

## CONRAD MUST FACE CHARGE OF ASSAULT

Connorsville Man Held After Annabel Boyer Tells of Cincinnati Trip.

A charge of criminal assault has been placed against William Conrad, who eloped with pretty fifteen-year-old Annabel Boyer and her parents, Mr. and Mrs. William Boyer.

Conrad probably will not be placed on trial until next fall. The charge first placed against Conrad was changed to the more serious one as a result of the story told by the victim of his eloped and her parents, Mr. and Mrs. William Boyer.

The parents testified to her age and such particulars as they knew of their daughter's leaving Cambridge City last Thursday with Conrad. The story of their going to Connorsville, of a rumored trip to Cincinnati, and of the arrest of the man, following an all-night search by police officers and the girl's brother, was related last Saturday.

Yesterday Miss Boyer, a bright, good looking girl, placed out the sensational story. She told of attentions from Conrad, which flattered her and caused her to resolve to elope. They went to Connorsville, she said, and she remained the first night at a rooming house, unmolested by Conrad, who stayed elsewhere.

The next day they went to Cincinnati, tried to get a marriage license and failed. They failed likewise at Covington, and returned to Connorsville about midnight and lodged the rest of the night in a hotel. It is upon allegations with regard to his actions that night that the charge against Conrad is based.

The following night the girl declares she slept on a heap of waste somewhere about the Hydro-Electric company's upper plant in Connorsville. Conrad, she said, was with her.

This evidence caused the justice to bind the man over to the circuit court. He made no effort to give bond.

## FINE DISPLAY HERE

All Ready for Fourth at the Park.

Such elaborate preparations are being made for the decoration of canoes for the canoe carnival Fourth of July night on Morton lake, that it is probable judges will be appointed, and the best decorated canoe given a prize.

There seems little doubt but that the program at the park will attract considerable attention. The Chipewawa Indian band will bring with it two vocal soloists.

The \$250 fireworks display to be exhibited at the park Saturday night has arrived, preparations are being made on the north side of the lake for the discharging of the big rockets and other aerial pieces.

In the eight boating contests there are, up to date, thirty-four entries, and the swimming races will be equally popular. Many more entries are expected on the morning of the Fourth.

## SLAVERS HIT SALEM

SALEM, Mass., July 2.—A band of white slavers made their appearance today at the relief camp in this fire swept city. Girls have been approached by men who offered them transportation to Boston and other cities, giving them addresses in questionable districts. Patrolmen and detectives have been warned to keep a sharp lookout for the men.

## MEDIATION TO END

NIAGARA FALLS, Ont., July 2.—Justice Joseph R. Lamar and Frederick W. Lehman, the American delegates to the mediation conferences, were summoned back to Washington today. They will leave tonight with their staff.

Mediation is at an end. Señor Elguero, one of the Mexican delegates, is planning to sail for Liverpool next week.

## VETERANS RETURN FROM ENCAMPMENT

Veterans of the Ninety-third Ohio Volunteer Infantry have returned from the annual reunion which was held at Dayton. Those who were members of the company who now live in Richmond were Thomas Pickens, Gus Meyers, and William Cooper. All three attended the meeting.

Judge L. C. Abbott, an honorary member of the infantry did not attend this year, the first time he has missed for a number of years. Mr. Abbott helped recruit the company during the Civil war days.

## SEMI-PRO TEAMS GET DOUBLE BILLS

Local semi-pros will celebrate Independence Day with double bills. The Senators are on the program to meet the fast New Paris team, July 4 and 5. The Union Giants will cross bats with the fast Lynn boys in a double card, at that place. At the last minute the Sydney, O., management canceled their games with the Murrays, leaving that team without games for Saturday and Sunday unless some other opponent can be booked.

