

## ADAIR WILL SPEAK AT K. OF P. JUBILEE

Eighth District Representative Accepts Local Lodge's Invitation to Come Here February 19.

## DECORATE COLISEUM

Twelve Foot Shield, Covered With Flowers and Moss, Will be Electrically Lighted at Big Affair.

John A. M. Adair, representative of the Eighth congressional district, has wired his acceptance of the offer of the Knights of Pythias to speak at the golden jubilee celebration here a week from today, taking the place of Governor Ralston, who asked his release from the engagement last week.

State lodge officials assisted the local Pythians in obtaining the congressman's consent to speak here.

Frank Roberts, chairman of the general committee, wrote Mr. Adair a letter Sunday to his Washington residence, explaining the situation, and asking that he speak here. Mr. Adair wired yesterday that legislative duties at Washington would make it impossible for him to accept the offer. At 2 o'clock yesterday afternoon another telegram was received from Mr. Adair saying: "Change in legislative program makes it impossible for me to accept your offer. Wire, J. A. M. Adair."

Explains Mistake. The similarity in the wording of the two telegrams caused Chairman Roberts to wire the Washington telegraph office to have the message repeated. Last night he learned that a mistake had been made in transmitting the message, and that Mr. Adair had accepted.

Congressman Adair is serving his fifth term as representative from the Eighth district. His home is in Portland. He is a prominent committee man in the house and takes an active part on the floor, being recognized for his oratorical power.

Committees for the Knights of Pythias jubilee and at Adair's acceptance. The program is now complete, and only the decorating of the Coliseum remains to be done.

A shield twelve feet high, has just been completed at the order of the decorating committee. The shield, which bears the eagle and helmet, will be inlaid with flowers and moss, and each figure in it will be outlined with electric lights. It will be swung from the balcony as a background for the five men who will recite the parts of the special ritualistic service. A one thousand candle power electric light, the largest ever brought to Richmond, will be used in the electrical effects.

## NO ROWDIES HERE

Pickell Resents Anderson Charge of Unfairness.

Principal Pickell, of the local high school, today resented the charges made by several Anderson newspapers that the Anderson basketball team had received unfair treatment at the hands of the rooters and team of the Richmond school last Friday night, which resulted in a close victory for the local men.

The Anderson papers printed a story that the Anderson boys had been cheated out of the game here, also that the visitors received rough and ungentlemanly treatment at the hands of the Richmond rooters.

Pickell wants it understood that the Anderson crowd was beaten fairly and squarely, as the official score showed, and not presented with the victory by the referee.

## EVERS FREE AGENT; MURPHY IS PEEVED

Says There is a Conspiracy to Drive Him Out of Baseball But He Will Not Sell.

NEW YORK, Feb. 12.—President Charles W. Murphy of the Chicago Cubs today threw down the gauntlet to his fellow magnates of the National League and to organized baseball. Murphy plainly showed his wrath over the action taken by the board of directors of the league in upholding John Evers, his deposed manager, as against himself, by declaring Evers a "free agent."

Challenging his foes with an attempt to drive him out of organized baseball or out of the Chicago club, he said:

"I consider the Chicago club interests first and the National League second. What I do for the best interests of the Chicago club. If other people don't like it, they don't have to."

"If Evers wants to go to the Federals, he is welcome to do so and they are welcome to him. As far as I am concerned Evers mentally is now a free agent."

"For six years certain people have been trying to chase me out of baseball. I am in baseball to stay. Organized baseball and the National League are secondary in my consideration. My interests are Charles Murphy and the Chicago club. I'm running it to suit myself and I'd like to see anyone try to get me out. I would not sell for double the price of my stock."

## TRIBUTES PAID TO MARTYRED LINCOLN

Birthday of Great President Was Generally Observed in Richmond today.

The birthday of Abraham Lincoln was generally observed in the city today. Banks and saloons of the city were closed the entire day, while the schools of the county held only half-day sessions, and programs, in accordance with the day, were observed. Patriotic exercises will feature the meeting of the Citizens Union tonight, at the Mt. Moriah Baptist church.

William Dudley Foulke delivered an address on Lincoln at Earham chapel this morning. Mr. Foulke dwelt on the life of Lincoln, emphasizing the fact that that great man rose from an humble home to the presidency by sheer grit alone. The speaker also narrated many interesting happenings in the life of the martyred president.

