

CARNATION LEAGUE FOUNDER LIVES HERE

Lewis G. Reynolds, Author of
Creed, a Richmond
Resident.

Few persons in Richmond who were carnations today as an annual tribute to the memory of William McKinley, know that the founder and organizer of the "Carnation League of America" is living in Richmond—Lewis G. Reynolds.

The creed of the Carnation League, which follows, was composed by Mr. Reynolds and declared by former President Roosevelt to be a little classic which should be subscribed to and memorized by every man, woman and child in the nation.

"Believing that the future greatness of my country can best be assured by a growth of good citizenship among the people, and that good citizenship may be promoted by keeping fresh in our hearts and minds the best traditions of our country, and that this can, in a measure, be accomplished by a proper observance of our national holidays, I charge myself, from this time forward, to give thoughtful consideration to the patriotic lesson presented by each such day, and endeavor to have others do the same."

Carnation day was born in Dayton. Something of the purpose of the organization is indicated in the following extract from the original promulgation of the institution:

There has been instituted a McKinley memorial known as the Carnation League of America, the sole purpose of which is to commemorate annually, the life and works of William McKinley and foster national patriotism. His pure, clean life, and his distinguished service mark him as worthy of especial honor. The same loyal impulse that prompted the stopping of wheels of industry for those moments on the day of his burial has found expression in this simple tribute instituted by the Carnation League of America. It can be taken part in by old and young of either sex. To wear the president's favorite flower in the lapel of the coat, or in the hair, or at the throat, in silent memory of a departed servant, whose life was forfeited because he was our public servant, is what is contemplated by this movement. The fact that the carnation was President McKinley's favorite flower and was always found in his buttonhole is the reason for its choice. The league symbol to be worn on each recurring 29th of January, the anniversary of the late president's birth. The custom was first observed on January 29, 1903, with the greatest unanimity throughout the country and by all Americans all over the world."

FIRE HOSE BOUGHT BELOW OLD PRICE

For the first time in many years the board of public works followed out a policy of purchasing fire hose on a competitive basis. Bids from nine companies were opened, and all of them were below the price the city has been paying for some time, \$1.10 a foot.

Five hundred feet of standard hose is to be purchased, and the board will announce the contract award late this afternoon. Hose the city has been using in the past has been very satisfactory, but the board believed the city was paying too much for it. This opinion was apparently substantiated by the figures contained in the bids submitted today.

The Eureka Fire Hose Manufacturing company of Chicago, which has supplied the city for several years, offered its best grade at \$1.10, but two other grades at 90 and 75 cents.

Only one other company quoted hose as high as \$1.10, the C. C. Fire Hose and Rubber company of Port Huron, Mich., but it quoted two other standard grades at \$1 and 95 cents.

Bids of the companies follow: Grether Fire Equipment company, Dayton, two grades at 85 cents, one at 80 cents and one at 70 cents. Bi-Lateral Fire Hose company, Chicago, two at 85 cents, one at 95 cents and one at \$1.

Boston Weyna Hose and Rubber company, \$1.90 cents and 80 cents. Jones Hardware company for New York City and Packing company, \$1 and 90 cents.

Standard Rubber company, Chicago, \$1.80, 80 and 75 cents. R. P. Goodrich company, Indianapolis, two grades at 80 cents each.

United Globe and Rubber company, Chicago, 82 cents.

All bids called for double jacket cotton and rubber lined goods, and a 400-pound pressure guarantee.

Agents for the companies frankly admitted it was difficult to test the quality of rubber goods by sight or feeling, and all were emphatic in their declarations that their goods would stand the most rigorous physical and chemical tests. They also said that the normal life of hose was from fifteen to twenty years, but no guarantee on the same could be made.

CLEAN YOUR WALKS

Persons whose sidewalks are covered with mud and dirt in the residence districts are receiving notices from the police department today to clean them up at once. The notices allow twenty-four hours time in which the work may be done from the time the notice is received. In some localities mud has been allowed to wash onto the sidewalks and accumulate until the walk is almost impassable. This has led to the action of the department, giving notice before the property holders are compelled to have the work done.

