

MOTOR CAR MEANS SAVING IN MONEY ON COUNTY ROADS

Jones Shows How Rapid Transportation of Prisoners to Work Lengthens Hours of Labor.

Having found that the auto truck demonstrated to him yesterday is entirely adequate for the needs of the county road department, Superintendent Jones has prepared figures showing the difference between using a truck and using a wagon.

Six prisoners were taken in a wagon Tuesday to the work near Greensfork. The trip required two hours each way, or four of the eleven hours the prisoners were out. With the truck yesterday fifteen prisoners were carried in less than an one hour and twenty minutes for the round trip.

This means that six prisoners are away from the jail a total of sixty-four hours a day for their aggregate time. Twenty-four hours are required in transportation which cuts down the working time to forty-two hours. With a truck the prisoners are out 165 hours a day with the aggregate transportation time twenty hours a day, leaving 145 hours of actual work.

Truck Increases Labor.
In one week the work of the prisoners is valued by the county at an average of \$50.40 for all the prisoners used in six days. With the truck Mr. Jones said he would be able to increase the working value of the prisoners to \$174 a week.

As this represents a saving to the county, he figures he could save about \$125 a week on the cost of prisoners alone, without figuring the value of the hauling a truck could do for which he now employs slow-moving wagons.

Mr. Jones practically has the promise of the commissioners that they will enable him to make stone roads known as macadamized roads for one third of what Wayne county is now paying.

Knights of Columbus
All members are requested to meet at our hall on Friday evening at 7:30 o'clock, on account of the death of Bro. Bartley A. Gordon.
15-21 Otto E. Pfeiffer, G. K.

STAGE IS ENRICHED.
The stage is about to be enriched by the advent of two eminent Bostonians. Messrs. Rudolph and Gowdy, Dick and Hank, who recently figured prominently in the overthrow of a certain swartling in the city of New York, are going into vaudeville. They will appear at Hammerstein's in New York next week and are now thick in the throes of rehearsal. Year after year, baseball goes on contributing to the stage and to literature and now greedy Theopis lays hands on the boss pitcher and the boss slugger of the late National diamond conquerors.

WILLIAM OF WIED TO HELP GERMANS

Brief dispatches from Vienna say that Prince William of Wied the de-throned king of Albania is about to enter the Kaiser's army. The prince has a vast fund of military knowledge and will probably be granted an important command by Emperor William.

EVERN IF YOU HAD A NECK AS LONG AS THIS FELLOW AND HAD SORE THROAT ALL THE WAY DOWN TONSILINE WOULD QUICKLY RELIEVE IT.

CURED HIS RUPTURE

I was badly ruptured while lifting a trunk several years ago. Doctors said my only hope of cure was an operation. Trusses did me no good. Finally I got hold of something that quickly and completely cured me. Years have passed and the rupture has never returned, although I am doing hard work as a carpenter. There was no operation, no lost time, no trouble. I have nothing to sell, but will give full information about how you may find a complete cure without operation, if you write to me, Eugene M. Pullen, Carpenter, 104 A. Marcellus Avenue, Manassas, N. J. Better cut out this notice and show it to any others who are ruptured—you may save a life or at least stop the misery of rupture and the worry and danger of an operation. —adv.

DANDRUFF SOON RUINS THE HAIR

Makes It Lifeless, Dull, Dry, Brittle and Thin.

Girls—if you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't.

It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it.

You will find, too, that all itching and digging of the scalp will stop, and your hair will be silky, lustrous, soft, and look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and four ounces if all you will need, no matter how much dandruff you have. This simple remedy never fails. —adv.

COMB SAGE TEA IN HAIR TO DARKEN IT

Grandma Kept Her Locks Dark, Glossy, Thick With a Mixture of Sage Tea and Sulphur.

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's treatment, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the read-to-use product called "Wyeth's Sage and Sulphur Compound" for about 50 cents a bottle. It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur is that besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive; besides, prevents dandruff, itching scalp and falling hair.
