

PREDICTS NEW ACTIVITY FOR RUMELY PLANT

Official of Gaar-Scott Branch Says Indications Point to Employment of Many Workers.

Boom Will Follow Renewal of Shipments and Addition of New Lines to Product Schedule.

"Although working only a few men, while other factories manufacturing threshing machinery are not turning a wheel, according to reports from various parts of the country, indications are that the Gaar-Scott branch of the M. Rumely company will be employing more men than ever in a year or two," said an official today.

The fact that we are selling and offering for sale a number of old lathes and other machinery that has not been used since the local branch ceased to turn out gasoline tractors, two years ago, does not mean that the Richmond factory is to be abandoned.

The machine tools and the reputation of Gaar-Scott products are too valuable to be given up. This is the opinion of the company's officers at the Chicago office."

The local official explained that manufacturers of farming machinery expected one of the biggest rushes in shipping the trade has ever experienced as soon as transportation was restored. The close of the war, he said, would not only allow the shipment of orders cancelled by South American and Philippine concerns, but would prove a stimulus to all forms of the agriculture and consequently increase the demand for threshing equipment.

New lines would be added to the list of products manufactured at the Gaar-Scott branch, he said, which would make necessary the employment of a greatly increased force of men.

CLUB NEEDS \$5,000 TO ATTRACT CAMP OF 2,000 KNIGHTS

Members of the advertising committee of the Commercial club have under consideration a campaign to raise \$5,000 as a fund to entertain 2,000 members of uniform rank, Knights of Pythias of Indiana and Illinois next August.

The proposition was presented to the committee last night by Col. Harry Wade of Indianapolis, Gen. W. B. Gray of Covington, C. A. Phelps of New Castle, and several other state officers with members of the local uniform rank.

2,000 May Come.

The occasion will be the bi-state encampment which the uniformed knights want to hold in Glen Miller next year. There will be 500 tents with no less than 2,000 men in camp.

The K. of P. members believe the two state's encampment would bring about 4,000 people to the city including the visitors, campers and families. It would cost about \$5,000 to entertain the campers. The officers assert that the amount asked for entertainment is small compared to the amount of money which will be left in the city.

HOLE TALKS PEACE

NEW PARIS, O., Oct. 2.—In accordance with the proclamation of President Wilson calling for peace prayers, a peace service will be held at the Presbyterian church at 7 o'clock Sunday evening. The meeting will be addressed by Prof. Allen D. Hole of Earlham college.

QUEEN KNITS SOCKS FOR HER SOLDIERS

Queen Mary of England, who has appealed to British women to aid her in knitting socks and belts for the British soldiers in the field. The queen herself has already secured a large supply of yarn and is busy at her self imposed task believing that her example will be followed by every woman throughout the Empire. She learned that with the approach of winter hundreds of thousands of socks will be needed for the soldiers, and housewives throughout the country will be busy knitting them from now until November.

OPEN CHURCH GYM.

LEBANON, Ind., Oct. 2.—The new

gymnasium in the First Baptist church has been opened, and prospects are that large classes of men and boys of Lebanon will take advantage of the opportunities afforded by taking training under A. H. Kroeger, an experienced physical director. The gym was started for the men and boys of the First Baptist church, so many applications for entrance came from outsiders that it was decided to organize additional classes and admit them.

A seven passenger automobile belonging to David Niccum of Hagerstown, stolen Wednesday night from in front of the court house, this city, was found yesterday at Kirklin, Ind., near Frankfort, and one of the two thieves was arrested. He gave his name as John Haas and said he lived here. The other man succeeded in escaping from the town marshal. At Lebanon they stole some gasoline and the police there sent out a warning with the result that they were apprehended at Kirklin. Mr. Niccum's card was found in the machine, so the local police were notified.

FOREIGNERS APPLY FOR FIRST PAPERS

Unnaturalized Element Take Steps to Secure Registration Rights.

Naturalization of foreigners is being carried on differently than usual preceding the coming election. In the last few weeks about seventy or eighty foreigners have applied for first papers so they can register next Monday and vote in November.

The foreigners are not accompanied by legal heelers or other political party agents but have been making their applications alone and paying for them themselves.

Only one more day is left in which the foreigners may receive their first papers and be entitled to register. It is believed that Saturday will bring the remaining few unnaturalized foreigners to the clerk's office.

The local option election caused the opposing forces to send almost every unnaturalized foreigner in the city to the clerk's office for his papers and as a result only a small per cent of those who are now receiving papers are residents of Richmond.

MOVING VANS STOP; MEN WANT TO VOTE

Citizens Lose Franchise Right by Changing Precincts After Saturday.

Tomorrow is the last moving day in October and for a period lasting five days in November.

No residents of Richmond will keep moving vans busy for the next month. The penalty, unless the move is made in the little district known as a precinct, is the loss of a vote.

Although the registration day is held twenty-nine days before election, the law requires a thirty-day residence in the precinct. This means that the voter must live in the precinct for a full day before registration.

W. R. C. TO MEET

Members of the Women's Relief Corps of this city will attend the district convention which will be held in Knightstown, October 28. In order to promote a larger attendance from Wayne county plans will be discussed at a meeting of the corps next Thursday in the G. A. R. rooms at the court house.

The local option election caused the opposing forces to send almost every unnaturalized foreigner in the city to the clerk's office for his papers and as a result only a small per cent of those who are now receiving papers are residents of Richmond.
