

## PURPOSE OF CHURCH NOT SOCIAL SERVICE

**Dr. Millis, President of Hanover, Tells Presbyterian Men Religion Should Purge Sin From Hearts.**

"The greatest work of the church is to clean wickedness out of men's hearts and substitute righteousness in the place. But the church's function is not social work. I do not believe in a church engaging in social work or teaching agriculture. But since I have been studying the rural church, I have become an advocate of good roads. The church cannot go into the various functions in which man is associated but it can fill him with spiritual inspiration so that he will perform his duties in a righteous manner."

This was the keynote of a lecture of Dr. W. A. Millis, president of Hanover college, to prove that the church is not dead but is a divine institution with the bearing of inspiration to men and the supplanting of evil with righteousness for its object.

There were about fifty men at the banquet which preceded the speech in the hall of the First Presbyterian church last night when the Men's club held its last meeting for the year. S. Weed, president of the organization, presided and made his farewell speech asking the men of the church to work to save the religious enthusiasm stirred up by Evangelist Honeywell.

**Churches Lack Spirit.**  
"The churches of Richmond are not on fire with enthusiasm," Mr. Weed declared. "None of them are or we would know it. Mr. and Mrs. Clase of the Honeywell party were in the city today and told me what great work they are doing at Union City. I do not believe they are though, or we would hear about it."

President Kelly of Earlham college, said in introducing President Millis, that Indiana has produced the biggest men heard about in the world. Scientific anthropology study has proved, he said, that the men of the United States contain the biggest men of any armies of the world and that Indiana has sent forth the biggest men to that army.

President Millis is a personal friend of President Kelly and of Dr. S. R. Lyons of the New York church. At times in his speech, he quoted passages used by Dr. Lyons twenty-six years ago when Dr. Lyons was pastor at Hanover college and Millis was a student there, going to his church.

"I am sorry Kelly is no longer in a position to push through legislation giving high schools the option of introducing Bible study as part of the regular curricula. That's the biggest piece of statesmanship in recent years," President Millis remarked in opening.

"It has been said that the only legitimate function of the church is social service work and that the church of Jesus Christ is dead and has accomplished its purpose. This represents the opinion of many men now, good men, filled with humanity and desire to relieve the sufferings of others."

"The church has no right to exist in its own state. It has a right to exist only as a servant of God and we have to admit that there are a great many churches which do not seem to justify their existence."

**Some Men's Conception.**  
"Some men look upon the church as a creation of man, and a development of the wisdom of man, built up like a government in that group we find the men with a socialistic trend."

"If we really appreciated our religion as much as we say we do, we would put more pep in it and more than half the citizens of Indianapolis would not be on the outside of the church. If there is no tangible exhibition of growth in a church, we feel that it has been a failure. But when Jesus was asked, 'Where is the Kingdom of God?' he replied, 'It cometh within.' In 1888, I was sitting in Dr. Lyons' church at Hanover when he said something that still sticks in my mind. In speaking of the purity of the lily, he said, 'And it grew out of the foulness of muck.'"

**Problems of Inner Man.**  
"The work of Jesus Christ in healing gives us some excuse for social work. I believe there is a real place for the work of the visiting nurse."

"Labor problems are problems of the inner man. Trust problems are problems of the inner man. Jesus knew that social wrongs are part of the inner man."

"Economic, social, ethical, spiritual problems are essentially spiritual questions. Get God into men's hearts and you have no gambling evil and no saloon evil. I do not believe a church should mix into politics."

"The great educational problem now is not to increase the amount of instruction but to teach them how to use their knowledge and skill beneficently and for the good of others. I know of nothing more dangerous than a skilled man with evil in his heart. I feel as a college president that I am under a great responsibility of keeping certain men out of education."

"The greatest social work the church can render is to clean the wickedness out of men's hearts and substitute righteousness in place. We should take more definite steps on some social questions but we should always remember that the kingdom is in the heart."