INSTALL ORGAN IN FIRST PRESBYTERIAN

A representative of the Moller Organ company of Hagerstown, Md., is in the city installing the new pipe organ in the First Presbyterian church. The instrument is being installed at a cost of \$3,000 by using some of the pipes from the old organ. Organ experts say the tone of some of the old pipes can not be improved. The organ company hopes to have the instrument ready for use by the first of March.

MANY TO ATTEND ANNUAL MEETING OF STATE SOCIETY

INDIANAPOLIS, Jan. 29.—Crusaders, armed to the teeth with enthusiasm, will invade this city Saturday. They will come from as far north as Lake Michigan and from the Ohio river to the south. They will come from the valley of the historic Wabash on the west, and from the Ohio state boundary on the east. Instead of the heavy steeds of the olden times, they will be mounted on snorting passenger trains and trolley cars. From reports received at the office of the State Anti-Tuberculosis Society, representatives will attend the meeting from nearly every county in the state. Noted educators, physicians, club women, social workers, professional men and others interested in this great movement will make up the assembly.

SINGERS OF GERMAN FOR CHARITY CAUSE

German singers, members of the oldest musical organization in the city—the Richmond Mennerchor—will sing songs in the German language at the charity concert at the tabernacle, February 6.

The Mennerchor was organized in 1856, in a room over Fifth and Main streets, with Prof. Tisch as the first director. Only one of the charter members, John Schuman is living. He is ninety years old, but is still interested in the progress and growth of the society. With such men as Henry Schultze, Ferdinand Herold, Henry Winterling, Leonard Sperling, Frederick Paulus, Conrad Schlueter, Balzer Bescher and Henry Emeric as active members, the organization flourished before the Civil war.

Recruit Members.

When hostilities broke out on the society suspended meetings until 1866. Many younger Germans came to the city from Cincinnati in that and following years, from whom the ranks of the Mennerchor were refilled.

The next year the Singersfest was given, the Cincinnati orchestra being brought here as an added attraction. The society was reorganized in a home of its own between Main and North A streets on Seventh.

Succeeding Prof. Collett as director, Prof. Al Moorehead took charge of the singing. Under his direction many successful recitals were given. At that time among the most active members were H. H. Engelbert, Joseph Grimm, Adolph Meier, William Surrendorf and Albert Stauber.

A few years ago the Mennerchor changed its meeting place to the old station house on the south side, where weekly rehearsals are being held for the National Singersbund to be held at Louisville, Ky., in February. William H. Dunning, Jr., is directing the organization.

SUFFRAGETS NOT "PEEVED" ABOUT HOUSE'S ACTION

WASHINGTON, Jan. 29.—There is to be no war against the Democratic party by the National American Suffrage association, because the house rules committee declined to recommend a special committee on suffrage. This was made clear today in a letter to President Wilson by Mrs. Medill McCormick, chairman of the congressional committee of the association.

She assured the Democrats that the Congressional Union for Woman Suffrage does not have the united support of the suffragists in its plan.

PLEADS FOR CHANGE IN SHERMAN LAW

WASHINGTON, Jan. 29.—Declaring that the Sherman Law shall be deemed unreasonable, Representative Stanley of Kentucky today presented arguments in favor of the various measures he has introduced at the hearing on the administration anti-trust bill by the house judiciary committee.

"What we need to do," said Stanley, "is to restore the Sherman Law to its pristine vigor. Before the Standard Oil and Tobacco decision by the supreme court there was a long list of opinions by the court holding that any restraint of trade was an unreasonable one."

COMMITTEE MEETS

To decide whether the Honeywell tabernacle shall be left standing for some time after the close of the revival, the committee of one hundred will hold a special meeting at 4 o'clock tomorrow afternoon at the Y. M. C. A. There has been considerable agitation for allowing the building to stand and using it for union meetings.

