Nothing Wanting.

Some time when you have a bad cold give Chamberlain's Cough Remedy a trial and you will find nothing wanting in that preparation. It loosens a cold, relieves the lungs, aids expectoration and keeps the system to throw off the cold in much less time than the usual treatment. Mrs. L. R. Allison, Logansport, Ind., says, "I have never found anything that gave me relief like Chamberlain's Cough Remedy does." For sale by all dealers.

SALTS IF BACKACHE AND KIDNEYS HURT

Drink lots of water and stop eating meat for a while if your bladder troubles you.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which over-works the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sours, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is a life savor for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink.