Graham Speaks. The Rev. T. J. Graham gave an interesting talk on the life of the great president, at the high school chapel, this morning. The speaker emphasized the reality of Lincoln and also related many examples of the sterling character of the martyred man. The school orchestra rendered several selections in keeping with the occasion.

"The one who looks on the outward appearance of Abraham Lincoln, missed the reality of that man," said the Rev. Mr. Graham. "He was a man of great heart and mind, although he had only all told one year of schooling. He studied the Bible and used it in his speeches and many of his expressions have become classical. We know his business career was not a success, but his life was a success. He was not even a success in the legislature, but he centralized his mind and effort and developed his knowledge of law and politics and finally was the man fitted for the great problem that was to come. He became the leader of the great war and led the people out of it. As the war was clearing, he was shot by an assassin. After that, it was said, he belonged to the ages."

Postpone Exercises. The exercises to be held at the Garfield school were postponed on account of the inability to heat the assembly room, the exercises will, however, be given tomorrow, the weather permitting. The principal address will be delivered by Charles W. Jordan, secretary of the Commercial Club. Pamphlets, commemorating the birth of Lincoln, were distributed in all of the grade schools of the city.

The program at Mt. Moriah church tonight will be featured by the song "Freedom," the words of which were composed by Mrs. C. C. Goin, of this city. C. R. Richardson, one of the founders of the organization, will make the principal talk of the evening with the motto, "The Ideal American," as his subject. "Achievements of the Negro Since Emancipation," will be the subject of a talk to be given by Mrs. W. W. Anderson. A chorus of 58 voices will render "Plantation Melodies," all composed and arranged by a special orchestra will assist in the program.

## SOLUTION OF HOME RULE MATTER SEEN

Advocates of Peace in Grave Irish Question Were Much More Hopeful Today.

BY HERBERT TEMPLE.

LONDON, Feb. 12.—Indications more favorable to a compromise were apparent in the home rule conflict today. While the Unionists were jubilant over the greatly reduced majority by which the government defeated their demand for a general election, they admitted that the coalition of Irish Nationalists and Liberals was strong enough to pass the measure. The Liberals, though certain that they had the whip hand, were led to seek a peaceful solution of the difficulty, believing that many of their party had refused to vote against the Unionists because of Ulster's threats to revolt, and hoping that a compromise on the home rule measure would assure a united front on the remainder of the legislative program.

The majority of 75 secured by the government last night was the smallest in three votes taken with the home rule bill as the direct issue. It showed a decrease from twenty and thirty-one from the majority recorded on the two other occasions. The Liberal leaders asserted today that many of their members were ill and that the followers of William O'Brien failed to vote.

Whatever the cause of the government slump, advocates of peace took heart today and redoubled their efforts to reach a compromise. The chief obstacle in the way of a compromise was the unbending attitude of Sir Carson, the Ulster leader. He reiterated his declarations that no compromise would be accepted that failed to give Ulster her liberties and rights.

**How to Make  
Better Cough Syrup than  
You Can Buy**  
A Family Supply, Saving \$2  
and Fully Guaranteed.

A full pint of cough syrup—as much as you could buy for \$2.50—can easily be made at home. You will find nothing that takes hold of the ordinary cough more quickly, usually conquering it inside of 24 hours. Excellent, too, for spasmodic croup, whooping cough, bronchial asthma and bronchitis. Mix one pint of granulated sugar with ½ pint of warm water, and stir for 2 minutes. Put 2½ ounces of Pinex (fifty cents' worth) in a bottle, then add the Sugar Syrup. It keeps perfectly. Take a teaspoonful every one, two or three hours.

This is just laxative enough to help relieve a cough. Also stimulates the appetite, which is usually upset by a cough. The taste is pleasant.

The effect of pine and sugar syrup on the inflamed membrane is well known. Pinex is a most valuable concentrated compound of Norway white pine extract, rich in guaiacol and other natural healing pine elements. Other preparations will not work in this combination.

This Pinex and Sugar Syrup remedy has often been imitated, but the old successful mixture has never been equalled. It is now used in more homes than any other cough remedy.

A guarantee of absolute satisfaction, or money promptly refunded, goes with this preparation. Your druggist has Pinex, or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.
