

## WOODRUFF STRICKEN ON SPEAKERS STAND

New York Progressive Suffering From Collapse of Nervous System.

NEW YORK, Sept. 30.—Timothy L. Woodruff, former lieutenant-governor of New York, who was stricken with paralysis while speaking at a fusion political meeting in Cooper Union last night, was reported to have suffered a relapse early today. Dr. Norman E. Dittman, who is attending the stricken politician, made a hurried call to the Carlton house, where Mr. Woodruff is being cared for.

Mr. Woodruff, who formerly was one of the leaders of the Republican party in this state, but who went over to the Progressives last year, was stricken under dramatic circumstances. In the presence of thousands of persons, including John P. Roy Mitchell, the fusion nominee for mayor; Burroughs President George McAneny and Controller William Prendergast, Mr. Woodruff crumpled to the floor just as he started to speak. He was caught by Mr. Mitchell. A scene of great confusion followed.

The following bulletin was issued

## ASKS DOCTORS TO PRESCRIBE RHEUMA

Agent Greenburg Shows Faith in One Rheumatic Remedy After Six Years' Suffering.

"3839 Cottage Grove Ave., Chicago, Ill., March 17, 1913.—For six years, on and off, just as the weather would change, I have suffered agony from Rheumatism, the pains in my big toe, left foot, knees hips and groins being almost unbearable. At such times I hardly dared take a step for fear of another attack. I spent many dollars and became thoroughly disgusted with so-called Rheumatic remedies, until I tried RHEUMA. I was buying some liniment when your Pearl, Ill., agents recommended your remedy. I have since asked physicians to prescribe RHEUMA for Rheumatism. The train crews on the Rock Island Railroad, who saw me limping along using a cane, will verify my statements.

Yours most sincerely,  
J. K. Greenburg, News Agent,  
Rock Island Railroad.  
Anybody can afford to pay 50 cents to get rid of terrible Rheumatism, Sciatica, Gout, Lumbago, and that's all RHEUMA costs at Leo H. Fife's, and he says if it does not do all that is claimed for it, money back.  
RHEUMA costs very little, but it is one of the best remedies you can find to drive Rheumatic poisons from the system and bring back perfect health.

today by John Woodruff, a son of the stricken man.  
"Mr. Woodruff is suffering from an entire collapse of the nervous system. It has partly affected his left side. His mental condition is normal. Mr. Woodruff will be compelled to withdraw from active participation in the present campaign. The physician told me that my father passed a good night. With Mr. Woodruff is my mother, and brother, two physicians and nurses. It will be several weeks before he will be able to get up and go about his affairs."

## THIEF STEALS PONY AND ELUDES ARREST

CENTERVILLE, Sept. 30.—A pony and rig belonging to Howard Gamber, of Greensfork, were stolen from a hitch rack here last evening at 7:30 o'clock by an unknown stranger who made good his escape. The theft was one of the boldest attempted in Centerville for many years. The horse and rig are valued at \$100.

Gamber had hitched the animal to the rack at Dunbar's corner, the bus stop section of the town. He stepped into Dr. Fouts' office to get medical attention for an injury which he sustained some time ago, and returning fifteen minutes later was unable to find the animal.

Witnessed Theft.  
Ora Medaris saw a man step into the vehicle, after untieing the horse, and leave Centerville by way of the Williamsburg pike. He described the

person he saw who had been in Centerville with another person, who is also unknown.

It is believed he met his confederate outside the corporation and the two will attempt to dispose of the animal. The suspect is described as being a short, middle aged man, wearing tan shoes, a black cap, overalls and spectacles.

Not the slightest clue of the thieves could be found after they left town. Inquiries were made at farm houses along the Williamsburg pike, but no one reported having seen anything answering the description of the men or the missing horse and vehicle.

Gamber, after a fruitless search, notified the Richmond police. A lookout will be kept in all parts of Wayne and adjoining counties. It is believed the men will be caught if they attempt to dispose of the stolen property. Local officials believe the men have abandoned the rig on a lonely highway.

# "EVENTFUL DAYS" October, 1, 2 and 3, 1913

Big events come—they are enjoyed and forgotten—such will be the case of the RICHMOND FALL FESTIVAL, OCT. 1, 2 and 3 of this year. Business houses, as well as cities, have events that come and their events always come to stay—especially such has been the case with the Richmond Baking Co.

One day some years ago occurred the big event in cracker making. It was the introduction of "The Cracker With a Taste"—

## Butternut Wafers

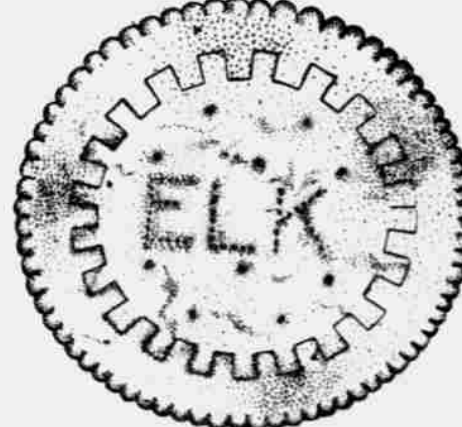

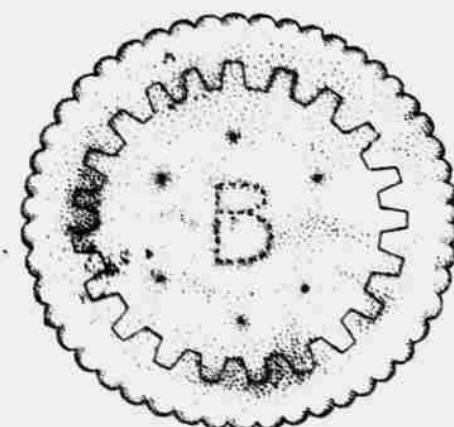

and today thousands of people in the best towns of many states are enjoying the sweet flavor of Butter-Nut Wafers—perhaps you might have the opportunity of tasting them while attending the Fall Festival.

The introduction of the World's Best Cracker was not the only big event that occurred with the Richmond Baking Co.

## THE ELK

—a little larger cracker than the butternut, is another one of our products. The Elk cracker is fast becoming the children's delight. Just the right amount of seasoning, crisp and can always be had fresh. Get them at your grocers'.

Our other and perhaps greater events come when we introduced for the first time in this city and vicinity—"Bread made with milk"—it was—

## Golden Cream Bread Butter Krust Bread

This bread, as did the famous cracker prove to thousands its far superior merits of Quality and Wholesomeness and is now a welcome visitor in many happy homes. In passing we might say—that such days as the introduction of the "Butternut Wafers" and "Golden Cream Bread" can be termed as "Eventful Days" that will never be forgotten.

Make my office your headquarters. If you are afflicted with any disease I will remove the cause of pain or sickness—Nature gives you health. Read below the letters of prominent men who know what my methods are:

It is my firmest belief that the prevailing mode of practice is productive of vastly more evil than good and were it absolutely abolished mankind would be infinitely the gainer—Dr. Cogswell, Boston, Mass.

Nine times out of ten our mis-called remedies are absolutely injurious to our patients—Prof. Jamison, Edinburgh.
