WORRY SOUTH SIDEImprovement Association De-
fers Action Opposing El
Street Bridge Location.

Members of the South Side Improvement association were considerably worried last night over the fact that almost two thousand names have been affixed to South E street bridge petitions, but their attorney, Perry J. Freeman, assured them he had a newspaper copy of the original petition in which it is set forth that the bridge location should be "south of E street."

"The commissioners' records at the court house show that the bridge sinking fund was started to build a bridge as asked for in the petition," said Mr. Freeman. "I believe that we need have no fear that the money will be used for an E street bridge."

It was decided to defer the action on the bridge matter until after the election.

German Prince Reported Captured

According to a report received at the war office the French have captured the Prince of Bavaria at Nomey, fourteen miles north of Nancy. The prince referred to is probably Crown Prince Rupprecht of Bavaria, who is in command of the army that has been hammering at the French line of fortifications between Yaul and Verdun. No further confirmation of the report has yet been received. The Germans are said to be bombarding Nomey, with the object of setting the prince free.
