

## PURTELLE FORMS TRACTION COMPANY

Promoter Incorporates \$10,000 Concern to Construct Richmond-Hamilton Line.

Articles of Incorporation were filed with the secretary of state Tuesday afternoon by the Hamilton-Richmond Traction company, which has been organized by Eugene Purteile of Tipton, Ind., F. C. Gillen of Milwaukee, Wis., and E. Leslie Cole of Chicago, Ill., who compose the board of directors of the new road.

The company has been capitalized at \$10,000, and according to the articles of incorporation, the purpose of the company is to promote, construct and operate a street and interurban railroad. The company also has the power to sell or otherwise dispose of and deal in stocks and securities of other companies.

According to Purteile, who is promoting the railroad, it is the purpose to organize a larger company to construct a traction line from Hamilton to Richmond. It is probable that this will later be extended north, perhaps to Portland.

Purtelle recently appeared before the Commercial club to secure the backing of that organization in the undertaking of constructing the road. The matter has been placed in the hands of one of the Commercial club committees which is now investigating the record of Purteile, and if the committee feels satisfied that the enterprise undertaken by Purteile is legitimate, it will back the company which has been formed. The committee has not completed its investigations, and in the meantime, the company has been organized by Purteile.

## MICE START BLAZE

Fire Companies Avert Costly Noon Fire.

A dangerous and costly blaze was averted at noon today by efficient work of the fire companies when a fire broke out in the bedroom of an apartment over 414 North Eighth street. This apartment is in a building located on the southwest corner of North Eighth street and Ft. Wayne avenue, and is occupied by a number of business concerns. All are under one roof with no fire wall partitions in the top story, into which the flames spread after gutting the bedroom of Mr. and Mrs. Harry Scott, who are not in the city. When Chief Miller arrived on the scene he at first thought the building was doomed, as did many tenants, but the flames in the Scott apartments and in the attic were subdued after a hard fight. The loss will be close to \$200. It is believed that the mice started the blaze by gnawing matches which were in a dresser drawer.

## POSTMASTERS MEET.

LAPORTE, Ind., July 22.—With the close today of the seventh annual convention of the Indiana Retail Jewelers association, the third and fourth class postmasters of the state to the number of about 300 began the labors of a session which will continue three days.

## WOMAN FIGHTS MEN WHILE ON HOUSETOP

Mrs. Ethel Greager, 919 North Eleventh street, who for some time has been mentally unbalanced, became violent late yesterday afternoon and climbed to the roof of the home of her parents, Mr. and Mrs. J. W. Greager. From this place of vantage she refused to descend and threatened to jump off if any one attempted to bring her down.

It was finally necessary to summon the police. Patrolmen Remmert and Vogelsong responded. With ladders they climbed to the roof from opposite sides of the house, both seizing the woman as she attempted to leap to certain death.

With extraordinary strength, the woman then gave battle to the officers, scratching and biting both of them and kicking Remmert in the head after Vogelsong had thrown her on her back. Two neighbors then came to the aid of the policemen and all four were finally able to carry the wildly struggling woman down a ladder. She screamed and fought the

## TO IMPROVE MENUS DURING CHAUTAUQUA

Directors Want Better Service for Campers Who Eat at Dining Tent.

Improvement of the dining service at the Chautauqua grounds is the greatest problem before the directors this year.

Mr. Charles W. Jordan, secretary of the Commercial club, today, Mr. Jordan said the service during previous years had not been up to the standard desired. Special attention will be given to meals and short orders.

Many persons who camp during the assembly wish to be entirely free from the necessity of cooking meals, or they prefer to stay in the city. The directors are looking for persons to

take charge of the dining tent who can prepare menus which will meet the requirements of a majority of the campers.

Several thousand programs, which will be completed by the middle of next week, will be mailed to patrons of the Chautauqua in this and adjoining counties. Because the annual event has become so well established and has such a wide reputation, members of the advertising committee believed last night it will not be necessary to

conduct automobile booster trips to boom it. Instead, window cards and streamers will be distributed within a radius of twenty-five miles by a crew working in a motor car.

## SOME CELEBRATION.

MOUNTAIN HOME, Ark., July 22.—Mrs. Elvira Warren, who has 737 descendants, celebrated her 112th birthday anniversary with 120 descendants present. She is the mother of sixteen children, eleven of whom are living. Her eldest son is 83.

## CHIROPRACTIC

It is being demonstrated daily by Chiropractors that the secret of health lies in the Perfection of the Spine.

Disease readily establishes itself in any part of the body when the nerves become unable to carry the normal amount of energy from the brain to the part. In the large majority of cases, the physical cause of disease is a mechanical pressure on the nerve as it passes out between the bones of the spinal column.

The trained and educated hand of a Chiropractor alone can find the pressure-point in the spine and by a quick, skillful movement, adjust the displaced bone, and thus re-establish the flow of nerve energy and health.

Every Chronic Disease is the result of an abnormal spine. By examining the spine the cause of any chronic disease or weakness can be located; pains about the head, face, eyes, neck, back or limbs; diseases of the brain, lungs, heart, stomach, liver, kidneys, bowels, or special organs of sex; lowered vitality, irritability, insomnia and inability to think or work, are some of the conditions where Chiropractic Adjustments remove the cause.

I do not treat or cure. I remove the Cause, Nature Cures. Investigation costs nothing and may mean your health and happiness.
