

BOMB-LIKE OBJECTS TAKEN BY POLICE IN SOUTH SIDE RAID

Neighbors Fear Objects Con- tain Enough Explosives to Blow Up Whole Neighbor- hood.

Reposing in the chief's office at police headquarters today are two cast iron objects which the police think may be bombs.

They were taken last night from a closet in the home of William Smith, 227 South Thirteenth street, when the police raided the house. Neither Mr. and Mrs. Smith nor the two children were at home at the time.

After the objects had been placed in the police machine people living in the neighborhood prepared to sleep in peace for the first time in many nights.

Resemble Cannon Balls.
One of the objects is about two feet long, very rusty and quite heavy. It is hollow inside, something rattling in it when Chief Goodwin picked it up. The other object resembles a cannon ball, pointed at one end and about three inches in diameter. It is about eight inches long. A third iron object was left at the Smith home.

The police were appealed to by one of the neighbors last night. She said that no one in the neighborhood could stand any longer the suspense they had been in since Smith brought the peculiar looking objects to his home several days ago. They were first seen in the back yard of the Smith home, and then, the police were informed, Smith carefully carried them into the house.

A day or two ago the neighborhood became greatly alarmed when Mrs. Smith informed a woman acquaintance that she was greatly afraid of the two iron objects, saying that they were likely to explode if handled roughly. Several men have been frequenting the Smith home lately, neighbors say. The Smiths are not well known in the neighborhood, not having lived there very long. Police were informed that domestic trouble was of frequent occurrence with the Smiths.

Spinach, 5c 1/4 peck.
Squash, 5@10c each.
Sweet potatoes, 20c 1/4 peck.

CHANGE IN PROGRAM OF YEARLY MEETING

Friends Plan to Begin Business Sessions One Day Earlier.

A change will be made in the program for the Friends' Yearly Meeting this year, which will be held at the East Main Street Friends church the last week in September. The program committee is working on the new arrangement which will probably result in the business of the Yearly Meeting proper being started a day earlier than usual.

According to the plan by the committee, of which President Kelly is chairman, the meeting on Ministry and Oversight will be held on Monday. Business meeting will be held in this department all day Monday so that the regular sessions of the Yearly Meeting can begin on Tuesday morning, a day earlier than last year. By this plan it is believed that it will not be necessary to continue the session over the next Sunday.

The various committees are at work rounding out the work preparatory to the opening of the session. A number of prominent speakers have been secured and from present indications, the sessions this year promise to be more interesting than ever before. The missionary committee is planning on having a special missionary expert address the body on Missionary day. Other committees are planning special features, which they are not ready to announce.

FLURRY IN STOCK NOT FELT IN CITY

The flurry in the stock markets of the East due to the European war, will not be felt here, according to local bankers.

Local bankers do not hold stock in any of the eastern concerns that have been affected by the war scare, and very few bonds. The bonds held by the local banks have not been affected and it is probable that they will not be for they are all of the highest class bonds and are not affected by any temporary flurries.

The small amount of stock held by local banks, mostly as securities, is on from 20 to 25 cents margin. Practically all the bonds held by local banks are municipal and state bonds, which would not be affected by the war scare.

MEN SET STATUE OF BLESSED VIRGIN

After two days' work men have placed the new statue of the Blessed Virgin in the niche over the front of St. Mary's church. The statue is over six feet high and made of white marble. It is the gift to the church of Will Cronin, of Terre Haute, brother of Father Cronin.

STEPHENSON DECLINES

MILWAUKEE, July 29.—United States Senator Isaac Stephenson today announced that under no circumstances will he be a candidate for the senate again. He is over eighty years old.

CHICAGO MARKET RECOVERS ACTIVITY

CHICAGO, July 29.—That trading conditions on the floor of the board of trade would again become nearly normal within a few days and that further wild fluctuations such as occurred yesterday when Austria declared war would not occur was the general belief when trading in grain began here today. Charles T. Atkinson, secretary of the board of trade, said he expected no financial difficulties among the stock brokers of Chicago.

Following the wildest day in the history of the local board, office forces in practically every brokers office remained until nearly daylight, this morning checking up on yesterday's trades. It was generally believed that the gains and losses would run from \$25,000 to \$50,000 for each trader.

"Everything is in good shape," said C. H. Canby, president of the board of trade today. "I believe the crisis has passed. Things in Chicago ought to settle themselves in a few days."

MASONS GIVE SOCIAL

The social held by the Richmond Lodge Masons last evening in the parlors in the Masonic building, was attended by more than 300 persons, members of the lodge, and their families. An elaborate program had been arranged, which consisted of talks, recitations and music. The social was so successful that it is probable that it will be made an annual affair to take place this time of the year. Frank Benn was master of ceremonies last evening and much of the credit for the success of the affair is given him.

HOSPITAL PATIENTS SHOW IMPROVEMENT

Mrs. John Parker, of Eaton, O., who was injured in an automobile wreck near New Paris about two weeks ago is still unable to leave the Reid Memorial hospital although she has been improving rapidly during the last few days.

No change has been noted by physicians attending David Hensley who is at the hospital with a broken neck received when he struck a log in a dive from Noland's fork bridge near Greensfork.

OLD STYLE CYCLE SEEN ON STREETS

Almost as antiquated as the old "one horse shay" on the morning of the day it collapsed in a heap in front of the meeting house, an old high-wheel bicycle, a relic of forty years ago, was seen on the streets today. Everywhere it attracted attention and swarms of boys on modern cycles followed it. The bicycle was formerly the property of Ray Robinson, but now belongs to Morris Brown, 800 National avenue.

