

MEN OF SOUTH RICHMOND SET MASS MEETING

Smithmeyer Heads Agitation for Location of New Bridge Across the Whitewater at E Street.

South Side Association May Join in Move to Adopt Upper Site for Crossing of the River.

The meeting which will be held Friday night at the home of Lewis H. Smithmeyer, 223 South Second street, of South End residents living east of the river and a committee of six from the Southwest Richmond Improvement association is for the purpose of arranging for a mass meeting of citizens who want the south end bridge to be located at South E street.

Mr. Smithmeyer said today six men from each side of the river would secure a statement from the county commissioners Saturday to present to the mass meeting, the date of which has not been set.

No effort will be made to organize permanently on the east side of the river as the residents of Southwest Richmond have done. After acting in favor of the South E street location of the bridge, the mass meeting will disband, unless the citizens request that the organization be made permanent.

Considerable interest in the meeting is expressed in shops where South End men work in large numbers. Many of them are members of the South Side Improvement Association.

The officers of this association have appeared before the commissioners repeatedly requesting that the bridge be located at South L street. It is expected that the mass meeting will be composed of many who are members of the South Side Improvement association and that they will join the cry for the E street location.

Water bills due Oct. 1. 28-10

CRAWFORD RELATES

(Continued from Page One.)

of state, permitted him, which was not often. The result was that the local legislator became known far and wide as an opponent of the existing order of things among Democrats.

It was not until the constituents of Mr. Crawford openly ignored his stand in enmity of the state machine that he bolted his party. Mr. Crawford stated openly early in the campaign that he would support for the legislature only such candidate or candidates as declared themselves free from machine dictation. The then aspirants for nomination did not see fit to make any declaration of belligerency toward the state organization and the departure of Mr. Crawford for what he believes a more direct means of governmental reform, the Progressive party.

Mr. Crawford is said to have a clear, comprehensive and intelligent statement of conditions in the 1913 state legislature, and those who have heard him say it is an extremely interesting story. He has a command of simple language that appeals to his audiences, and his experience as related on the stump this year has an extraordinary educational value.

W. D. Headrick, the other orator for the Thursday evening meeting, is one of the numerous young men who have sprung into prominence since the foundation of the Progressive party. He has been very active in the cause, particularly in Indianapolis and Marion county. He will be remembered by many local Progressives as the chairman of the state banquet at Indianapolis last winter.

CALL SALE OF BONDS

Commissioners Offer Marshall Road Issue.

The sale of the Orlando Marshall road bond issue of \$5,000 will take place at the court house Saturday morning at 10 o'clock.

Proposals are expected from several Indianapolis and Cincinnati banking houses and from Richmond companies and individuals. Most of the bonds issued in this county have gone to the Fletcher American National Bank of Indianapolis.

The Orlando Marshall road is in the northern part of the county and connects with the improved road known as the Morrison road. The contract for the Marshall road improvement was let a week ago and the Morrison road work is completed this week.

GAYLE ATTENDS BANK CONFERENCE

A. D. Gayle, president of the First National bank, and a member of the tax committee of the State Bankers' association, is attending the annual convention at Indianapolis.

On October 9, Mr. Gayle and S. E. Swayne one of the directors of the First National bank will go to Richmond, Va., to attend the annual convention of the American Bankers' association.

W. H. M. S. HOLDS PICNIC PROGRAM

Members of the Women's Home Missionary society and the Young People's Home Missionary society of the First Methodist church, will give a picnic supper tonight at the church parlors. Following the supper a program will be given.

Mrs. W. B. Freeland, district president of the society, will address the meeting, and Miss Norah Bertsch of Centerville, the district corresponding secretary, will also talk. Several musical numbers have been arranged.

Bunions and Sore Feet.

Don't endure foot agony. Here is surest and quickest remedy known. "Two tablespoons of Calceide compound in warm foot bath." This gives instant relief; sore bunions are soon reduced; corns and callouses can be peeled right off; excess sweating or tenderness is overcome. It acts through the pores and removes the cause. Large box of Calceide twenty-five cents at any drug or general store. Prepared at Medical Formula Laboratories, Dayton, Ohio.

GRAVEL ROAD OIL TO CREATE BREAK WITH JONES PLAN

Commissioners Declare Oil Injures Gravel Highways in Opposition to County Superintendent.

A disagreement between the county commissioners and Superintendent of Highways Jones is imminent when the road superintendent asks for an oiler to oil gravel and macadam roads in the spring.