KRAIMEYER CHAIRMAN

Elmer Kraimeyer was elected chairman of the committee on noon meetings at the Starr Piano factory today. Mr. Kraimeyer will name the other members of the committee who will co-operate with the Y. M. C. A. officials in arranging the meetings and in advertising them. The committee will also have charge of the factory and of arrangements for future open houses for the employees at the Y. M. C. A.

"Y" TEAM MEETS EATON TOMORROW

The Y. M. C. A. basketball team goes to Eaton tomorrow night to meet the Independent five of that place. Little is known of the strength of the Preble county outfit, although the management of that team asserts his men will give the locals a run for their money. The same lineup that played against the Hoosier five last night probably will start the game.

A week from tomorrow night the "Y" team lines up the recently reorganized Central five of Indiana in a game which will decide the championship of Eastern Indiana. The Hudson aggregation includes such men as Harrington, Hampton, Welchman, Wilcox and Martin, and expects to break the winning streak of the association five.

FATE OF NESTOR IN JURY'S HANDS

Judge Makes Specific
Mention of Principles in
Murder Trial.

Contrary to long established custom, Judge Fox today made specific mention of the principles in a murder trial when he read to the jury instructions in the case of Donald Nestor, confessed assailant of Richard Cook, who died as the result of wounds inflicted with a pair of scissors at the hands of Nestor.

The jury was given the case shortly after 2 o'clock. Judge Fox pointed out in his instructions that there had been an altercation between Cook and Nestor, cautioning the jury to weigh carefully the evidence to consider whether or not there was apparent danger in Cook's attitude toward the defendant at the time of the argument. Should the jury accept the opinion and arguments of the attorneys that Nestor was menaced by Cook and acted in self defense, a verdict of acquittal may be returned.

The attorneys for the defense asked for an acquittal, saying the evidence pointed toward the fact that Nestor was employing the "inherent right of self-defense."

Prosecutor Asks Justice.

Prosecuting Attorney Reiter continued the evidence differently, but asked the jury that justice be given Nestor in the verdict.

Cook's death was the proximate result of the injury, Judge Fox told the jury in his instructions. Cook was killed and languished and died in another state.

The judge continued, using part of the evidence in which it was shown that Cook and Nestor had had an altercation preceding the striking of the blow. He dwelt at length on what constitutes manslaughter, first and second degree murder, and in opening his argument, Attorney Allen told the jury that the state had not made enough effort to secure witnesses showing that Nestor acted in self defense.

As prosecuting attorney of this county some time ago, I learned that many a man here in Richmond goes to jail for things he is not guilty of because he is unable to present his defense properly," Allen said.

He said that Cook, who had been represented as having a reputation for peace and quietude in the community, worked for only three months of the year he had been in Richmond and the remainder of the time loafed on the streets.

The jury is composed of J. C. Burris, Caleb Wilson, George W. Davis, George W. Hensley, Lewis E. Kinsey, Elmer Lumpkin, Charles Bailey, Samuel Robinson, Mark Stevens, John Boyd, Charles Rothermel and Walter Harris.

ENTHUSIASM IS RIFE

Enthusiasm at the noon shop meetings is increasing as shown by the attendance at the Starr Piano factory, the F. & N. lawn mower company and the E. G. Hill greenhouse today. One of the best meetings of the series conducted by the Honeywell party, and the Y. M. C. A. was the service at the Hill Floral company where every employee was present. Miss Lamont and Mrs. McCombe talked. The employees joined in the singing.

No matter what the burden on a man's heart may be or what path he may have followed, Christ is willing to help him, the Rev. Mr. McCombe told the sixty-five men who attended the meeting at the F. & N. plant. J. H. McAfee sang. Prof. Elbert Russell talked at the Starr Piano company. Music was furnished by Mrs. Ray Longnecker and Mrs. F. W. Krueger.

The last of the meetings for the week will be held at the Davis Carriage company and the National Automatic Tool company Friday noon.