**Keep Bowel Movement Regular.**  
Dr. King's New Life Pills keep bowels, liver and kidneys in healthy condition. Rid the body of poisons and waste. Improve your complexion by flushing the liver and kidneys. "I got more relief from one box of Dr. King's New Life Pills than any medicine I ever tried," says C. E. Hatfield, of Chicago, Ill. 25c. Recommended by A. G. Luken & Co. (Advertisement)

### APPROVES SITE

Approval of the site selected for the state penal farm by the state board of charities legalized the purchase of the tract. Governor Ralston sat with the board when it approved the choice yesterday. Superintendent Smith of the Eastern Indiana Hospital for the Insane, was president of the penal farm commission.

Were you comfortable last winter? If not, see me, B. D. WELCH, 1318 South D Street. Phone No. 2739. Representing Marshall Furnace Company of Marshall, Mich.

## COLLEGE MUSICIANS COME FOR CONCERT

Under the auspices of the English Lutheran churches of the city, the Wittenberg College Glee club and orchestra will give a concert in the high school auditorium Friday evening, May 8th.

This organization comes from Springfield, Ohio, where Wittenberg College is located with the recommendation of being the best college has ever produced. There are twenty-four members in the club and they carry a nine-piece orchestra. Prof. Robert H. Hiller, musical director and tenor soloist of the club, was for some years previous to his call to Wittenberg, a metropolitan soloist of marked success.

Some features of the program are: "Songs of Wittenberg," "Student Songs of Different Nations," and a musical skit entitled "Pretty Kitty," by Prof. Hiller and Mr. Meyer, the pianist of the club.

The program follows:

Part I.

Songs of Wittenberg.....

Glee Club.....

Suite Romantique, "A Day in Venice".....

Orchestra.....

"Mammy's Quartet".....Spross

Quartet and Mr. Voigt.....

Student Songs of Different Nations.....

Part II.

Piano Solo, Polonaise Militaire.....

Chopin.....

Mr. Meyer.....

"Shadowland Waltzes".....Atherton

Orchestra.....

"Persian Serenade".....Walter Howe Jones

Quartette.....

Violin Solo, Minuet in G.....Beethoven

Part III.

Nonsense Songs.....

(a) "May I Print a Kiss".....

"Stop".....

(c) "But That John".....C. B. Rich

Part IV.

ECHOES FROM OPERA.....

Pilgrims' Chorus, "Tannhauser".....

Wagner.....

Glee Club.....

"Cavalleria Rusticana".....Mascagni

Orchestra.....

Tenor Solo, "Pagliacci".....Leoncavallo

Mr. Hiller.....

Soldiers' Chorus, "Faust".....Gounod

Glee Club.....

Part V.

"PRETTY KITTY".....

A Musical Skit by R. H. Hiller and G. A. Meyer. Dedicated to the Girls of Wittenberg.

WHOOPIING COUGH.

"About a year ago my three boys had whooping cough and I found Chamberlain's Cough Remedy the only one that would relieve their coughing and whooping spells. I continued this treatment and was surprised to find that it cured the disease in a very short time," writes Mrs. Archie Dalrymple, Crooksville, Ohio. For sale by all dealers.

### CLOWNS FEATURE LONDON SHOW

There is no tented aggregation whose performance is complete without clowns. There are clowns and there are clowns, but a show is much better without them unless they are clowns that are funny without being foolish. Only a fool will laugh at his folly, is a maxim that stands good in relation to clowns, just the same as it does to those who are not clowns. Clowns are only engaged to make other laugh, and the successful clown is he who can create laughter without laughing himself. The Howe Great London show is coming here Thursday, May 7, and will bring no less than forty of these funny fellows, and they are funny.

There are pantomime clowns, acrobatic clowns, juggling clowns and clowns that perform acts of magic in their own inimitable style. Then there are the comic supplement bunch, from old Happy Hooligan to Mutt and Jeff, and they look and act their parts.

