

## 350 WORKING GIRLS GUESTS AT BANQUET

Employed Women Hear Address By Prominent Church Workers.

### ATTEND TABERNACLE

Interesting Program Given At Reid Memorial Church.

Unique in every way was the reception and banquet given last night at the Reid Memorial Presbyterian church for the business women of the city. There have been many banquets given in this city but this is the first affair of its kind ever given for the women and girls of Richmond. The affair was made possible by the different church women of the city who arranged for the function. The guests were received in the church parlors. Previous to the banquet a program of organ numbers was played by Roland Nussbaum.

At 6:30 o'clock the guests were invited to the banquet hall where an elaborate menu was served. The tables were beautiful. They were appointed with carnations and ferns. At each cover was a carnation. Covers were laid for 350 women. Among this number were girls employed in offices, factories, stores and women engaged in various kinds of work.

### Mrs. Hole Gives Welcome.

At the close of the banquet a program was presented. Mrs. Benjamin Johnson presenting the speakers. On account of the lateness of the hour it was not given in detail as had been the intention. The guests were first addressed by Mrs. Allen D. Hole, who said she was glad to welcome the young people. She said the word "welcome" had been used so often that she was afraid it did not express her meaning. She said, she wondered if the working girl fully realized what she was doing. Many of them she remarked, never had had time to think of self for they were always doing something for some one else. In the daily grind of the day's work she hoped there would be a little time which the girl would take for herself and think of the day's work and the things she was doing. She said it was wonderful to think how many girls transformed the days drudgery into something else besides monotony.

Mrs. Hole's talk was followed by a few brief remarks by Mrs. Clase, a member of the Honeywell party. Miss Ruth James gave a pretty reading. Mrs. McCombs, also a member of the Honeywell party, gave a short talk. She said she was like the small boy who went to school and when a speaker got up and asked what he should talk about the young chap raised his hand and said, "Teacher, let him talk about a minute." Her remarks were brief and to the point. Miss Sarah Hill member of the school board, was the next speaker. Her words were in the form of a greeting and were fitting.

Miss Lamont Talks. The last talk was given by Miss Jean Lamont, who has charge of the Bible study work during the Honeywell meetings. Miss Lamont said she was a working woman and had been self supporting for a long time and she was glad to be able to talk to such a gathering of intelligent women. At the close of her talk many of the guests attended the Honeywell meeting at the Tabernacle.

## FRECKLES

Don't Hide Them With a Veil; Remove Them With The Othine Prescription.

This prescription for the removal of freckles was written by a prominent physician and is usually so successful in removing freckles and giving a clear, beautiful complexion that it is sold by Leo H. Fife under an absolute guarantee to refund the money if it fails.

Don't hide your freckles under a veil; get an ounce of othine and remove them. Even the first few applications should show a wonderful improvement, some of the lighter freckles vanishing entirely.

Be sure to ask the druggist for the double strength othine; it is this that is sold on the money-back guarantee.

### ANYWAY, HE TOOK CARE OF WHISKEY

When William Caldwell asked Edward Hiatt to see that he got home all right and to take care of a bottle of whiskey for him yesterday, Hiatt put the liquor where it would give his friends no further trouble—he drank it.

In police court today Hiatt explained that he was not intoxicated but was taking Caldwell home and had taken a few drinks from the bottle. Both were fined \$1 and costs for public intoxication.

## ENDOWMENT FUND EXCEEDS \$500,000

Earlham's Head in New York Hopes For Pro Rata Settlement.

### 171 GIFTS RECEIVED

The \$133,300 raised during the past two years for the Earlham endowment fund came in 171 gifts or pledges from the following sources, reports V. D. Nicholson, field secretary, as follows:

M. M. White	\$75,000
Board of trustees, exclusive of Richmond and of M. W. White	8,825
Richmond (\$4,500 from persons connected with college)	13,475
Scattering gifts	24,030

President Kelly is in New York today conferring with the secretary of the general educational board as to the terms of their settlement with the college under the contract that has just terminated. If a pro rata settlement were made now on the basis of the sum secured by Earlham, the total increase of endowment would be approximately \$150,000, thus making Earlham's present endowment approximately \$500,000. It is hoped, however, that some arrangement may be made whereby the colleges can continue under the contract of this board until the needed \$400,000 that was originally contemplated, is secured.

