

## NEED TWO MILLION TO AID AMERICANS CAUGHT IN EUROPE

### Two Armored Cruisers of American Navy Will be Sent to Carry Gold Abroad.

WASHINGTON, Aug. 4.—The congress is to be asked immediately to appropriate \$2,000,000 to relieve Americans in distress in Europe.

President Wilson today approved the detailed plans which were drawn up last night at a conference between Secretary Bryan, Secretary McAdoo, Robert Lansing, solicitor of the state department, counsel for the American Express Company, and Benjamin Strong, a New York banker.

The congress will be asked to empower Secretary McAdoo to appoint fiscal agents in Europe to supervise the expenditure of the \$2,000,000 fund, which will be in addition to the \$250,000 appropriated yesterday.

To Work Out Details.

A. C. Miller of the federal reserve board, will work out the details of the relief plan, and to aid him trained men from the war and navy department who are specialists in transportation will be assigned to give their full cooperation.

Mr. Miller first will get in touch with steamship companies to get their cooperation and find what vessels will be available.

In order to get gold to Europe, arrangements will be made to send a United States vessel with the consent of foreign governments, under the flag of the United States to the countries involved in the war.

## EXPECT HUNDREDS FOR CHIEF GAME

### Richmond Managers Prepare for Rooting Delegations From Neighboring Cities.

The largest crowd ever witnessing a baseball game in Richmond is expected to be present at the Richmond-Chicago Federal game at athletic park next Sunday afternoon. The game has been advertised extensively by the local club and train loads of baseball fans, who are anxious to see the famous Chieftains in action, will be brought to the city from the country within the radius of from fifty to a hundred miles.

"Chick" Long, who has pitched the best ball ever seen in this city, will be working on the mound for Richmond and is expected to give the Chicago Feds a run for their money. Long has more than a mere game at stake Sunday for he is being considered by Captain Tinker, of the Chieftains, as a possibility on the big league team. It is up to Long to make good Sunday or lose his opportunity. Although the Chicago team ought to have a walk away with the locals, a good game is promised by reason of the combination of Long, at pitcher, and the heavy batting of the Quakers, which has been the feature of the team this season.

Novack will probably be on the Bench Sunday, although his place at catch has not been filled by Manager Kenney. Since his last prostration a week ago, which put him out of the Connorsville game he has been in ill health and will probably not be strong enough to play Sunday.

## GREY BACKED

(Continued from Page One.)

Italy has passed responsibility back to Germany.

England, standing to the last for peace, will also hold the Kaiser responsible for the conflict.

From the small spark of the ultimatum delivered to Serbia by Austria has sprung the flame now enveloping the most powerful nations of the world.

Italy Resists Pressure.

Standing aloof, shielding her people from disaster, Italy is endeavoring to avoid the conflict, but pressing down on her is Germany, demanding that she live up to the terms of the triple alliance and aid in "resisting the attack of Russia and France." It is the contention that these two nations attacked him that the Kaiser has seized on not only to put himself in a favorable light before the world, but to put Italy in the position of refusing to fulfill her duty imposed on her by the alliance.

The railway stations, where the continental trains arrive and leave, presented busy scenes. Each incoming train brought refugee Americans and Englishmen from the continent. As few porters were on hand all of them had to carry their own baggage, and some amusement was afforded by their method of trundling heavy trunks from the cars to waiting cabs.

It is announced that the government's extension of the holiday applies only to banks, which will give the government time to complete arrangements to meet the financial situation. Other business will continue as usual.

Ships to Stay in Port.

All British trading vessels are to be ordered to remain in port. The Orient liner Otway, reached Gibraltar today from Australia, advises here declare. She was immediately ordered to remain there.

### ARREST WOMAN FOR BEING A SPY

STOCKHOLM, Aug. 4.—An Austrian woman was arrested today at Oster-sund, Sweden, on the charge of being a Russian spy, according to word received here today. She gave the name of Julia Koz. Photos of Norwegian fortresses were found in her possession. She had traveled through Norway on horseback.

The "safety first" idea which has recently come into general practice on the most American roads is an old one in Germany and other European countries where the practice extends to every form of industry as well as the railways.

## CITY TO BLOW UP WEST SIDE DUMP

### Council Votes Task of Eliminating Nuisance of Fire Companies.

The city's greatest nuisance, the West Richmond dump, near the Doran bridge has received its death warrant and its elimination will be attempted by the street department and fire department within a few days.

