

LECTURER BEGINS  
CAMBRIDGE COURSEDr. W. T. S. Culp Praises  
King as Fine Type of True  
Manhood.CAMBRIDGE CITY, Ind., Oct. 15.—  
The first number of the lecture course,  
given under the auspices of the Meth-  
odist Brotherhood, was given Monday  
evening, when Dr. W. T. S. Culp de-  
livered his lecture on the subject "Un-  
crowned Kings."Dr. Culp, a ready speaker, defined  
the attributes of a king, stating that  
the kings and queens of today are not  
the royalty, but the true types of men  
and of women. He spoke of the ele-  
ments necessary in the physical, men-  
tal and moral growth of the individual,  
and discussed the methods by which  
this growth in the race may be attain-  
ed. He stated that it is not so much  
in the knowing how as the knowing  
what to build in character.He called attention to municipal  
housing, the tariff, woman suffrage,  
the wage problem, and defined educa-  
tion as a preparation for service, and  
that soul, will and intellect are the  
three great factors in the solution of  
the problems in life's arithmetic.The next number will be the Taor-  
mina Trio, the evening of November  
twelfth.High School  
News ItemsThe Juniors have arranged for a  
hayride Saturday. A large crowd is  
expected to go and all hope the  
weather will be favorable.Mr. Null's English VII. class had a  
very interesting debate Wednesday.  
The resolution was: Resolved, the  
west side dump be converted into the  
public park. "Bob" Phelan took the  
affirmative and gave some good sug-  
gestions as to the changing of the  
dump into a park. He argued that  
one-third of the population resided in  
West Richmond and for this reason  
they should have a park as the other  
two-thirds have. He also said that the  
dump itself was a menace to the com-  
munity and anyone coming to locate  
in West Richmond would choose the  
other side of the river for their resi-  
dence.Ewart Davis, the negative, argued,  
however, from the viewpoint of the  
cost of transforming the dump. He  
said the city was in debt as it was  
and that bonds would have to be  
issued for the park, and since the city  
has 185 acres of park, this certainly  
ought to suffice for the population.A. O. H. ATTENTION!  
Members are requested to  
meet in K. of C. hall tonight  
at 7:30 to take action on the  
death of Bro. B. A. Gordon.

## Amusements

"The Under Dog," a new four-act  
drama by Rachel Marshall and  
Bailey, comes to the Gennett theatre  
tomorrow night for one performance.  
It is a story of gripping and intense  
human interest in which two love  
stories and the tangled threads of  
four captivating Americans are beau-  
tifully and brilliantly united in a  
sanely happy ending. There is no ser-  
monizing or weary preaching in the  
crisp and often laughable dialogue,  
but in the life of the lad who is "the  
underdog" of the play, there is a les-  
son which parents, teachers, and em-  
ployers as well as the boys and girls  
just starting into the important affairs  
of life, can not learn too quickly or  
remember too long.Uncle Tom's Cabin.  
The "Uncle Tom's Cabin" revival,  
which will be seen at the Gennett in  
the near future, is said to be the most  
expensive and elaborate offering ever  
made of the great play in America.  
The company numbers over fifty mem-  
bers, while the scenic equipment is of  
such variety that two special seven-  
foot cars are required for its trans-  
portation.A Message to Thin,  
Weak, Scrawny FolksAn Easy Way to Gain 10 to 30 Lbs. of  
Solid, Healthy, Permanent Flesh.  
Thin, nervous, undeveloped men and  
women everywhere are heard to say,  
"I can't understand why I don't get  
fat. I eat plenty of good, nourishing  
food." The reason is just this: You  
cannot get fat, no matter how much  
you eat, unless your digestive organs  
assimilate the fat-making elements of  
your food instead of passing them out  
through the body as waste.What is needed is a means of gently  
urging the assimilative functions of  
the stomach and intestines to absorb  
the oils and fats and hand them over  
to the blood, where they may reach  
the starved, shrunken, run-down tis-  
sues and build them up. The thin per-  
son's body is like a dry sponge—eager  
and hungry for the fatty materials of  
which it is being deprived by the fail-  
ure of the alimentary canal to take  
them from the food. The best way to  
overcome this unful waste of flesh-  
building elements and to stop the leak-  
age of fats is to use Sargol, the re-  
cently discovered regenerative force  
that is recommended so highly by phy-  
sicians here and abroad. Take a little  
Sargol tablet with every meal and  
notice how quickly your cheeks fill out  
and rolls of firm, healthy flesh are de-  
posited over your body, covering each  
bony angle and projecting point. Leo  
H. Fihe, Richmond, Ind., and other  
good druggists have Sargol, or can  
get it from their wholesalers, and will  
refund your money if you are not sat-  
isfied with the gain in weight it pro-  
duces as stated on the guarantee in  
each package. It is inexpensive, easy  
to take and highly efficient.Caution:—While Sargol has produced  
remarkable results in overcoming  
nervous dyspepsia and general stom-  
ach troubles, it should not be taken  
unless you are willing to gain ten  
pounds or more, for it is a wonderful  
flesh-builder.—Adv.WE CAN'T WORK AND DO THIS AT THE SAME TIME, SO PLEASE EXCUSE US

alarmed because I was troubled with  
suppression and had pains in my back  
and side, and severe headaches. I had  
pimples on my face, my complexion was  
sallow, my sleep was disturbed, I had  
nervous spells, was very tired and had  
no ambition. Lydia E. Pinkham's Veg-
