

## BANK OF ENGLAND RAISES DISCOUNT

### American Stocks Rebound on Stock Exchange as Trading Opens.

LONDON, July 30.—The Bank of England's discount rate was raised to 4 per cent on account of the money stringency today, caused by the war. The rate had been 3 per cent since January 29 last.

The stock market rebounded at the opening today and some big gains were made in American stocks that were hardest hit during the panic condition early in the week. Baltimore & Ohio opened four points over yesterday's close, Atchafalaya and Southern Pacific showed 3 per cent gains while the majority of other American stock showed fractional gains.

Another brokerage house failure was announced at the opening. Toward noon the market house became quiet. The American securities that had shown increases at the opening held steady around the opening mark. The other European markets were reported in a stagnant condition and pervaded by an air of gloom over the situation.

## Nath Edwards Writes—

ECONOMY, Ind., July 30.—Do birds swirl in spring as do boys and girls? One Sunday morning in May we heard an awful racket in the old hickory that stands in the barnyard. That was about 8 a. m. and we noted three woodpeckers in the tree. We found two red-headed suitors for the love of Miss Redhead.

They gave an interesting and amusing love story in bird language and action.

The male birds indulged in all kinds of fancy flights to show their prowess, including spirals, loop-the-loop and gliding. The lady surely was looking for a husband that could surpass all woodpeckers in fancy flying. It took her until 4 o'clock that afternoon to make up her mind which one to choose.

The sight was so interesting that we missed our dinner to see the outcome. When the lady made her choice, the defeated suitor had to move on. It was a compulsory move, for the happy pair gave the rejected bird to understand that two is company and three a crowd.

Both husband and wife chased the dejected suitor. They drove him to the woods. Then they returned and occupied a flat in the tree.

Study the birds and see how much they act like human beings.

## CONGRESS TO CLOSE ABOUT AUGUST 20

WASHINGTON, July 30.—"I think congress will be able to adjourn by August 20," President Wilson was informed today by Senator Smoot, of Utah. "All trust bills will be passed by that time," the senator said.

This word brought by a Republican senator greatly pleased the president. Senator Smoot thinks that the way now is clear for expediting debates on the various bills and that no obstructive measures will be set in their path by the Republicans.

## FINE L. M'GEE

Leroy McGee, an aged man living in Liberty, was arrested in Glen Miller park this morning on a charge of intoxication. He was so filthy that no one in the court room was permitted to go near him. He was fined \$1 and costs but pleaded so pitifully for clemency that Mayor Robbins finally released him when he promised to leave the city.

## GEN. VILLA PREPARES TO FORCE CARBAJAL

### Rebel Chief Determined on Equitable Distribution of Mexican Land.

WASHINGTON, July 30.—Private

advices to members of the Constitutional party here today support the theory that General Villa is strengthening his army and laying plans to enforce his demand concerning the government to be set up in Mexico City from the transfer of the Carabajal regime to General Carranza. These dispatches say that Villa has been assured of backing to the limit by powerful persons associated with a former administration in Mexico City, and if Carranza does not comply with Villa's wishes, the military chief will take the field at the head of his troops and carry the matter through to a final conclusion.

What Villa has been fighting for, according to his pronouncements, is an equitable land policy. He has maintained that the only salvation of the Mexican poorer classes lies in the wresting from the landed gentry their vast acres and the redistribution of this land among the peons, according to a policy somewhat similar to the American homestead law. Any sign of an encroachment on this policy by the personal adherents of Carranza will not be tolerated by Villa, it is said.

## Harvest Notes of the Farms

### POOR OUTLOOK.

CAMBRIDGE CITY, Ind., July 30.—Farmers report the corn prospects dwindling every day. Much of it has had little rain since planting, and it will be a short crop no matter as to future rain. Pastures have long since dried up, potatoes are a serious loss, and garden vegetables almost a failure. There was a fair hay crop, a good oats crop and a bumper wheat crop. Of fruits there was a light crop of berries, and since apples that are in sight for winter use are dropping badly.

### WHEAT AVERAGES 30 BUSHELS.

JACKSONBURG, Ind., July 30.—Ed Kinsinger threshed a field of wheat last Thursday containing seventeen acres that yielded 513 bushels, an average of thirty bushels to the acre, and another field of nineteen acres that yielded 407 bushels, an average of 21 bushels. The quality was good. It weighed 60 1/2 pounds.

### LA RUE TO MOVE

Mr. La Rue, of this city, will take the position vacated by Fred Goebel as foreman at the American Casket company's plant in Cambridge City. Mr. Goebel resigned his position and succeeds Vernon Shields as foreman at the Cambridge City casket factory. Mr. Shields will go on the road for the Ohio Valley Coffin company.

### TESTS WATER SUPPLY.

EATON, O., July 29.—Tests to ascertain the purity of Eaton's water supply are being made by officials of the state health department. Following previous investigations it has been ordered that a well at the corner of Maple and Bruce streets be abandoned. At the county infirmary also a well was ordered closed. A sample of the city water was sent to Columbus this week by Marshal Armstrong, who also holds the position of health officer for the city.

