

## SCHOOL ELIGIBLE FOR AID BY STATE

### President Kelly Gives View on Williams' Plan for a County Farming Center.

"With proper qualifications, a county agricultural school is eligible to state support, and if this community wants to establish such a school, the state board of education will send its experts here to go over the ground with the local authorities," was the statement of President Kelly, who is a member of the state board of education, regarding the plan of Charles O. Williams, superintendent of schools, to establish near the center of school population, an agricultural vocational school.

Mr. Williams sent a draft of his plan to the state board, but it did not come before the members for consideration. President Kelly said the state board will meet May 1, however, and the matter may be brought up then.

Expert Opposes Idea.

"Mr. Smith, the agricultural expert of the state, does not favor such schools, however," said President Kelly. "What is learned at an experimental farm is far more or less theoretical, and the problems on the school farm are not the same as those on a home farm. The law provides that qualifying schools shall be supported by the state, however, and one can be established here if the farmers want it."

County Superintendent Williams believes the schools are practical, but sent his draft to the state board more because he believed there is a demand by farmers than of his own volition.

"If there is a real demand, perhaps some community benefactor will give twenty or thirty acres of land or money enough to purchase that much land," said Mr. Williams. "In that way we would have money enough ourselves to give the idea a practical tryout."

**Nothing So Good for a Cough or Cold.**

When you have a cold you want the best medicine obtainable to get rid of it with the least possible delay. There are many who consider Chamberlain's Cough Remedy unsurpassed. Mrs. J. Boroff, Elida, Ohio, says: "Ever since my daughter Ruth was cured of a severe cold and cough by Chamberlain's Cough Remedy two years ago, I have felt kindly disposed toward the manufacturer's of that preparation. I know of nothing so quick to relieve a cough or cure a cold." For sale by all dealers.

**Motorcycle Club  
Plans Its First  
Run**

Members of the Richmond Motorcycle club, some seventy-five strong, will make a trip to Knightstown next Sunday, if the weather permitting. Not only members of the club, but others interested are invited to make the run.

The riders will leave the city at 9 o'clock and arrive in Knightstown in time to take part in an old-fashioned chicken dinner that will be in readiness for the riders. This will be the first of a series of runs that will be made by the club this spring.

The regular meeting of the club will be held a week from Friday night, and it is expected that some important plans for the season's work will be mapped out. It is likely that the question of holding races at the fair grounds will come up at that time.

## WILL CONTEST VOTE

VINCENNES, Ind., April 9.—Unofficial returns on yesterday's primary in the Second district completed today, give Congressman Cullip, of Vincennes, a scant lead of 56 votes over Judge Charles C. Hunt, of Sullivan, Ind., in the race for the Democratic nomination for congress. Judge Hunt today issued a statement in which he said if the official returns give Cullip a majority he will contest the figures in court. The official figures show that Cullip carried Knox, Green, Monroe and Martin counties, and that Hunt carried Sullivan, Daviess, Owen and Morgan counties. The total unofficial vote was Cullip 1,622, Hunt 1,566.

### GRANTS DIVORCE

Divore on the ground of neglect was granted Ethel Lichtenfels from Ray Lichtenfels in circuit court today. The defendant did not contest the suit.

## Lawn Mowers by Parcel Post, Newest Wrinkle in Shipping

Postmaster Haas will go after some of the floral business for parcel post shipments, he announced today. He has been soliciting business personally in accordance with an order issued by Postmaster Burleson to solicit for business, using any of the office men for the work.

Richmond's manufacturing products are of such nature, however, that many cannot be shipped through the mails. Almost all business houses which are able to use parcel post, have been using it for some time, and the system is exceptionally well patronized.

Although the weight limit has not yet been increased sufficiently to ship lawn mowers, it is thought that soon, even this branch of business will be included in the parcel post system. All lawn mower parts made in Richmond are now shipped by parcel post, but lawn mowers assembled, are overweight. A few pounds added to the maximum will reach one of the biggest industries in the city.

### RUBBER COMPANY FILES ARTICLES

The Great Western Rubber works filed papers of incorporation today to do business in Richmond, with a capital stock of \$50,000. According to the articles filed in the recorder's office, the business will consist of the manufacture of new and "reclaimed" rubber into rubber goods and articles of all kinds, and the sale of the raw and manufactured articles. The capital stock will include \$40,000 in common and \$10,000 preferred stock, all to consist of 500 shares at \$100 each.

## SHAMROCKS TO PLAY RICHMOND TEAM

With the cancellation of the Cincinnati-Richmond booking, two other dates have been settled. The Cincinnati Shamrocks will be seen here May 24, and the Indianapolis Reserves are billed to play here June 7 and August 2. The shamrocks will also be seen here later in the season.

The Reserves and Shamrocks are rated as the fastest semi-pro clubs in Indianapolis and Cincinnati. Both teams have been seen here before, and are capable of giving local bugs a good article of ball. Andy Rhinehart, who heads the Hoosier capital bunch, has succeeded in landing Gus Bauman, recognizer as one of the fastest infielders in the game. Bauman is expected to strengthen the nine considerably.

British India, a writer in the Outlook for the Blind says, leads all other countries in the number of its blind people, containing about 600,000. In China there are, it is estimated, about 500,000, in Japan 100,000 and in Egypt 150,000 of these unfortunate.