Commissioners Anderson, Doddridge and Linderman have announced that they object to oiling gravel roads. They say that experiments made in this county on gravel roads have shown that the roads will not stand as much winter and early spring wear if they are oiled.

Each of the commissioners takes the same stand, declaring himself favorable to the oiling of macadam roads of the county as planned by Mr. Jones, but opposed to the oiling of gravel roads.

Mr. Jones says that no opportunity has ever been presented to make the test in the manner in which he will make it. He expects to have the roads in a condition to take the oil and retain it in the winter without being affected by the spring thaws.

The road superintendent probably will experience no difficulty in having the commissioners approve his plan to buy an auto truck and a stone crusher, which will be used for operations.

Mr. Jones says that with a stone crusher he can build macadam roads as good as any constructed under contract at \$10,000 a mile for a cost estimated at less than \$4,000.

The auto truck will be used to transport from twelve to fifteen prisoners daily to the seat of operations. Mr. Jones will not build a shed in which to keep his tools and machinery in this year but will store them in a private barn. Next year, after much new material has been purchased, a shed will be built near Richmond, which will be made the central storehouse and machine room for the county road system.

STUDENTS COLLECT WHITE PLAGUE DATA

Earlham Aids Melpolder in Effort to Learn Conditions in City.

Secretary Melpolder today took up the records for the investigation of tuberculosis deaths in the city in the past five years. Earlham college students will secure the information from the death records and from personal investigation.

The condition of the living quarters of the victim will be looked into closely. The number of persons per room, the furnishings, carpets, wall papers and woodwork will be examined. The investigators will also endeavor to ascertain if the patient used a lamp for lighting and a small stove for heating in rooms where a number of persons live.

The Earlham students are expected to take up the work tomorrow. After the completion of the death record, a record of subsequent cases will be made.

LARSH RESIGNS AS ROAD INSPECTOR

Lafayette Larsh, 127 South Thirtieth street, has resigned as inspector of the National road east improvement. He filed his resignation today with the county commissioners, asking that a successor be appointed by October 10.

It is said that it has been impossible to keep the road closed properly and many complaints have been made by farmers living east of Richmond which reflect against the inspector.

Electric railways in the United States employ 282,461 persons at a yearly cost in salaries of \$200,890,939.

Appetite Follows Good Digestion

Nearly every one indulges their appetite and the digestive organs are abused, resulting in a congestion of poisonous waste in the bowels and causes much misery and distress.

The most effective remedy to correct this condition is the combination of simple laxative herbs with pepsin known as Dr. Caldwell's Syrup Pepsin. This is a natural, pleasant tasting remedy, gentle yet positive in action, and quickly relieves indigestion, constipation, sick headache, belching, etc. Drug stores sell Dr. Caldwell's Syrup Pepsin at fifty cents and one dollar a bottle, and in thousands of homes it is the indispensable family remedy. For a free trial bottle write Dr. W. B. Caldwell, 451 Washington St., Monticello, Ill.

ENTERTAIN PARENTS

The faculty and students of the Richmond high school will hold open house for the parents and friends of the students Thursday evening, October 8. This is an annual event, and serves to bring the parents in touch with the organization of the school. A program will be arranged.

GIVE SCHOOL CONCERT.

To raise funds with which to pay for their victrola the teachers and pupils of the Joseph Moore school will give a victrola concert at the building to-night at 7:30 o'clock.

PURDUE SENDS MAN TO EXAMINE ROADS

College Collects Material for New Course in Highway Engineering.

A representative of Purdue university, George E. Martin, will visit Wayne county October 8, to inspect the roads and secure ideas on road building from Superintendent Jones.

Mr. Martin informed Mr. Jones that the information will be added to the highway engineering course which Purdue will have in connection with the civil engineering course after this year.

The state board of accounts and the state association of highway superintendents have written Mr. Jones asking him for information regarding Wayne county's road system.

There are nine assistant superintendents in charge of 240 miles of road. The total road mileage in the county is 752 of which twelve miles are macadamized.

The total cost of road maintenance this year to Sept. 1, in this county has been \$19,348 or \$86 a mile. At the close of the season this will have been increased to \$100 a mile, Mr. Jones said, by distributing gravel over the roads for winter.

FALL OF TSING TAO PREDICTED BY JAPS

Occupy Harbor Near German Fortress and Prepare for Advance.