### Ladies' Hairdressing

In London and Paris

Both cities are positively dotted with hairdressing parlors and hair goods establishments. One wonders if the women of these two huge places have time for anything but care of their hair. There are hundreds of makers of switches and wigs and dozens of manufacturers of shampoos. There they use no makeshifts but preparations made for shampooing only and inquiry as to the most popular shampoo brings the reply that canthrox is best. A perfect, economical, invigorating shampoo can be cheaply made at home by dissolving a teaspoonful canthrox, which every good druggist has, in a cup of hot water. This mixture cleanses thoroughly, and gives to the scalp the vigor that insures hair beauty. Canthrox shampoos make the head feel good and are very beneficial where hair is faded and brittle. Their use will greatly enrich the color of the hair and give to it a beautiful gloss and softness.

## Tom Wilson Recalls Early Days of City

BY STAFF CORRESPONDENT.

DAYTON, O., July 30.—Almost the entire time allotted him for a political speech at Brookville, O., was consumed in relating stories of Richmond, Ind., people yesterday afternoon when Tom Wilson, veteran humorist, sketch writer, paragrapher, performer and publisher of "Town Talk" in Dayton, became reminiscent over incidents occurring a quarter of a century ago.

Wilson is one of the party making a campaign tour in behalf of J. J. Willis, Republican candidate for governor of Ohio. He was to have spoken for three minutes at Brookville but this time allotment was far exceeded.

"Whenever I am called on to speak at such a meeting, I cannot forbear reference to Colonel Tom Bennett, once mayor of that beautiful staid old town, Richmond, which stands majestically on the bluffs of the Whitewater river, overlooking rich farm lands and fertile fields," Wilson said in opening.

"It was just twenty-five years ago that I presented a sketch at the New Phillips opera house under the auspices of the Sol Meredith Post, G. A. R. In Richmond the soldier boys are given proper respect by the townspeople and they made it a gala week. On Saturday night at my closing performance, when I had my big St. Bernards grouped about me ready for the curtain to rise, Tom came back on the stage and told me to wait a minute before opening.

Gives Fine Tribute.  
"When the curtain arose, Tom stepped before me and delivered one of the most beautiful tributes that I have ever heard a man receive. Then he presented me with a beautiful medal in the form of a shield and set with a large diamond. I prize that most highly of the many things I have accumulated in my travels.

"Some day I am going to return to Richmond and call on him who was then chief of police; and all the old G. A. R. boys. They are fine fellows. When I heard recently that Joe Betzold and Tom Bennett had passed I was deeply grieved because I knew that it meant the end of two of the finest representatives of the old order of Hoosiers.

"This meeting also shows me the difference between political meetings of today and those of the times of Tom Bennett. I had the pleasure of making a tour with Colonel Bennett and others through eastern Indiana. We were wine and dined and the chief object

of local politicians seemed to be to have the candidates intoxicated.

Bennett Saves Day.  
"At Connersville the conditions were shameful. There was a large crowd awaiting the speakers before the time set and some of the speakers were then at the hotel unable to even converse sanely. But Colonel Bennett saved the day. I had not seen him for some time and I was hunting him when I heard cheers of the crowd outside. I stepped outside. There from a balcony of the hotel, Tom Bennett was in the midst of one of the most eloquent addresses ever delivered in Indiana politics. He was cheered to the echo."

Tom Wilson exhibits in Dayton the badge given him by the Sol Meredith post. He says he was recently offered \$250 for the diamond by a Dayton jeweler who wanted to replace the stone with an imitation. He refused the offer, he says.

## DOLLAR DAY PLEAS

### Results Gratify Merchants and Shoppers.

Both merchants and customers were gratified with the results of the second Dollar Day promoted by the Palladium. Large crowds were attracted to the stores yesterday by the bargains which were offered, many coming from neighboring towns. All day long stores were crowded with shoppers. Good results were recorded. Persons who did shopping were pleased with the values offered, leaving the city late in the evening laden with parcels of many different colors and sizes.

## ENJOIN JOHNSON FROM FED GAMES

PITTSBURG, Pa., July 30.—An injunction was granted the Cincinnati National Baseball club here today restraining Pitcher George "Indian" Johnson, who recently jumped from the Reds to the Kansas City club of the Federal league, from playing with the latter club. The injunction, a temporary one, will be finally decided September 1. Meanwhile Johnson's bond is \$3,000, a guarantee that he will not play in Pennsylvania.

## RED BLOOD

And Plenty of It Is the Secret  
of Robust, Joyous Health for  
Old and Young.

## USOLINE Is a Wonderful Blood Purifier.

Blood is made from the food we eat. Now the blood has got to be rich and red, and it can only be so when the food is comfortably and thoroughly digested and fully assimilated.

After the blood-making elements are extracted from the food, what's left, the wastes, must be eliminated from the body. The bowels are the great organs of excretion—acting or carrying out.

There must be no congestion, no constipation.

Now can there be pure, rich, red blood; normal, healthy action of stomach, liver, lungs, kidneys and heart; when the bowels fail to do their part fully and regularly? When these poisonous wastes are actually left in the body to back up through the whole system?

You have tried cathartics, purgatives, laxatives, violent-acting, pain-racking drugs—and you know the unsatisfactory results.

Now try a pure, natural, internal lubricator—USOLINE.

Its effect is to gently soothe, heal and lubricate the whole internal digestive and intestinal tract; to soften the congested mass of poisonous waste; and to cause the movements of the bowels to be painless, regular, natural and healthy—to remove constipation and to remove health.

Try USOLINE—there are no indications but it is like the genuine USOLINE, imported from Russia and recommended by the O.T. PRODUCTS COMPANY, New York. It's odorless, tasteless and a colorless. Be sure this. For adults, children and babies. Sold by druggists on the package. Generally 15