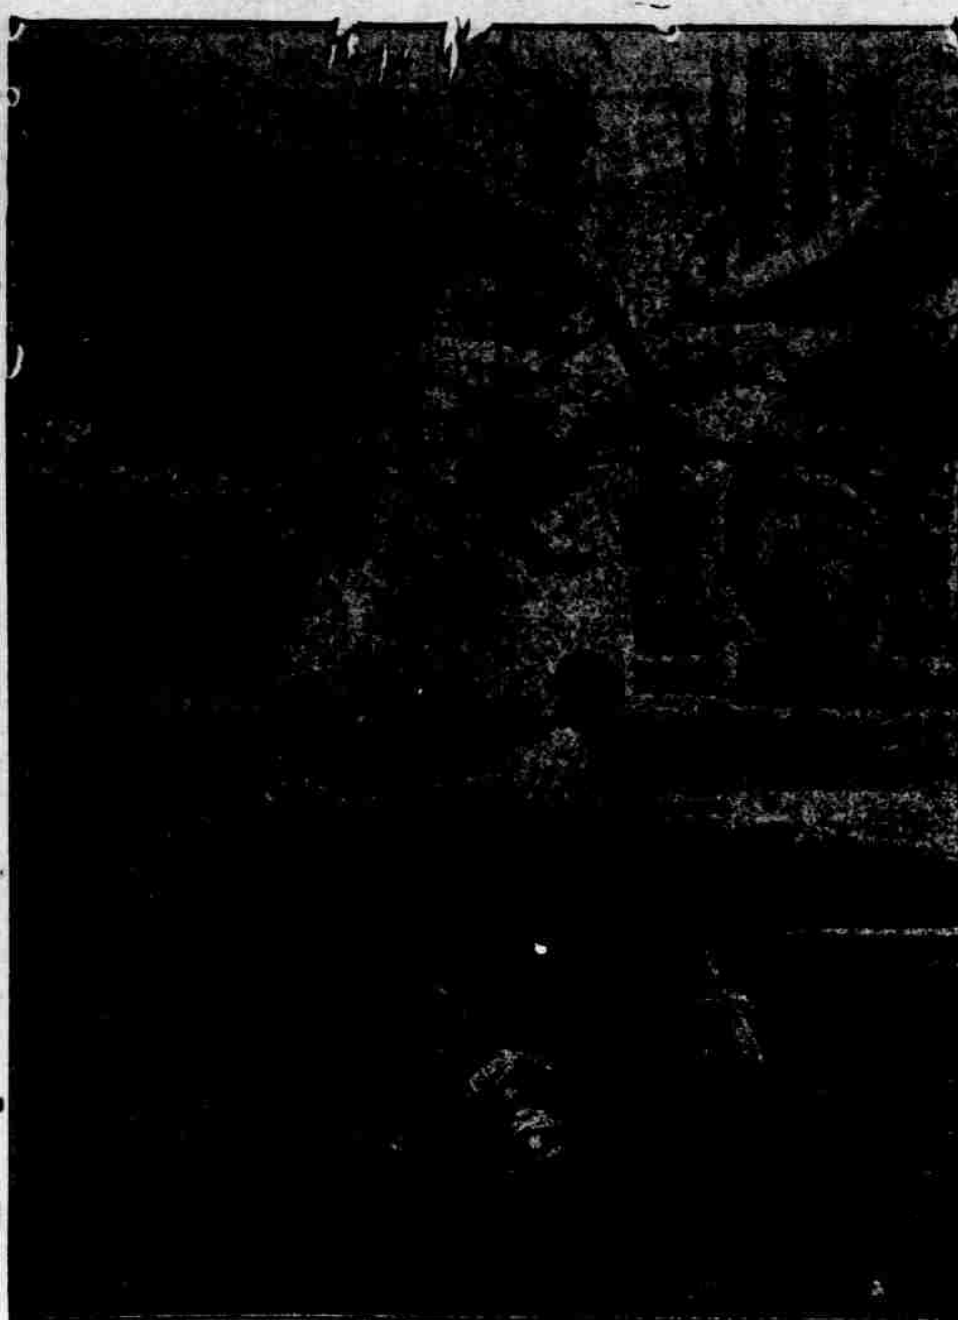

## TO PLAY SEEDERS

The Seeders and the Hoover-Bond teams cross bats at the Playground diamond tonight. This is the second meeting of the two nines, the first game resulting in a victory for the A. S. M. office force.

## STEAMER ASHORE

Sault Ste. Marie, Mich., July 2.—The Canadian-Pacific offices in this city received word today that the Canadian-Pacific steamer, Assiniboia, with 100 passengers on board, has gone ashore in the Georgian bay. The passengers are all safe.