Councilman Weidie, chairman of the special committee appointed to investigate the feasibility of the city purchasing property in the vicinity of the dump for a riverside park, reported last night that the committee had only half finished with its work but had already reached the conclusion that it would be unjust for the city to maintain the west side dump any longer. He said the committee had decided to recommend that the dump be blown up with dynamite and that the fire departments be prepared to combat any possible blaze from the top of the dump after the blasting.

Chief Miller today said that the blasting was work for the street department to do. He recommended, however, that blasting powder and not dynamite be used. No time for the big blow up has been fixed.

Mr. Waldele says it is an outrage that the residents of the section of the city whose health and comfort have had to put up with the nuisance so long. Carpets, curtains and linens in houses in that neighborhood are permeated with filth from the dump and the odor is positively sickening. He said recently one woman had to be removed from her home at midnight for fear she would be suffocated by the sickening stench.

Satisfactory progress is being made in the investigation of the park project and a report will be made within a short time.

## ROUTE OF GERMANS

### GERMAN TROOPS INVADE.

PARIS, Aug. 4.—A company of German troops crossed into France today near Mars-La-Tour.

Advices from the fortress at Belfort say that almost continuous skirmishing is in progress there between the German army of invasion and the French defenders. The French commanding general is utilizing his aeroplane corps both for scouting purposes and for the purpose of harassing the enemy with bombs. While there has been no general battle, both sides have sustained losses in the skirmishing. The German advance is intrenching its base and it is believed that a general assault on Belfort is contemplated.

A German army aeroplane last evening dropped three bombs on the French fortified town of Lunerville, to the southeast of Nancy. Some property damage was caused, but there were no casualties.

Cross Border at Three Points.

The German entry into the duchy of Luxemburg was headed by thirty-five automobiles filled with officers, these being followed by cavalry in force.

### FIRE TWENTY SHELLS.

ST. PETERSBURG, Aug. 4.—Details of the bombardment on Sunday of the town of Libau by the German cruiser Augsburg, were contained today in an official dispatch. The cruiser fired twenty shells, and did only slight damage. One of the shells struck the naval hospital, but no one was hurt. The cruiser then departed.

## FOULKE SENDS NEWS OF FAMILY'S SAFETY

The first word from any of the Richmond people now traveling in Europe was received by A. D. Gayle, president of the First National bank last evening at 9 o'clock from William Dudley Foulke, who according to the cablegram, is now in London with his family. All are safe, according to the cablegram, which does not go into detail concerning the conditions there.

The cablegram is sent by code, which, as near as can be translated into English, is as follows: "Family cables from London safe and well." The party with Mr. Foulke includes his wife and daughter, two grandsons and two maids. The cablegram was sent from a seaport near London.

No word has been received here from James Morrison, who sailed from New York, Friday, July 31, on the steamer St. Louis. It is thought probable by local friends of Mr. Morrison that the ship has been called back and will not arrive at its destination, which is London.

The families and friends of the other Richmond people who, according to the last report, are in Germany, are anxious to hear from them and are making every effort to get in touch with them. Their anxiety has been increased since the report that no foreigners will be allowed to leave the country during the mobilization of the army.

There are 1,500 registered autos in Barcelona.

## CLUB TO ADVOCATE COURSES ON BIBLE

### Knollenberg, for Commercial Body, Makes Recommendation to School.

A Bible study course for which credit is given on examination is a probability for Richmond public schools.

George Knollenberg, chairman of the committee on education, made a report at the meeting of the directors of the Commercial club last night of his investigation of the proposed Bible study course which was before committees of the state board of education.

As a result the Commercial club committee will ask the school board to adopt a course of study as outlined by the state board and the school probably will comply.

The Bible study course as Mr. Knollenberg explained it, is interesting. Denominational, creed, race or belief is not a factor. Whatever Bible or religious text book the pupil accepts as his Bible will be accepted as his text book for his studies.

The course is not for religion, but for sacred history and literary production. No studying would be done in school rooms and there would be no recitations as it is pointed out, that would result in continual friction between believers of different faiths.

The school board will be asked to introduce the Bible, the Bible being construed to mean any Bible, as a textbook in the schools and have examinations at certain periods as prescribed by law. A half credit for a term's course is given for successful students who pass the examinations.

## \$150,000 Race Horse Dies in Paris

Racing enthusiasts are today lamenting the death of Rock Sand, the famous racing stallion, formerly the property of August Belmont. In 1906 Mr. Belmont paid \$125,000 for the horse and in 1912 sold him to a syndicate of Frenchmen and Americans for \$150,000. Rock Sand was three times the winner of the English Derby. He was 14 years old when he died.