### NOTICE TO BIDDERS.

Proposals for supplies for the use of the Eastern Indiana Hospital for the Insane for the month of June, will be received by the Board of Trustees at the hospital before 3 p. m. Monday, May 11, 1914. Specifications may be seen at the Second National bank, or at the hospital. By order of the board, S. E. SMITH, Med. Supt.

### CHARLES HAMMOND SELLS HIS STAND

After operating a pop corn stand for years and amassing a small fortune from the business, Charles Hammond yesterday sold his stand on North Ninth street, to Goldie and Paul Knoll, who will continue in the business, after moving across the street. Hammond started in business with a small corn popper, purchased with his two years' savings, while an employee of the Price confectionary establishment.

People grow thin and weak because new tissue is not made as fast as it is used.

The ingredients of Father John's Medicine are the same kind of food and nourishment that blood and tissue are made of.

That is why it rebuilds wasted tissue for those who are weak and run down.

## JORDON TO PROPOSE MORE DAYLIGHT PLAN

**Secretary of the Commercial Club Would Re-adjust the Working Hours.**

"An Hour More of Daylight" movement may be started in Richmond. The matter of operating by Eastern time, which is an hour earlier, will be put before manufacturers, business and professional men by Charles Jordan, secretary of the Commercial club at the meeting Monday night.

In other cities where the movement for an additional hour of daylight is on foot, Eastern time west of the Alleghenies is being adopted, and east of Pittsburgh in some cities clocks are set an hour earlier.

Mr. Jordan believes that the "hour more of daylight" could be secured by adjusting the schedules of work and business to conform with central time. Instead of starting work at 7 o'clock in the morning and quitting at 5 o'clock in the afternoon, work would be started at 6 o'clock in the morning and end at 4 o'clock; meals would be served an hour earlier, the retiring hour would be earlier, and the sun apparently would set an hour later.

Under the plan of other cities clocks are adjusted and working schedules remain the same with the same result in the end.

When the plan was suggested to him, Mr. Jordan believed it of sufficient importance to bring before the citizens of Richmond for some expression from them. Probably a vote will be taken by the meeting next Monday night.

The co-operation of business men and manufacturers would be required or the scheme would be a flat failure. The hour less of darkness would not materially affect them, except possibly as far as the efficiency and comfort of the employees are concerned. It is said, however, that business houses remaining open for two hours after evening meal time, under the "hour-more-of-daylight" plan, require no electric lights, as it is daylight until closing time.

Cincinnati, Cleveland and other big cities have campaigns on to adopt the plan. The only objection is railroad schedules, which probably would be operated by Central time regardless of the time used by city clocks.

**Lemon's Flower Shop recommends the Telegraph Delivery to send a box of flowers for Mother's Day.**

MRS. JAMISON DEAD.

CAMBRIDGE, Ind., May 5.—Mrs. Myrtle Jamison, 37, died last night at her home here. She had been in poor health for some time. She leaves a daughter, two sisters and two brothers. Services will be held Wednesday afternoon at 2 o'clock under the direction of the Rev. Truman Kenworthy. Interment will be in the Lutheran cemetery.

British exports in February were valued at \$200,800,535.

### COMBING WON'T RID HAIR OF DANDRUFF

The Easiest and Best Way is to Dissolve It.

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

Do this tonight, and by morning most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

If you want to preserve your hair, do by all means get rid of dandruff, for nothing destroys the hair more quickly. It not only starves the hair and makes it fall out, but it makes it straggly, straggly, dull, dry, brittle and lifeless, and everyone notices it. You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.

## CHAMNESS RECEIVES \$22,609.77 IN TAXES

One of the biggest days' business ever done in the county treasurer's office was concluded yesterday before the doors closed at 9 o'clock to remain closed for the week. A total of \$22,609.77 was collected from persons who crowded the office to get their receipts before the ten per cent. delinquency penalty is added.