TOKIO, Sept. 30.—It is officially announced that the Japanese have occupied Lao-She harbor, near Tsing Tao. Latest reports state that one of the German gunboats at Tsing Tao was badly damaged by a bomb dropped from a Japanese aeroplane.

SURROUND FORT.
PEKING, Sept. 30.—The fall of Tsing Tao is imminent as a result of the German gunboats at Tsing Tao, and sea, according to a statement issued at the Japanese legation today. It said that Fort Itlis had already been silenced and that heavy damage had been inflicted on Fort Kaiser Point. These two forts, with Fort Moltke, form the chief defenses of the German stronghold.

In order to shell Fort Itlis effectively it was necessary to mount guns on Mount Lau Shan. These were dragged up the mountain for 200 feet under cover of an attack that kept the real plan of the Japanese concealed. When the German gunboats were discovered the Japanese troops were doing four guns had already reached the position chosen.

Kills Ten Soldiers.
A bursting shell killed the soldiers who were drawing up the fifth and it fell back to the bottom of the mountain, crushing ten men to death.

ASKS DIVORCE

Fleecy Bennett today filed complaint in circuit court asking for a divorce from Charles Bennett. She says he deserted her in less than two months after the marriage. This occurred July 20, 1911, and he left September 15 of the same year, according to her affidavit.

Planning for the Stork's Arrival

Among those things which all women should know of, and many of them do, is a splendid external application sold in most drug stores under the name of "Mother's Friend." It is a penetrating liquid and many and many a mother tells how it so wonderfully aided them through the period of expectancy.

At any rate it is reasonable to believe that since "Mother's Friend" has been a companion to motherhood for more than half a century no more timely advice could be given the inexperienced mother than to suggest its daily use during expectancy.

Ask at any drug store for "Mother's Friend," a penetrating, external liquid of great help and value. And write to Bradfield Regulator Co., 302 Lamar Bldg., Atlanta, Ga., for their book of useful and timely information to expectant mothers. It contains many suggestions that are of interest to all women.

Keep your eye on South Nineteenth Street, Reveston Place.

Improvements will be completed in a few weeks. Look at it Sunday.

CROWDS ASSEMBLE AT PREBLE EVENTS

Early Attendance Breaks Previous Records of Fair Held at Eaton.

EATON, O., Sept. 30.—The sixty-fourth annual fair of the Preble County Agricultural Society is now on. Indications are that it will go down in the society's records as a record-breaker. All display departments are crowded to overflowing, and entries in both the speed and show classes are larger than for many years.

A string of more than a hundred horses are here to start for purses offered. The first event on the race course were held Wednesday. The events were a 2:30 trot, 2:25 pace and a road race for county-owned horses.

The race card for Thursday schedules three events, 2:11 pace, 2:16 pace and 2:18 trot. Each is for a \$300 purse.

Continuation of the present ideal weather means crowds Thursday and Friday far in excess of those last year. Races between an aeroplane and automobile will be held morning and afternoon, Thursday and Friday. This feature is under management of Lincoln Beachy.

Somebody figures that standing shoulder to shoulder the German army would extend in a line from San Francisco to Chicago.

When Croup Comes Treat Externally

The old system of dosing delicate little stomachs with nauseous drugs and opium syrups is wrong and harmful. Try the external treatment—Vick's "Vapo-Rub" Croup and Pneumonia Salve. Just rub a little over throat and chest and cover with a warm flannel cloth. The warmth of the body releases vapors of Pine Tar, Menthol, Thymol and Eucalyptol that loosen the choking phlegm and ease the difficult breathing immediately. One application at bedtime insures a sound night's sleep. Vick's is better than internal medicines for all forms of cold troubles. Three sizes—25c, 50c and \$1.00.

AND LOVEY MARY

He Was Deaf

Astonishing Improvement in Hearing, Edward Gregory, Engineer, Gives Information Free.

An engineer who had ear trouble for years finally became so deaf he could not hear the sound of a steam engine, bells or voices. After vainly seeking relief he was compelled to give up his position. His case seemed hopeless. His deafness was aggravated by head disturbances, dry catarrh, nervousness and despondency.

To the surprise of all, he began to hear and continued improving until he could listen to conversations, could hear a train at a distance and even the singing of the birds in the trees. His head and nerves became tranquil. He got his position back again. This was no miracle; no surgery no artificial hearing devices, no electric apparatus, no loss of time.

Whoever is becoming deaf can obtain particulars free by writing to Edward Gregory, 611-A Forbes St., Jamaica Plain, Mass. (Advertisement.)
