## THAW MAKES MOVE TO BLOCK JEROME

CONCORD, N. H., Sept. 25.—A new and secret plan of the lawyers for Harry K. Thaw to block William T. Jerome became known today. It is a move to stop Jerome from spending any money for New York state on the ground that there is no New York statute authorizing the expenditure of state funds to recapture an escaped lunatic. Action is to be taken in New York to have the state comptroller refrain from honoring any of Jerome's expense account in the Thaw case.

Governor Felker today indicated that he would impound a jury of reporters on the Thaw case by taking the names of all the newspaper men who have been following Thaw. Next to Thaw's counsel and keepers the reporters are considered the closest observers of the man during the past month.

## Bruises in Furniture.

Here is a method which has been of great use in removing bruises from furniture: Wet the part with warm water; double a piece of brown paper five or six times; then soak it in warm water and lay it on the dent. Apply a warm (not hot) flatiron until the moisture has evaporated. If the bruises are not gone, repeat the process. You will find this very good, and if the surface of the furniture is not broken the dent will disappear and leave no trace.—Exchange.

## EXPECT VIOLENCE ON HOUSE FLOOR

Mayor of Nashville Orders  
Every Patrolman to  
Legislative Hall.

NASHVILLE, Tenn., Sept. 25.—Every patrolman of the Nashville force was sent to Capitol Hill today to guard against violence in the House of Representatives. Mayor Houser appeared personally in the crowd of the policemen and said if rioting breaks out he will call on the governor for troops.

A tragedy was narrowly averted yesterday when Speaker Stanton arbitrarily adjourned the House because he feared some one would shoot from the gallery into the crowd of legislators discussing measures for the enforcement of prohibition law. His action nearly cost his own life as several men trained their revolvers on the speaker's stand and he was escorted from the chamber.

Speaker Stanton today explained his action in adjourning the House without a vote. He said: "I had been told that members of the House were on the floor armed. The House was in the wildest disorder and turmoil. In the galleries were penitentiary guards acting in a threatening manner while near them with guns drawn were John Yeaman and the man named Garrett. These two men were near pillars where they could pick me or any one else off. Feeling that men's lives were in danger, I adjourned the House as any presiding officer should have done."

## FOX GRANTS DECREE LEASES THREE PONDS

Saying that he believed the plaintiff was as much at fault as the defendant, Judge Fox granted a divorce to William Dingley from Irene Dingley. The plaintiff told the court his wife kicked him in the chin and was guilty of other improper acts. The defendant said her husband was guilty of infidelity.

The divorce cases of Lulu N. Sweet against George Sweet, Emma Moss against George E. Moss and Esther Robe against Frederick Robe will be heard Saturday morning. The case of Raymond Hartley against Hazel Hartley was postponed.

## "DADS" IN DANGER OF BECOMING GAMBLERS

Will the city officials fall? Will a black wave of gambling sweep through official circles?

Two reporters entered the board of works room this morning and found F. R. Charles, city engineer, B. A. Kenepohl, president of the board, and H. A. Roscher, city clerk, reading two small sheets of paper, one of which the luring color of red predominated. The officials paid no attention to persons entering the room.

An examination revealed that the papers were cleverly worded invitations to join a German lottery conducted by one Mueller company of Hamburg. In large red type, was the statement that for the investment of \$7, one stands a chance of winning any amount from one million marks down to 35 marks.

The officials decided to get up a "pot" for the price of two tickets, one first and one second class of the first drawing which takes place October 15. The price of this is \$7. For a later drawing, the officials would purchase tickets at \$3.50, and tickets for the third drawing at \$1.75.

Before any money was collected to send into this "golden opportunity to be placed as the rich man of your community," an argument resulted over the division of the money. As the members of the board could not decide whether the chief of police would receive a per cent of the winnings without any cash advance, the gambling business was deferred until next Monday when it will again be taken up for further consideration.

## BIBLE CLASSES ARE LARGE AT Y. M. C. A.

That the enrollment of the Y. M. C. A. Bible classes will far exceed that of previous years is the opinion of Boys' Secretary Pettijohn, who bases his belief on the enrollment of 150 in the last three days. The season does not begin until October 14, which makes the advance enrollment look unusually large to those interested in the classes.

Secretary Pettijohn is figuring up the percentages to be announced at the banquet, which will be held October 8, with A. W. Hawks as the principal speaker.