It is estimated that more than 2,000 persons paid taxes yesterday. The office opened at 8 o'clock in the morning with a long line at the door. Taxpayers waited through the noon hour in order not to lose their places. When the office opened last night, there was a line waiting from the office door through the corridor and ending at the head of the stairs.

The office will be closed until next Monday in order to get out bank lists for several townships. After that delinquencies will be allowed to pay their taxes with the added ten per cent. and the extra collection fee.

The heavy last minute rush prevented an expected increase in the number of delinquencies and the number will be about the same as last year with the same proportion. Most all the delinquencies are on personal property or on real estate of negligible value, sometimes of less value than the amount of the tax.

### RECITAL PLEASURES CITIZENS' UNION

The dramatic recital of Richard B. Harrison, of Chicago, was a big success last night as he performed before a big house at the Gennett theater. The ethical culture committee of the Citizens' Union is highly gratified over the results shown last night.

Included in Mr. Harrison's recitals were readings from Shakespeare and other great writers and poets. Miss Naoma Hunter assisted with an instrumental solo and several vocal solos were given by Mrs. M. D. Harris. The Citizens' Union will meet tonight to hear reports on the entertainment of last night. It is probable that another will be arranged soon.

### MAKES BACKACHE QUICKLY DISAPPEAR

A Few Doses Relieves All Such Miseries—Bladder Weakness, Kidney Troubles, Rheumatism Promptly Vanish.

It is no longer necessary for any one to suffer with backache, kidney trouble, have disagreeable bladder and urinary disorders to contend with, or be tortured with rheumatism, stiff joints, and its heart-wrenching pains, for the new discovery, Croxone, quickly and surely relieves all such troubles.

Croxone is the most wonderful remedy yet devised for ridding the system of uric acid and driving out all the poisonous impurities which cause such troubles. It is entirely different from all other remedies. It is not like anything else ever used for the purpose. It acts on the principle of cleaning out the poisons and removing the cause.

It soaks right through the walls, membranes and linings, like water in a sponge, neutralizes, dissolves, and makes the kidneys sift out and filter away, all the uric acid and poisons from the blood, and leaves the kidneys and urinary organs clean, strong, healthy and well.

It matters not how long you have suffered, how old you are, or what you have used, the very principle of Croxone is such, that it is practically impossible to take it into the human system without results. There is nothing else on earth like it. It starts to work the minute you take it and relieves you the first time you use it.

If you suffer with pains in your back and sides, or have any signs of kidney, bladder troubles, or rheumatism, such as puffy swellings under the eyes, or in the feet and ankles, if you are nervous, tired, and run down, or bothered with urinary disorders, Croxone will quickly relieve you of your misery. You can secure an original package of Croxone at trifling cost from any first class druggist. All druggists are authorized to personally return the purchase price if it fails in a single case.

## STONE EXPLAINS TOLL'S CONSISTENCY

[BY LEASED WIRE]  
WASHINGTON, May 5.—Senator William J. Stone, of Missouri, chairman of the senate committee on foreign relations and a member of the platform committee of the Baltimore convention, today told the senate that he found his vote for free tolls in 1912 fully consistent with a vote for the repeal of free tolls at this time.

He declared that in 1912 he voted for free tolls as a means of asserting the right of the United States to dispose of the tolls question without asking the consent of any other nation. He would vote for the repeal this year because he was ready to dispose of the matter as a purely domestic issue, and on that issue he always had stood opposed to a ship subsidy.

"On the merits of the pending question," Senator Stone said, "I can find no satisfactory reason why the American people should grant a subsidy of millions to this special interest, the coastwise merchant fleet, which now enjoys under our laws an absolute monopoly of the enormous traffic carried along the coast of the seas bordering this continent. The construction of the canal has cost the American people \$400,000,000. Why should these already favored ships be permitted to utilize this waterway without contributing a farthing to its maintenance or toward the expense of passing them through sea to sea?"

Experiments in cotton in southern Spain have been so successful that it may become one of the country's most important crops.

