THE KING OF ALL LAXATIVES
For constipation, use Dr. King's New Life Pills. Paul Matulka, of Buffalo, N. Y., says they are the "king of all laxatives." They are a blessing to all my family and I always keep a box at home." Get a box and get well again. 25c at A. G. Lukens & Co's. (Advertisement)

MAY WORK CITY PRISONERS DAILY ON THOROUGHFARES

City Attorney Bond will be called upon to determine the legality of a proposition of working inmates of the county jail on the streets of the city next summer. Mayor Robbins said if it is legal for the jail inmates to be used to the advantage of the city they will be put to work. The mayor proposes to have the prisoners assist in collecting garbage, ashes and other debris if possible.

Last fall for the first time in many years the prisoners of the jail were put to work on the National road west of the city. The roadway was cleared of debris and put in good condition. At this time Attorney Wilfred Jessup, acting as county attorney, said the act of working the men was a legal one. None of the prisoners objected to the work and preferred to work rather than remain in the jail. More road work will be done by the prisoners next spring, it is planned.

Miss Columbia Ballinger of Chicago is the guest of Miss Mary Shockney. She was a guest at the dance given last evening by the Phi Delta Kappa fraternity.

Your Dad—Your Grand-Dad
—Your Great Grand-Dad
—All Used May-Apple
Root.

Our hardy ancestors didn't know or want mollycoddle remedies for bilious conditions. They didn't want to be always taking something. They took this sensible remedy as soon as they noticed the coated tongue—the dizziness—the aching feeling—the blood wastes—the full feeling—and released the bile from the Liver. They said "to make the Liver act," but we have learned that the Liver is but a strainer, and that bile clogs in the Liver, leaving the body a prey to the putrid matter that should be disinfected by the bile.

PODOLAX RELEASES THE BILE
Your ancestors knew that it was necessary to start this bile, and didn't temporize. They took May Apple Root in some form, and while it ached and sickened, they took it because it did deliver the bile.

In Podolax you have the same thing, but without the grime and nausea. It acts so quickly that you are never disturbed in your daily vocations.

You or your children should take a spoonful at bedtime as soon as you notice the bad taste—the bad breath—the coated tongue. Do so and you are free of it the next day. To have it in the house means to take it early and be relieved quickly—so by all means get a bottle at the first drug store and take a stitch in time.

If we could only prove to you that Podolax is not a purging cathartic—not a mollycoddle laxative—but a gentle loosening of the bile from the Liver, you would require no urging, but would provide a family bottle for regular use. A trial is the only proof.
