HYOMEI

Soothes, Purifies, Heals Catarrh

When you have frequent attacks of sneezing or head colds, tickling in the throat, dull headaches, crusts in the nose, raising of mucous or spasmodic coughing, and seem lacking in vitality, you are affected with catarrh—a disease that can not be neglected, since it often leads to a serious if not fatal ailment. The ravages of catarrh will in time wreck the health of even the strongest person. Besides, catarrh is so unpleasant—it makes your life miserable and annoys your friends.

At the first catarrhal symptom surely use Hyomei. It's the right-to-the-point remedy—you breathe it—no nauseating drugs to upset your stomach.

Hyomei is a combination of antiseptic oils that you breathe into the nose, throat and lungs in the natural way. Just a few drops into the inhaler and breathe it. The germicidal fumes mix with the air and at once penetrate to all nooks and crevices of the mucous membrane lining the breathing organs. It destroys the dangerous germs that may be lurking in the delicate tissues, and immediately soothes and heals the raw and inflamed membrane.

We sell Hyomei with an agreement to refund the purchase price to any one who is not benefited. You surely can afford to try it on an offer like this. Ask for Complete Outfit, \$1.00 size. Sold the Thistlethwaite way at... **79c**