POLES IN REVOLT AGAINST RUSSIANS

Blow Up Powder Magazines and Houses to Gain End in Warsaw.

VIENNA, July 29.—A reign of terror prevails in Warsaw, Poland. Revolutionists have blown up several powder magazines with dynamite bombs, according to despatches received from well-informed quarters today. Many persons were killed and injured. One dispatch asserts that the whole Warsaw citadel was blown up. This structure, known as the Alexander Citadel, was the chief military quarters on the North side of the city.

The first sign of an outbreak, the dispatches say, came on Monday, when a magazine of one of the fifteen Warsaw forts was blown up. Explosions in others followed.

Leaders of the Polish revolutionists deny that their followers are responsible for the explosions, but these denials are given little credence.

RUSSIA TO MARCH IF AUSTRIA MOVES

LONDON, July 29.—Unconfirmed dispatches received today from St. Petersburg, states the German ambassador there was notified by Foreign Minister Savonoff that Russia would mobilize her army immediately upon receipt of news that Austria has invaded Serbia. The dispatches said this information had been secured from high sources.

FRENCH PATRIOTISM DEMANDS ACTION

PARIS, July 29.—A great explosion of patriotism marked the return today of President Poincare to Paris. The nation's executive was cheered at towns through which he passed on his journey from Dunkirk and a similar greeting was given him when he reached the Gare du Nord.

The people of Paris are mad for war with Germany. They see in a general conflict an opportunity to recover the Alsace-Lorraine and wipe out the stain left in 1870.

TO ARREST SERVIAN

VIENNA, July 29.—The government announced today that henceforth all Servians liable to military service would be arrested and turned over to the military authorities as military prisoners of war. Servian travelers suspected of espionage will be arrested.

Rome district last year produced 179,900 metric tons of olives.

AVIATORS ASSIST SERVIAN MOVEMENT

VIENNA, July 29.—Servia has put an aviation corps in the field and army officers will spy on the Austrian advance from aeroplanes. The war office was notified today that several Servian aviators had been flying along the border.

Although Austria-Hungary hid its own military movement, part of the information received as to Servia's operations was given out. It was learned that before Servia returned its reply to the Vienna ultimatum, the general officers of the Servian army conferred with representatives of the Montenegrin army of Podgoritz.

Reports have reached here that a great part of the Servian populace is opposed to war and that disorder has already broken out at several towns in the little kingdom. Heavy detachments of Servian troops are said to be approaching Baljevo Azico and Szeleuao. Strong divisions of volunteers are passing along the Drina River.

SUGGEST DIPLOMATIC END OF UNREST

BERLIN, July 29.—A suggestion of settling the Austro-Servian dispute that would eliminate the possibility of a struggle between those nations and thus avert all danger of a general European war, was made in diplomatic quarters today. It was to the effect that Austria might be prepared to consider proposals by England, France, Italy and Germany to formulate plans for the punishment of Servia in a manner that would satisfy the demands of Austria.

RULERS EXCHANGE WAR DISPATCHES

BERLIN, July 29.—Emperor William of Germany and Czar Nicholas of Russia are in direct communication today on the war crisis. The Kaiser sent a dispatch to the Czar. This passed in transmission one from the Czar to Berlin.

NAVY CONCENTRATES

GIBRALTAR, July 29.—The Spanish fleet has been ordered to concentrate at the Balearic Islands.

TAKE RICH MAN AS SERVIAN SPY

VIENNA, July 29.—Mr. Dunsyovsk, a millionaire whose father was a Servian, was arrested today and charged with being the head of the Servian plotters who have conspired to assassinate Austrian officials. The police found in his home a quantity of treasonable proclamations and in the cellar they discovered 200 bombs manufactured in the Servian arsenal at Kraguevatz. He was taken in chains to the Sased penitentiary.

The leaf of the Ceylon talipot palm, which grows to one hundred feet in height, is so wide that it will cover twenty men.

Experienced Women Advise Mother's Friend

Because it is so perfectly safe to use and has been of such great help to a host of expectant mothers, these women, experienced in this most happy period, advise the use of "Mother's Friend."

Applied externally to the abdominal muscles its purpose is to relieve the undue tension upon muscular expansion. Beneath the surface is a network of fine nerve threads, and the gentle, soothing embrocation, and the gentle, soothing embrocation, upon this myriad of nerves, applied to the breasts it affords the proper passage to prevent caking.

There is scarcely a well-stocked drug store anywhere but what you can easily obtain a bottle of "Mother's Friend" and in nearly every town and village is a grandma who herself used it in earlier years. Expectant mothers are urged to try this splendid assistant. Mother's Friend has been prepared by Bradfield Regulator Co., 210 Lamar Bldg., Atlanta, Ga., for nearly half a century. Send for valuable little book to expectant mothers.

Regardless of former price of Wash Suits you can get them at our store now at your choice

The Right Coal

It is important, Mr. Farmer, when you buy coal to get the kind which is best adapted to your purpose. You can use one kind for threshing which would not be as good for cooking or heating and vice versa. We have a variety of coals and know what they are intended to be used for. Anthracite, Pocahontas, Jewel, Winifrede, Yellow Jacket and Indiana are among the kinds we always carry in stock.

Come in and see us when you want the best in coal or building material.
