

BRAVES REACH PHILADELPHIA FOR BIG GAME

Dismayed But Not Discouraged at Smith's Accident, Stallings' Men Prepare for Final Series.

DEAL TO SUBSTITUTE

Athletic Backers Wager Heavily That Mackmen Will Win Series With National League Leaders.

BY FRANK G. MENKE,
Sporting Editor of the International News Service.

PHILADELPHIA, Oct. 7.—Dismayed by the injury to their teammate, "Red" Smith, in the game in Brooklyn, yesterday, but not discouraged over the ultimate outcome of the series with the Athletics, the Braves, thirty-eight strong, who arrived here last evening, went to various gymnasiums today to keep on edge for the battle royal with Connie Mack's clan.

It had been Stallings' intention to give his men a hard workout on the National League park, but when the men awoke this morning a cold rain was sweeping over the city, making outdoor practice impossible.

Charles A. Deal, the Braves' utility infielder, will play third base in place of Smith. He is not as hard a hitter as the regular third-sacker nor as brilliant a fielder, but the Braves feel confident that the youngster will make a creditable showing and will not hamper the chances of his teammates to capture the world's premier baseball honors.

Youngster Gets Chance.
As in every world's series where one youngster has stood out prominently in bringing laurels to his team, this year it may be Deal. It was "Baby" Adams who pitched the Pirates to victory over the Tigers, it was a pinch-hitter who gave the Red Sox a victory over the Giants, and it may be the Braves' "eleventh hour" sub-infielder who may prove the "man of the hour" in the coming conflict.

Philadelphia fans are heart and soul with the Athletics. They believe the team is invincible, and they are offering money that Connie Mack and his tribe will clean up the Braves just as easily as they have downed the Cubs and Giants. Very little betting has thus far been done, but it is said that when the Boston rooters come to town tomorrow and early Friday the wagering will be brisk and the odds will probably shorten.

1,000 Wait for Tickets.
The rush for the much-coveted baseball seats began this morning. Weary legs and sleepy eyes notwithstanding, 1,000 persons who camped out all night had their patience rewarded and secured choice locations for the opening game on Friday. Even yesterday afternoon there were hundreds in line, but on complaint of the police keepers along the route to Shibe park, the line, with drawn clubs, compelled those in line to disperse, but as soon as the stores were closed the line reformed.

Many brought camp chairs on which they snatched "forty winks" during the night, while others had nothing but a pole or the man in front to lean on. The demand for seats is greater than at the series last year with the Giants. The fact that the world's champions will go up against a different proposition this year and the fact that the Braves made a whirlwind flight from West to East, has given added interest to the series.

70,000 in Line.
Seventy thousand persons stretched along six city blocks were waiting this morning when the sale of tickets opened at a downtown department store. When the doors were thrust open there was a wild crush on the part of those waiting in line. A hundred or more men who had been lounging along Ninth street, north of the ticket entrance tried to crowd their way into line. Those who had been waiting to the south resented this attempt with fists, feet and voice. A squad of policemen hurried back the invaders. Along the whole six blocks of line disorder was the order of the day.

The strain of standing in line all night proved too much for two young men and they collapsed and were taken to a hospital.

Lost His Mind.
The first to collapse was Frank A. Maude, who, about 3 o'clock, imagining the sale had started, began yelling, "Give me three tickets," and fighting with those near him. He grew even more delirious after reaching the hospital and his condition is somewhat serious. Samuel Glasgow, 18 years old, was stricken about 6 o'clock. He was revived at the hospital.

There were seven women in line, all having arrived last night. Mrs. Carrie Feist was the nearest woman to the ticket windows.

HAVE COLOR IN YOUR CHEEKS

Be Better Looking—Take Olive Tablets.

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study with his patients.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.

If you want a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days, you must get at the cause.

Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.

They start the bile and overcome constipation. That's why millions of boxes are sold annually at 10c and 25c per box. All druggists.

Take one or two nightly and note the pleasing results.

Help the Stomach Digest Your Food

When the stomach fails to digest and distribute that which is eaten the bowels become clogged with a mass of waste and refuse that ferments and generates poisons that are gradually forced into the blood, causing distress and often serious illness.

Most people naturally object to the drastic cathartic and purgative agents that shock the system. A mild, gentle laxative, positive in its effect and that will quickly relieve constipation is Dr. Caldwell's Syrup Pepsin, sold by druggists at fifty cents and one dollar a bottle. It does not gripe or cramp, but acts easily and pleasantly and is therefore the most satisfactory remedy for children, women and elderly persons. For a free trial bottle write to Dr. W. B. Caldwell, 461 Washington St., Monticello, Ill.

He Was Deaf

Astonishing Improvement in Hearing, Edward Gregory, Engineer, Gives Information Free.

An engineer who had trouble for years finally became so deaf he could not hear the sound of a steam engine, bells or voices. After vainly seeking relief he was compelled to give up his position. His case seemed hopeless. His deafness was aggravated by head disturbances, dry catarrh, nervousness and despondency.

To the surprise of all, he began to hear and continued improving until he could listen to conversations, could hear a train at a distance and even the singing of the birds in the trees. His head and nerves became tranquil. He got his position back again. This was no miracle; no surgery no artificial hearing devices, no electric apparatus, no loss of time.

Whoever is becoming deaf can obtain particulars free by writing to Edward Gregory, 611-A Forbes St., Jamaica Plain, Mass.
