

ST. ANDREWS PRINTS GUIDE FOR MEMBERS

Father Roell Issues Booklet As Souvenir Following Silver Jubilee.

WILL ERECT TABLET

Names of Building Committeemen to Be Placed in School Hall.

St. Andrew's Catholic church wardens are given a prominent place in the church guide, which was issued recently by the Rev. Father F. A. Roell as a souvenir of the silver jubilee, which the church members held in its honor last June. The wardens are Edward Berheide, Frank L. Waidele, William H. Torbeck, Joseph Waltermann, John G. Schwegman and Ferd Grotzhaus.

In the edition Father Roell gives advice on engagements, marriages, sick calls, baptism, communion, penitence, confession and training of children.

"Don't donate your spare dimes to the saloon and then give your pennies to the collection," is one of Father Roell's admonitions to his congregation.

A bronze tablet will be placed in the lower hall of the new St. Andrew's building, bearing the names of the building committee which had charge of the erection of the school house. It is announced in the book. The members of the building committee were John G. Schwegman, Ferd Grotzhaus, Joseph M. Waltermann, Henry J. Pohlmeier, Henry Steens, B. August Kennepohl, Frank Geers, Edward R. Berheide, William H. Torbeck and Frank Waidele.

Every parish society and sodality is given a paragraph in the year book and the officers are named.

A church directory of the parish societies and sodalities follows:

The Quickest, Simplest Cough Remedy

Easily and Cheaply Made at Home. Saves You \$3.

This plan makes a pint of cough syrup enough to last a family a long time. You couldn't buy as much or as good cough syrup for \$2.50. Simple as it is, it gives almost instant relief and usually conquers an ordinary cough in 24 hours. This is partly due to the fact that it is slightly laxative, stimulates the appetite and has an excellent tonic effect. It is pleasant to take—children like it. An excellent remedy, too, for whooping cough, spasmodic croup and bronchitis.

Mix one pint of granulated sugar with 1/2 pint of warm water, and stir for 2 minutes. Put 2 1/2 ounces of Pinex (fifty cents' worth) in a pint bottle, and add the Sugar Syrup. It keeps perfectly. Take a teaspoonful every one, two or three hours.

Pinex is one of the oldest and best known remedial agents for the throat membranes. Pinex is a most valuable concentrated compound of Norway white pine extract, and is rich in quassia and other natural healing elements. Other preparations will not work in this combination.

The prompt results from this mixture have endeared it to thousands of housewives in the United States and Canada, which explains why the plan has been imitated often, but never successfully.

A guarantee of absolute satisfaction, or money promptly refunded, goes with this preparation. Your druggist has Pinex, or will get it for you. If not, send to The Pinex Co., St. Wayne, Ind.

"Snow Baby" to be a Debutante

Miss Marie Ahnighito Peary, daughter of the discoverer of the North Pole Admiral R. E. Peary, is one of the season's debutantes in Washington society. Much has been written of Miss Peary and she has been famous since her birth as the first white child to be born within the Arctic Circle. She makes her bow on January 2.

bert, recording secretary; Mrs. Elizabeth Geler, financial secretary; Mrs. Elizabeth Gosselin, treasurer; Mrs. Elizabeth Bueing and Miss Mary Springer, trustees; Mrs. Elizabeth Meyer, senior conductress; Mrs. J. Huber, junior conductress; Mrs. Aemilia Kennepohl, inside sentinel; Mrs. Charlotte Maag, outside sentinel; Mrs. Anna Weiss, Mrs. Clara Batter, and Mrs. Rose Gatzek, auditing committee; Mrs. Aemilia Kennepohl and Mrs. Margaret Ammerman, committee for sick; the Rev. Charles Kabey, chaplain.

ST. ROSE YOUNG LADIES' SOCIETY

Miss Catherine Thesing, president; Miss Josephine Ramler, vice president; Miss Mary Grotzhaus, recording secretary; Miss Anna Wevers, financial secretary; Miss Catherine Reckers, treasurer; Misses Mary Zeyen and Caecelia Vosmeier, assistants; Misses Teresa Messmer and Mary Torbeck, collectors of the funds for decorating the altar.

