies. Instead he is of the opinion that their breeding places should be found and broken up. Dr. King has purchased new books on the subject of the reduction of flies and is making a careful study of causes and methods.

"Although the books contain no new information they explain the old in a way which better enables the reader to understand the subject which he is perusing," said Dr. King.

"You can't stop the increase of flies by swatting them," said he.

COUNTY OFFICIALS TO PICNIC JULY 27

The annual picnic of county officials probably will be held July 27. Although several of the county officials stated that the event would conflict with their church services, as the affair is an annual one, one of the officials will be asked to act as chaplain. The day will be spent at Chas. Jackson's farm, west of Centerville. The members of the families of the county employees will also be invited, as will newspaper reporters.

NEGLECTED TO FILE REPORT OF A BIRTH

The report of the birth of a baby born two years ago to Mr. and Mrs. August Rafski, Austrians living at 39 South Second street, was filed today with City Health Officer Davis. The Austrian was ignorant of the laws which require that a baby's birth be reported immediately.

REASER ACQUITTED

William Reaser, a bartender, charged with assault and battery by C. Q. Egbert, a well-known painter, was acquitted this morning in police court on the testimony of Robert Ashley, of the Westcott Motor Car company. Ashley stated that the fight between Reaser and Egbert was confined to a wordy battle, but that no blows were struck. The case was tried last Monday, but the conflicting evidence of the men prevented a decision. Egbert charged that on July 1 Reaser first assaulted and then hit him because he did not pay for a drink promptly. The fight was supposed to have occurred at a bar at 912 Main street.

PALLADIUM FREE ICE FUND	
Previously acknowledged...	\$44.60
Cash	2.00
Mrs. E. W. Morris	1.00
Total	\$47.60

Although cooler weather brought relief to small children who suffered from the excessive heat, ice is needed by a number of families in Richmond. Calls for ice are being answered every day by those in charge of the Palladium Free Ice fund.

UNCLE SAM MAKES A PROTEST TODAY

(National News Association)

MEXICO CITY, July 12.—Formal protest was lodged today by the United States Government against the action of the Mexican government in allowing the Mexican press to stir up anti-American feeling. Two notes were presented by Ambassador Wilson. At the same time denial was made that United States warships in the harbor at Guaymas used their wireless and searchlights to aid the rebels.

These publications have resulted in scattered demonstrations and rioting but no arrests have been made. Notices have been posted in the schools here for the children to secure small Japanese flags to parade in a procession to welcome the new Japanese ambassador upon his arrival.

El Pais today published a full page picture of Friday's anti-American demonstration by students. On the editorial page the newspaper said, "We see in Japan a future ally and defender of our independence because such an alliance would be dangerous to the United States."

FARMERS VISIT COBB

Oscar E. Fulghum and other prominent farmers in this city visited the office of Agricultural Agent Cobb today at the court house. Mr. Fulghum was formerly manager of the Richmond Business college, and for the past few years has been operating a farm west of the city on the National road. Sixteen acres of Mr. Fulghum's farm are being used for scientific experimental work along agricultural lines. Various kinds of fertilizers are used, and all kinds of crops raised in small quantities. Experiments are being made with soy beans, Canadian field peas, sweet clover, alfalfa and vetch. A field of corn, which was fertilized, is two feet higher than one which was not.

Richard Sedgwick reported yields of alfalfa which are unusual. A field was planted in this form of feed eleven years ago, and Mr. Sedgwick stated that the field is in as good condition as this time as before. He cut the largest crop from the field this spring, which was the thirty-second crop cut without having reseeded the field or even plowing it.

Herbert Pettijohn, boys' secretary at the Y. M. C. A., is already making plans for the boys' Bible class banquet, which will be given some time in October. This banquet will be the biggest affair of its kind ever given. Several out-of-town speakers will deliver addresses. A large number of boys will receive diplomas at that time, and it is hoped that much enthusiasm for next year's Bible classes will be aroused then.

The officials believe that these men are members of the car robbers who have been stealing thousands of dollars from the G. R. & I. and the Pennsylvania railroads. Miller's and Craig's arrests were the first. These men were brought here and later released on bond. The date has not been set for their trial.

The funeral of Wesley Spahr of Union county will be held from his home three miles southeast of Abington tomorrow afternoon. Spahr was one of the best known farmers in Union county and was well known in this community. His death occurred Thursday night.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore, requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Address F. J. CHENEY, & CO., Toledo, Ohio.

Sold by druggists, 75c.

SOFIA MOB IN UPRISING

[Bulletin]

SOFIA, BULGARIA, July 12.—Scores of men were shot in the streets here this afternoon in a general uprising against the government aroused by the first published news of recent defeat of the Bulgarian troops and the placid manner in which Roumania's declaration of war is being treated by the government. The palace is surrounded by a mob demanding the abdication of Czar Ferdinand.

BAYER WANTS AUTO; WILL PAY "UP-KEEP"

Sheriff Bayer will make application to the county commissioners for the purchase of an automobile at a future meeting of the officials. Bayer believes it is a necessity to his office. More than one hundred dollars has been paid out for automobile hire since January 1. The sheriff proposes to defray all expenses and pay the "up-keep" on the machine, if purchased. Of all the trips taken by the sheriff this year, only three arrests were made, and they were all on the same trip.

MAKES PLANS FOR BANQUET OF BOYS

Herbert Pettijohn, boys' secretary at the Y. M. C. A., is already making plans for the boys' Bible class banquet, which will be given some time in October. ANOTHER CHAPTER TO THE ROBBERIES

What is supposed to be another chapter added to the record of robberies through a "fence" at Fort Wayne which had its beginning in the arrest of Samuel Miller and Theodore Craig who are charged in Richmond with grand larceny, was recorded with the arrest of a Pennsylvania brakeman and several express sorters at Fort Wayne. The brakeman and sorters are held under \$1,000 bonds and will face trial on a petit larceny charge in the Fort Wayne city court next week.

The men are Brakeman Clarence S. Stoner and Express Sorters A. G. Guenther, Martin Malone and James Underwood. All live in Fort Wayne with the exception of Underwood who gave his residence as Chicago.

The sorters were employees of the Adams Express Company and are said to have been stealing from the company since last January. They are charged with taking goods worth \$4,000. Captain Stoll of the Pennsylvania railroad has been investigating with express company detectives and obtained a confession from each of the men with the exception of Malone who it is believed will make a confession of the theft soon. Malone and Underwood probably will be charged in the federal court with violation of the Carlton act which makes it a felony to tamper with interstate express packages.

"Other candidates are afraid of

Mayor Zimmerman," said Mr. Iliff.

The strong Republicans of the city believe that to run against Zimmerman would be certain defeat."

Residents of West Richmond are members of Arnold Pfeiffer, 216 National avenue, as a candidate for councilman-at-large. Ed Weidner, of the John W. Grubbs company, has been announced as a candidate for councilman of the Fourth ward.
