

WATTS TO SUBMIT WATER RATE LIST

Richmond's Case Before the Commission May Come to Close Tomorrow.

BULLETIN.

INDIANAPOLIS, Feb. 25.—The introduction of testimony in the water rate case was concluded late this afternoon. It was agreed that engineer Watts shall file a proposed classification of rates. The argument of the attorneys will be heard March 12.

INDIANAPOLIS, Feb. 25.—It is probable that the water works case will come to a close tomorrow with the submission of a tentative classification of rates which the city of Richmond believes will provide the company with sufficient revenue, considering the capital invested. Engineer Watts, an expert employed by the city officials of Richmond, will submit the proposed rate list.

In testifying for the company, Prof. Meads, the Wisconsin engineer, expressed the opinion that the common method of basing the cost to a city for fire protection on a certain yearly rental for each street hydrant is a crude one. He suggested a nominal rental for hydrants to cover cost of maintenance and a variable price per foot of main for the entire distribution system. He said this method was used at Freeport, Ill., with satisfaction. He also described a new plan of his own for making rates.

SCALP ITCHED AND BURNED

Scarcely any Hair on Head. Terrible Itching. Also Bothered With Pimples and Blackheads on Face. Cuticura Soap and Ointment Cured Both Troubles.

Greenwood, Ind.—"First my hair began to fall, then my scalp itched and burned when I became warm. I had pimples on my scalp; my hair was falling out gradually until I had scarcely any hair on my head. I couldn't keep the dandruff off at all. My hair was dry and lifeless and I lost rest at night from the terrible itching sensation. I would pull my hair out and scratch my head any place I happened to be.

"For several years I was bothered with pimples on my face. Some of them were hard red spots, some were full of matter, and many blackheads. I was always picking at them and caused them to be sore. They made my face look so badly I was ashamed to be seen.

"I tried washing my head with Cuticura Soap, dried without rinsing, then put the Cuticura ointment on and rubbed it into the scalp. I applied the Cuticura Soap and Ointment the same each week until cured. Three months' use of Cuticura Soap and Ointment has made my face as smooth and clean as can be." (Signed) C. M. Hamilton, Sept. 24, 1912.

Cuticura Soap (25c) and Cuticura Ointment (50c) are sold by druggists and dealers everywhere. Liberal sample of each mailed free, with 32-p. Skin Book. Address postcard, Cuticura, Dept. T, Boston.

Be Men who shave and shampoo with Cuticura Soap will find it best for skin and scalp.

FORD TO INCREASE GLEN MILLER ZOO

Desires to Purchase Two Deer—Says Other Animals Have Passed Good Winter.

The solitary deer at Glen Miller park, which has wandered disconsolately about its pen for several months, has confided to Park Superintendent Charles Ford that single blessedness is a delusion and a snare. In fact this deer is so disgusted with being a bachelor that he desires two wives and Ford is now corresponding with W. H. Head, Linton, Ind., who operates a deer farm, with the end in view of either purchasing deer or trading an elk or two for them.

There are now nine members of the Glen elk herd, two bucks and seven does, and Ford says two or three of them can be spared.

There will never be any more elks or deer sold to local butchers, however, the superintendent has decided. Ford was a caller at the city building this morning and he reported that the members of the park zoo had passed a good winter with the exception of the guinea pigs and the coveys, who have lost several of their members. The four bears are hale and hearty but a little bit mangy and the monkeys are in good condition in their winter quarters but anxious for the summer when they can get back into their open air cages and entertain their hundreds of friends.

"Please put in the paper," said Ford "that the park needs two good sized American flags."

ANEMIA IS BLOOD POVERTY AND DEVELOPS AT ANY AGE

cheeks and lips become pale, the body is languid and colds are easily contracted—it undermines the very source of health and must have immediate treatment.

Drugs or alcoholic mixtures cannot make blood. Nourishment is necessary and Scott's Emulsion is always the physicians' favorite—its concentrated medical nourishment charges the blood with red corpuscles, feeds the famished tissues and carries food value to every tiny nerve and fibre in a natural, easy way.

Take Scott's Emulsion to enrich your blood but shun the alcoholic substitutes.

SCOTT'S BOWNE (LONDON, ENGLAND)

\$2,700 PAINTING ESCAPES DAMAGE

Picture Falls While Being Packed for Shipment to St. Louis.

One of the most expensive of the Symons exhibit at the high school art gallery escaped destruction when it fell today from its position about three feet from the floor. The force of the impact shattered the glass, but not a single splinter touched the valuable canvas. It was being moved preparatory to packing, and because of its extreme weight those engaged in its moving were unable to hold it. The painting, titled "Youth," is valued at \$2,700, and is one of the prize winners of the Symons exhibit, having received special mention in an article in the December Monthly Outlook. The entire exhibit will be sent to St. Louis, where it will be placed before the public in an art gallery.

ASTHMA-CATARRH AND HAY FEVER

Can Be Greatly Relieved by the New External Vapor Treatment. Melt in a spoon a little Vick's "Vapo-Rub" Croup and Pneumonia Salve and inhale the vapors. Put a little up each nostril and at night apply well over throat and chest covering with a warm flannel cloth. Leave the covering loose around the neck so that the vapors of Menthol, Thymol, Eucalyptol, Camphor and Pine Tar, that are released by the body heat, may be inhaled all night long. In Asthma and Hay Fever rub Vick's over the spinal column to relax the nervous tension. This treatment is not a cure but it has at least the merit of containing no harmful drugs and it is sold by all druggists in 25c, 50c, and \$1.00 jars, on 30 days trial. Vick's is also excellent for all croup and cold troubles.