Mr. Nicholson states, however, that regardless of the action of the general educational board, the effort to secure the whole \$400,000 will continue just as vigorously. The securing of this sum will place the endowment at three quarters of a million dollars, which is the minimum required to insure Earlham's continuance in the enviable positions among American colleges hitherto achieved.

## FOUR MADE ESCAPE; TWO ARE CAPTURED

INDIANAPOLIS, Jan. 9.—Six prisoners made a daring break from the Marion county jail at 11:20 this morning. Four of them are still at large while two were captured, one as he dropped from the window into the hands of two city detectives and the other who was injured in dropping from the window and took refuge in a barn. The fugitives are:

W. D. Taylor, United States prisoner, charged with grand larceny.  
Fred Schmidt, burglar.  
Clarence Harris, grand larceny.  
Lester Ferguson, burglar, and Lester Brown, under a jail sentence of a year were captured.

The prisoners were all in cells on the second floor which is known as "United States row," and they sawed their way to liberty, with a saw which it is thought was smuggled into the jail.

The cells are in the middle of the building and it was necessary for the prisoners to pass through a corridor before they gained the window on the west side of the building, through which they escaped.

## EARLHAM TO BATTLE WITH WINONA TEAM

The final practice prior to the Earlham-Winona Aggies game at the Coliseum tonight at 8 o'clock, was held by Coach Reagan and assistant Coach Brown in the Earlham gymnasium, yesterday afternoon. The Quaker boys are resting in readiness for the season opener tonight. Forwards Stanley Wolf and Capt. Rowe were given a thorough workout in tossing goals and both coaches are anxious to see how their new system of twirling the round piskin will work out.

The Yellow and White squad vanquished the Winona boys last season with a score of ten points to the good. The visitors are considered a strong aggregation as they devote the entire fall to basketball as they have no football team in the field. The Quaker squad was seriously handicapped by the intervention in program caused by the Christian holiday for it left the team back in shape after the two weeks interruption.

Capt. Rowe and Stanley will start the game as forwards, Kemper, center, and Williams and Lancaster, guards. The list of substitutes includes Wolf, Little, Thistlethwaite and Lamb.

As usual the game will be played in the Coliseum at 8 o'clock tonight.

## BUILDINGS OF CITY IN BAD CONDITION

Members of the board of works have found a number of buildings owned by the city to be in a dilapidated condition, due to the failure of the last administration to have them kept in proper repair.

The first complaint was that the roof of the park superintendent's home was leaking and was badly in need of papering.

Then the police department registered several complaints about conditions at the city jail, one that its roof was leaking, one that the bones of Henry Dayton, a murder victim, were a nuisance in the woman's section of the jail, the other that the city had to pay many doctor bills because the sleepboards for "souses" in the jail slanted downward at such an abrupt angle that most of the occupants slid off of them, alighting on the cement floor.

The crematory was permitted to get into such disrepair that it has not been operated for several days and will not be until next Tuesday.

### Firebox Needs Repairs.

Much of the trouble to the firebox at the crematory has been caused by the practice of burning wet garbage, thus rotting the fire bricks. Sanitary Officer Mashmeyer is now making an inspection of all alleys to see that the ordinance requiring only dry garbage be placed in receptacles in being observed. Garbage collectors, under instructions from City Health Officer.

WANTED—One copy of Oct. 14. Leave at Palladium Office.

Smeiser, are also notifying all householders of the existence of this ordinance. In the future arrests will be made of those who persist in violating it.

Several changes of a minor nature are contemplated at the market house and the board will probably consider the question of making the market a free one.
