Avoid Sedative Cough Medicines.

If you want to contribute directly to the occurrence of capillary bronchitis and pneumonia, use cough medicines that contain codeine, morphine, heroin and other sedatives when you have a cough or cold. An expectorant like Chamberlain's Cough Remedy is what is needed. That cleans out the culture beds or breeding places for the germs of pneumonia and other germ diseases. That is why pneumonia never results from a cold when Chamberlain's Cough Remedy is used. It has a world wide reputation for its cures. It contains no morphine or other sedative. MAIL CARRIERS BUSY

Prepare Reports on Parcel Post System for U. S.

A chance visitor in the back rooms of the postoffice these evenings would think that the rural route carriers and the parcels post clerks were "boning" for a civil service examination.

The postoffice department in its desire for accurate costs of doing business has demanded a report from each rural route carrier in the country for a complete list of all mail matter that he handles during the present month, its classification, weight, postage and a few other details.

The parcels post department, however, has been hit the hardest. The department wants to know the exact weight of each parcel sent out and the number of the zone it went to together with the amount of postage affixed. This record must be kept for fifteen days. The mental exercise caused by these two general orders is developing a surprising number of good bookkeepers among the postoffice employees.

MOTORCYCLE NOTES

"Beau" Brummel of Oshkosh, Wis., is grateful to an unknown motorcycleist, whose quickness on a two-wheeler recently saved him considerable time and inconvenience.

Brummel was going from Oshkosh to Neenah on a business trip when a sudden wind blew his hat from the window of the interurban car. The motorcycleist, who was riding along the road which runs parallel to the interurban line, picked up the hat and turning on full power, sped after the trolley.

He came up with the car while Brummel was still trying to get the conductor to return his fare to Neenah so that he might return for the hat.

That motorcycleist is not a selfish sport is shown by the ever increasing number of long vacation touring number of riders who are taking a wheel.

Mr. and Mrs. R. V. Dunn of Atlanta, Indiana, declare that one of the most pleasant trips they have ever taken was a motorcycle trip this summer to Jeanette, Pa., where they visited Mrs. Dunn's parents.

A 1,700-mile motorcycle tour from San Jose, California, to Spokane, Washington, has just been completed by Mr. and Mrs. E. B. Turner. On the trip the couple crossed the California desert. They carried with them a camping outfit, preparing their meals out of doors and sleeping in a tent.

L. W. Luder of Caro, Mich., is not only taking his wife on his vacation tour, but also his child. Mrs. Luder and the child riding in a sidecar. They expect to visit New York, Boston, Baltimore and Washington, and will be gone six weeks.

KENT LEMEN HEADS HIGH SCHOOL CLASS

A meeting of the junior class of the high school yesterday afternoon resulted in the following persons being elected to office for the school year: President Kent Lemen; vice president Hilda Tiffany; secretary, Frederick Cates; treasurer, Edgar Loehr; faculty adviser, B. W. Kelley.

The junior class expects to cooperate with the senior class this year in all social activities, and a very successful year is anticipated. They intend to give skating parties, banquets, and many other social events.

A meeting of the class will be called soon to decide what school emblem will be worn this year. It has nearly always been the custom to wear rings and pins with the class inscription engraved on them, and the present class probably will follow this example.

THEATRES

"Beverly of Graustark," is being presented this week at the Murray theatre by the Francis Sayles Players. This is one of the best offerings which has been seen at the theatre during the company's engagement. Although the story is an old one and the play has been seen several times here it is well worth seeing again.

Miss Olga Worth as Beverly is at her best. At her first appearance she was presented with a handsome bouquet of sunburst roses. Pauline Leroy as Princess Vitelva was splendid.

Prince Danton, known as Baldos, was as popular as ever. Much laughter was occasioned when the usher presented Mr. Sayles with a miniature baby carriage adorned with roses. Miss Meta Eyferts as "Aunt Fanny" added much to the success of the attraction. The regular matinee will be given this week. Next week "The Confession" will be presented.

HEAD ALL BROKEN OUT

Woman Tells How She Was Cured by Reliable Skin Remedy.

Mrs. M. J. Downing, 2527 Rucker avenue, Everett, Wash., says: "I want to tell you how I was cured by Saxo Salve. I had a breaking out on my forehead and all around my ears, and some on my scalp, which was very annoying. I tried different remedies without benefit and went into Darling's drug store, thinking to get some other remedy, but Mr. Darling wanted me to try Saxo Salve. I did so and it certainly cured my trouble in a very short time, and also my sister had scalp trouble, which it cured. I would willingly recommend it to every one and am very grateful for the relief."

In all kinds of eczema, salt rheum, tetter, barber's itch, etc., Saxo Salve has wonderful healing power, because its healing antiseptic properties penetrate the skin pores, and destroys the germs of disease.

We give back your money if Saxo Salve does not satisfy you perfectly. Leo H. Fihe, druggist, Richmond, Ind. P. S. For poor, thin, impoverished blood try Vinol. We guarantee it. (Advertisement)

AUTO STRIKES HISER

Former Richmond Man Injured in Motor Crash.

W. S. Hiser, formerly of this city, now a resident of Indianapolis, narrowly escaped serious injury and probable death in the face of a recklessly driven automobile, while riding on a bicycle. The automobile was driven by the 16-year-old son of the head physician of the City Hospital of Indianapolis. The quick action of the boy in turning the machine into a nearby yard, thereby allowing only the fender to strike Mr. Hiser, seriously bruising him, probably saved the latter from being killed. Mr. Hiser has been confined to his bed until today.

ASKS ALLEY LIGHTS

Police Chief Says Howard Arrest Proves Their Need.

The need of small electric bulbs in the alleys back of business houses was shown in the capture of Harvey Howard, colored, back of the Hornaday hardware store, according to Chief of Police Gorman.

Gorman says for the protection of property and the patrolmen who watch the stores at night that lights should be turned on in the alleys. With small bulbs lighting the alleys it would be impossible, he said, for persons to lurk in them. Men would find it more difficult to enter buildings and the patrolmen would not be placed at a disadvantage in looking for the men in the dark.

Although the ordinance to require merchants to supply such lights at the rear of their stores, was killed by the council about a month ago, Chief Gorman believes that the need of it will soon be known and more favorable action taken in the matter.

NEEDED PROTECTION

But Mayor Assesses \$25 for Carrying Gun.

"To protect myself with" was the explanation Harvey Howard, colored, gave Chief of Police Gorman for carrying a 32 calibre revolver, filled with shells. When found by Patrolmen Menke and Yingling, Howard was hiding behind a telephone pole in the rear of the Hornaday store, at 1:30 o'clock this morning.

Patrolman Menke testified in police court today that Howard had been lurking in the alley for at least twenty minutes, and that he was not intoxicated. Howard has been in the local police court before, and was given \$25 and costs by Mayor Zimmerman.

THROAT Troubles ARE Dangerous

because the swollen glands and inflamed membranes often affect other tissues and impair their healthy action.

Scott's Emulsion stands alone as nature's corrector of throat troubles; its cod liver oil is speedily converted into germ-resisting tissue—the glycerine is curative and healing, while the combined emulsion up-builds the forces to avert the weakening influence which always follows throat troubles.

SCOTT'S EMULSION is best for three reasons:—it relieves the trouble; it prevents a relapse; it is not charged with alcohol or stupefying drugs.