ST. ELIZABETH AID SOCIETY.

Mrs. Amelia Kennepohl, president; Mrs. Margaret Zeyen, secretary; Mrs. Anna Wessel, treasurer.

ST. JOSEPH'S BENEVOLENT ASSOCIATION.

Casper Jelly, president; Henry Maurer, vice president; H. Stein, recording secretary; Joseph M. Waltermann, financial secretary; William H. Torbeck, treasurer; Herman Twehus and Ferd Schwegman, standard bearers; Raymond Kleman and B. J. Sostmeyer, assistants; Peter Geier, John Habing and Henry Torbeck, standing committee; Frank Waidele, Paul Geier and Joseph Stolle, executive committee; Frank Feldhaus, William Kahle, Edward Balling, Albert Torbeck, Henry Neuchter, John Beck-schultz, William Feldhaus, Edward Isen, and Michael Huth, committee for the sick.

UNIFORMED KNIGHTS ST. JOHN.

Rev. F. A. Roell, chaplain; Henry E. Schroeder, financial secretary; Joseph Waltermann, first vice president; Anthony Stolle, Jr., second vice president; Henry Neuchter, recording and corresponding secretary; Harry Schroeder, financial secretary; John Hafner, Sr., treasurer; Joseph Schepman, John Lux, Conrad Zwissler, Frank Hursting, and William Torbeck, Jr., trustees.

GETS MEMBERSHIP IN BANK SYSTEM

Membership in the regional reserve bank system has been granted the First National bank here, according to a letter received by A. D. Gayle, president of the institution. The bank will act according to the law in subscribing for stock, taking six per cent of the capital and surplus. This will amount to \$12,000, half of which is to be placed in the hands of the regional reserve bank, which probably will be located at Cincinnati; and the other \$6,000 is to be held in reserve here.

DIED AT THROTTLE OF C. H. & D. ENGINE

Jerry Foley, of Hamilton, Fell Unconscious While Running Train.

LIBERTY, Jan. 1.—Falling unconscious at his throttle, Jerry Foley, 48, Hamilton, regarded as one of the best engineers on the C. H. and D. railroad, was brought into Liberty where he died, never regaining consciousness. His four sons from Hamilton arrived here less than fifteen minutes after their father's death, which occurred at 5 o'clock last night. Hemorrhage of the brain was the cause.

As train No. 47, of which Foley was engineer, neared the Silver Creek bridge near Liberty and did not slow down as usual, the fireman investigated and found the engineer unconscious at his accustomed position in the cab.

The train arrived here at 12:30 o'clock when the fireman stopped at the station and called Dr. Garrett Pigan, the C. H. & D. physician. After Foley died, his body was taken to the home in Hamilton, where he will be buried.

RODGERS BUILDS ICE BOAT FOR SEASON

Skipper of Wild Rover to Sail the Icy Surface of Lake.

At last Capt. Rodgers, the gallant skipper of the good ship Wild Rover, has solved the vital and all-important question that has been puzzling him for the last few weeks.

When the cold winds of winter swept over the wide expanse of Mor-ton Lake, the fearful thought came to Capt. Rodgers that soon the lake would be covered with ice and the Wild Rover could no longer rove; at least with any marked success.

Broken in spirit the veteran seaman would soon have wasted away, had not his ingenious mind discovered an outlet for his viking spirit. After carefully deliberating on the question, Capt. Rodgers has hit upon an ice-boat as the most logical solution of the question, and he is now at work on a craft of exceptionally unique design which is the object of unfeigned admiration from the natives who inhabit the shores of his domain.

Ready For Trial.
In his extremity Capt. Rodgers has secured several wagon beds, and has fastened them together in a row. These are mounted on runners, and in the rear wagon is a motor for the purpose of revolving the air-propeller with which Capt. Rodgers hopes to make his craft dart over the icy surface with lightning-like swiftness.

Capt. T. Rodgers has delivered many exhibitions to the interested onlookers and explains just how he believes the child of his brain will perform. In discussing the merits of the propeller as a motive force, he said, "The wind goes through the fan on a windmill and makes it turn; conversely, if you turn the fan it will go through the wind."

Ninety per cent of the stenographers today are women.
