WOMAN FEELS 10 YEARS YOUNGER

Since Lydia E. Pinkham's Vegetable Compound restored her health

Louisville, Ky.—"I take great pleasure in writing to inform you what Lydia E. Pinkham's Vegetable Compound has done for me."

I was sick, nervous, and had no sleep. Now I can go ahead with my work daily and feel ten years younger than before I started taking your medicine. I will advise any woman to consult with you before going to a doctor."—Mrs. INEIZ, 2229 Bank St., Louisville, Ky.

Another Sufferer Relieved.

Romayor, Texas.—"I suffered terribly with a displacement and bladder trouble. I was in misery all the time and could not walk any distance. I thought I never could be cured, but my mother advised me to try Lydia E. Pinkham's Vegetable Compound and I did."

"I am cured of the displacement and the bladder trouble is relieved. I think the Compound is the finest medicine on earth for suffering women."—Mrs. VIOLA JASPER, Romayor, Texas.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by Mrs. Barbara Barefoot and Mrs. Isaac Davis of Cambridge City.

WHAT YOU NEED

(Continued From Page Two.)

failing to grasp its significance, step back at a distance and see with appreciation how each touch of color added to the attractiveness of the masterpiece?

Have you ever seen a harbor at a distance, with its effective backgrounds, perhaps the small boats to the foreground and the larger boats to the background, and remarked the beauty of the scene, and then upon coming closer and closer you observe at your feet the scum and the filth of it all?

A smile and a brave front are a valuable asset. They bring you strongly to your employer's attention. What guides him largely in his choice among so many men, you ask? The first impression is given by your general appearance. The employer comes in contact with men of all classes in the course of the day. As the result of this intercourse with mankind he has developed an ability to read his man almost at a glance. He is looking for ability and demands full value in brains.

If you want to be appreciated, if you want earlier and larger reward for your work well done, read the following condensed sentiment by a noted writer:

"Every normal man has that reserve power within him, a mighty coil of force and purpose which would enable him to make his life strong and complete were he free to express the best and the strongest things in him—were he not fettered by some bond, physical or moral."

A MARVELOUS ESCAPE.

"My little boy had a marvelous escape," writes P. F. Bastians of Prince Albert, Cape of Good Hope. "It occurred in the middle of the night. He got a very severe attack of croup. As luck would have it, I had a large bottle of Chamberlain's Cough Remedy in the house. After following the directions for an hour and twenty minutes he was through all danger." Sold by all dealers.

FIND LOST WHEEL

Vernon Newton Says He Did Not Take It.

MILTON, Ind., Oct. 2.—The wheel belonging to George Morton, of Cambridge City, which was taken from in front of the Baptist church at that place Sunday evening was found by Marshal Dan Drischel in the possession of two Duncan boys living near here.

When the wheel was located at this place Foster Scudder and Mr. Morton drove through in an automobile. On their way they noticed tracks in the road which showed that someone had been learning to ride a bicycle. They followed them to the Duncan home.

The Duncan boys' mother said the wheel did not belong to them but to Vernon Newton, who had left it there. Newton, who was then in the house, was arrested by Drischel. Newton stated that he did not take the wheel but knew who did. He was taken to jail at Richmond.