PATROLMEN TO HEAD TABERNACLE PARADE

Headed by the night force of the city police department and the bands, the parade of Honeywell men, uniforms at the Y. M. C. A. at 7 o'clock, will march west on North A street to North Fifth, thence south to Main and east to the tabernacle. The parade will be conducted by J. H. McAfee, acting as marshal. The places for assembling are: Reading room, patrolmen; lobby, dormitory men; second floor, boys; gymnasium, railroad men; street in front of the building, citizens.

Last Night's Scores.			
I. H. C.	587	613	679
Hunts	542	561	621
Bowlers at the "Y" alleys were scarcer than hen's teeth last evening for the match between the I. H. C.'s and the Hunts was played with two blind on both teams. For the first time in its history as a bowling the Hunts suffered three consecutive defeats but in last night's contests the I. H. C. boys took every game with a large margin. The fact that both teams were imperiled by the absence of two team members accounts for the small scores.			
Despite the fact that the bowlers were in poor form, King, of the I. H. C.'s demolished 223 pins in the third game of the series. The summary of the game is as follows:

MANY LEAVE GARFIELD

Students Ready to Enter
High School Monday.

The list of students who have completed their work at the Garfield school and will be promoted to high school tomorrow has just been completed by Principal N. C. Heironimus. The students have had conferences with their future teachers and have their schedules for the next semester made out ready to enter high school Monday morning.

The list follows: Henry Beck, Russell Beck, Charles Chappell, Alonzo Clemens, Ralph Clendenen, Virgil Cranor, George Cole, Noel Deem, Roland Rurttamon, Wilke Dye, June Gayle, Thomas Graham, Anthony Hafner, Orto Harris, Lavon Harper, Earl Hlatt, Oris Isenbower, More Justice, William Keys, Merkesley Lahman, William Lawrence, Willard Lebo, Harold Long, Carl McBride, Kenneth McCray, Roland Marshall, Roy Miller, Ed Murphy, George Pettibone, Marion Pickett, Robert Quigg, Murray Ramsey, Robert Ross, Everett Retz, Clem Roberts, Robert Roland, Benjamin Rost, Theodore Sampson, Theodore Sedgwick, Howard Sickman, Roy Smith, Richard Thomas, Matt Voelsgang, Kenneth Ward, Byron Wilson, Maurice Wilson, Walter Winkle, Henry Qutz, Julius Teetz.

Mildred Ault, Irene Burkhardt, Esther Crowe, Anna Dafen, Edith Decker, Gertrude Dietrich, Goldie Fisher, Alice Goodwin, Nina Guthrie, Margaret Hugh, Emma Howard, Helen Jankins, Ruth Kaufman, Frances Kinder, Estella Koehring, Marie Konigkramer, Helen Ligon, Lydia Maupin, Hilda Melek, Dora Moore, Opal Osborne, Hazel Rossiter, Mabel Shaver, Gertrude Smith, Hazel Stevenson, Marie Thomas, Augusta Wimbald, Irene Usher, Marguerite Van Zant, Josephine Wasan, Juanita Wickett, Freda Williams, Ruth Wiltrout, Mary Zeek.

HOLD REHEARSALS

The dramatic club of St. Andrew's school is holding rehearsals for "A Confidential Clerk," which will be presented February 18 and 19.

ASKS NEW SEWER IN WEST RICHMOND

Petition Presented to Board
Referred to Engineer For
Plans.

At a meeting of the board of public works today a petition for a new sewer system was presented and referred to the engineer for plans and estimates. The proposed sewer system would be between West Ninth street and Clear creek from the National road to West Main and West Seventh to the creek, from Main to Peacock road.

Engineer Charles said he had received several requests for official tests of gas meters. He said meter proving machines ranged in prices from \$150 to \$200. The board decided to defer action on this matter.

A sanitary sewer for Richmond avenue, from Northwest Fifth to Northwest Seventh was petitioned for. The roadway from the North Twelfth street bridge to the fill being made for the road improvement to the north is almost impassable because of mud, property owners informed the board today, and they presented a petition for a temporary board walk. The board will make an inspection of the proposed improvement.