### TUBERCULOSIS

In addition to plenty of fresh air and proper diet, those suffering from or who are predisposed to Tuberculosis are recommended to use Eckman's Alternative to stop night sweats, banish fever and hasten recovery. This medicine, by reason of its successful use during the past, warrants the fullest investigation possible by every sufferer.

Eckman's Alternative is most efficacious in bronchial catarrh and severe throat and lung affections, and in upbuilding the system. It contains no narcotics, nor harmful or habit-forming drugs. Accept no substitutes. Sold by leading druggists. Write to the Eckman Laboratory, Philadelphia, Pa., for booklet telling of recoveries.

## TALKS ON COOKING

**Purdue Woman Here For Two Days.**

Miss Roberta McNeil, an extension worker of the department of home economics of Purdue university, arrived here today to give a series of three lectures today and tomorrow. She lectured at Centerville this afternoon before members of the Ladies' Auxiliary of the farmers' institute. She was brought here by Mrs. A. D. Cobb, wife of County Agent Cobb.

Miss McNeil will talk to the members of the Columbiana Farmers' association tonight on home economics, regarding the balanced rations to produce mental and physical efficiency. Two Earlham girls probably will be present to give a demonstration of preserving strawberries both by cooking and by the sun method.

Tomorrow night Miss McNeil will appear before the West River Farmers' association of Jefferson township to speak on home economics. The will spend tomorrow in individual work.

### "Complexion Secrets of An Actress"

In a recently issued volume bearing the above title the author says: "Continuous use of grease paints, rouge and the like, had ruined my complexion. My skin was colorless, wrinkled, coarse and punctured with large pores. In England I heard of the virtues of mercolized wax; my first experience with this marvelous substance convinced me it was more valuable than all cosmetics combined. Now whenever my complexion begins to go wrong I get an ounce of mercolized wax at the nearest drug store, spread on a thin layer of it before retiring, washing it off next morning. The wax, after a few such treatments, seems literally to absorb the worn-out cuticle, when a brighter, healthier, younger-looking skin appears."

"For the wrinkles and enlarged pores I began using a solution of saxeolite, one ounce dissolved in a half pint of witch hazel. Bathing the face in this every day for awhile soon relieved the condition most wonderfully."

## TAKE SODA FOR SOURNESS, GAS OR INDIGESTION

Undigested food delayed in the stomach decays, or rather, ferments, the same as food left in the open air, says a noted authority. He also tells us that indigestion is caused by Hyper-acidity, meaning, there is an excess of hydrochloric acid in the stomach, which prevents complete digestion and starts food fermentation. Thus everything eaten sours in the stomach much like garbage sours in a can, forming acid fluids and gases which inflate the stomach like a toy balloon. Then we feel a heavy, lumpy misery in the chest, we belch up gas, we eructate sour food or have heartburn, flatulence, water-brash or nausea.

To get instant relief, he tells us to get a package of 10 grain Sodagen tablets at any pharmacy and take one or two tablets anytime, followed by a tumbler of water, which promptly neutralizes this irritating acid; stops fermentation; absorbs the gas and sweetens the entire digestive system.

A local downtown druggist states that these 10 grain Sodagen tablets are an old favorite antidote constantly prescribed because of their harmlessness, being a compound of Soda, Calcium Carbonate and Magnesia U. S. P.

**"Half the Satisfaction, after your house is painted, is in having colors that suit you and the other half is getting paint that stays—paint that doesn't crack nor scale off."**

"You can obtain both halves and also please your 'better half' by getting me to paint your house with Carter White Lead."

"Drop into my shop and see 'The Paint Beautiful' portfolio of exterior color schemes and get an idea of how your house will look painted several different ways. The Carter White Lead people put up the whitest and finest white lead there is on the market. They are as anxious as I am, to have your house painted so it will satisfy you. And, if Carter is used you will stay satisfied."

Yours for Durability,