## With Young Buffalo Circus

Miss Margaret Norwood, the charming Idaho society girl, who won the championship for riding outland horses at the great round-up held at Cheyenne last fall, is one of the many cowgirls with the Young Buffalo Wild West and Colonel Cummins' Far East, which will give afternoon and night performances in Richmond, Thursday, July 9. Miss Norwood succeeded in riding "Old Steamboat," the notorious old cayuse, after he had humbled the pride of some of the best riders at the meet. Miss Norwood is the daughter of a wealthy cattleman and rancher of Boise City, Idaho. She prefers the outdoor life and excitement of the wild west show to the prosaic and humdrum existence of a society belle of a small western city. Miss Norwood will be seen in the street parade, which will be given on the morning of the exhibition.

## CORONER MAY PROBE SHOOTING OF WOMAN

New York Officer Stops Inquest to Ascertain True Cause of Death.

NEW YORK, July 2.—Coroner Norton of Nassau County today postponed the inquest over the body of Mrs. Louise Bailey who was murdered in the office of Dr. Edwin Carman, until an autopsy can be held.

"The necessity for performing a thorough autopsy has arisen, but I cannot tell at this time why it was ordered," said the coroner.

The coroner's action coming so close on the heels of the discovery that Mrs. Carman, wife of the physician had used a dictagraph to spy on her husband, caused a sensation. Another sensation developed when Sheriff Pettit learned that a week ago a rich and prominent resident of the south shore district had threatened to whip the doctor unless he stopped receiving visits from his wife.

## HUERTA FEARS PLOT

Arrests General Who Defended Torreon Against Attack of Villa's Army.

VERA CRUZ, July 2.—Another plot against the life of General Victoriano Huerta was discovered in Mexico City today. Minister of War Blanquet admitted that he had been offered \$250,000 to kill Huerta. Gen. Villar and Gen. Velasco, two prominent military men, were arrested. It was Velasco who defended Torreon against Gen. Villa's attack.

More arrests are expected hourly. Huerta retired to the national palace in a rage when the plot was discovered and called his chief officers before him. Then he harangued them and threatened painful tortures to any military man who deserted the government. The officers were completely cowed.

Fighting is going on between rebels led by Gen. Zapata and Federals at Necaxa where the power plant that supplies the capital with electric light and motive power for the street railway line is located.

The diplomatic corps have notified the subjects of various foreign powers to lay in supplies for at least three weeks to be used in the event of a siege. The families of all the members of the Huerta cabinet have packed up their belongings and are prepared for instant flight.

## HUERTA WILL STAY IN MEXICO CITY

MEXICO CITY, July 2.—"Neither President Huerta nor his family will leave Mexico at present," said Esteva Ruiz, acting minister of foreign relations, today. The statement was made in denial of rumors sent from Vera Cruz that Huerta has sent some members of his family from the country. Government officials today claim to have reports that the breach between Gen. Villa and Gen. Carranza is growing wider.

## INDIANAPOLIS GLOVE COMPANY TO BUILD

Firm Will Erect Own Plant and Double Force Before Autumn.

A new factory with a doubled working force will be occupied by the Indianapolis Glove company by next October, according to the announcement of Manager Lawson today. The ground in the rear of the present glove factory at Seventh and North H streets has been purchased.

The new factory will be 200 by 60 feet, two stories high with a full length basement. The space will be four times that of the present factory. The glove company now employs 150 persons but after moving 300 will be employed, 225 of whom will be machine operators.

The plans will be completed this week and next week will be spent in figuring on contracts for the construction work. Probably the week following, ground will be broken for the building.

The present glove factory building is the property of the South Sids Improvement association. The company holds a lease which does not expire for four or five years but will sublet the building. The new building will be directly on the railroad.

## RAILROAD'S PROFITS SHOW BIG INCREASE

WASHINGTON, July 2.—The principal steam railroad in the United States earned \$19 a mile more in May, 1914 than in May, 1913, according to a report issued today by the interstate commerce commission. For the 11 months ending with May, 1914, these railroads earned \$274 a mile more than they did in a similar period in 1913. This statement of increased earnings showed so prosperous a condition of the railroad that it may have some influence upon the commission's decision in the five per cent advance rate case it is believed here.