Engineer Charles reported that the city's share of the estimated cost of cement sidewalks and gutters on North Third street would be \$650, and it is probable the board will order this improvement.

"There is no question but what the sidewalks and the roadway on North Third street are in terrible condition," said President Davis, "and the conditions existing on that street are not only undesirable to the residents, but make a very bad impression on visitors to the city."

Because the platform of the north and C. & O. station was so poorly illuminated at night the board concluded its session by adopting a resolution requesting the railroad company to locate a large arc light at the station.

INSPECTS PLANT

The school board late this afternoon inspected and passed on the heating plant at the new Joseph Moore school. The building is now ready for the opening Monday morning.

TAILORS AND WOOLEN MERCHANTS

Bear in mind 500 different weaves of cloth to choose from. Nothing restricted.

EXPLAIN USE OF POSTERS ON BOARD

Persons walking on East Main street have wondered at the large picture of the visit of the wise men to the manger where Christ and his mother were found, which is displayed on the bill board bearing the words, "Ask your Sunday School Teacher to tell the Story." The picture bears no advertising of any kind. It is a part of an educational campaign hit upon by the Poster Advertising Association of the country to be placed on vacant space on the boards. The purpose of the campaign is to interest boys and girls in better living. Thousands have been scattered over the country. Others portraying different lessons will follow.

NEED OF ANOTHER PATROLMAN FELT

The absence of Patrolman Wenger who is doing night traffic duty at Eighth and Main streets, is a serious handicap to headquarters in case of fires, ambulance calls and other hurry up calls, of which the majority come at night. While the presence of Wenger at the corner allows the four patrolmen on the adjoining beats to stay on them, it leaves headquarters without a man to send in response to urgent calls. The present arrangement does not satisfy Police Chief Goodwin, who, however, probably will not make any changes until the police commissioners feel able to add another man to the force.

M'CONAHA DECIDES TO ENTER RACE

Walter McConaha of this city, one of Richmond's best known business men, today announced that he had definitely decided to be a candidate for the Progressive nomination for state senator.

SHIVELY IN RACE

WASHINGTON, Jan. 29.—Senator B. P. Shively made it clear to his friends here today that he is a candidate for reelection to the senate. He is one of the proposed candidates of Thomas Taggart, Democratic national committeeman of Indiana, or that of any one else. He said he would make a sweeping campaign tour of the state if he thought such a course necessary.

Prescription—for 15 standard skin remedy—a liquid used externally—instant relief from itch. Soap keeps tender and delicate skins always clean and healthy.

PISTOL AS PACIFIER

Miller Fined \$25 For Flour-
ishing Gun.

John Miller, colored, is at the county jail serving a sentence of 325 and costs and 120 days, because he tried to adjust domestic disturbances with a pistol. Miller, whose hearing had been set for Friday morning, changed his plea to guilty last night and was fined by Mayor Robbins. The prisoner acknowledged to doing the shooting, but said he knew he should not have done it. He stated to the court that he was satisfied with the way his family was acting. When he called them to task, he alleges, Gus Roberts, who was keeping company with one of his daughters, cursed him. In return, Miller said he "took a shot at him."

Bohemia in 1913 raised 129,316,700 bushels of potatoes on 743,217 acres of land.

ONE DOSE RELIEVES A COLD—NO QUININE

"Pape's Cold Compound"
Ends Bad Colds or Grippe
in a Few Hours.

Relief comes instantly. A dose taken every two hours until three doses are taken will end grippe misery and break up a severe cold either in the head, chest, body or limbs.

It promptly opens clogged nostrils and air passages in the head, stops nasty discharge, stops sneezing, relieves sick headache, dizziness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed up! Quit blowing and sniffing! Ease your throbbing head! Nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only 25 cents at any drug store. It acts without assistance, tastes nice, causes no inconvenience. Be sure you get the genuine.
