DRUGLESS HEALING

The Hyomei Catarrh Remedy Is Nature's Own Method.

To cure catarrh why not use the same common sense as in caring for a burn? You would not take a pill to heal a burn, and no one should think of curing catarrh, coughs or head colds by dosing the stomach.

Medicate the air you breathe with Hyomei. This treatment, which you breathe through a small inhaler, goes at once to the sore and congested membrane lining the nose, throat and lungs and makes a rapid and lasting end of distressing catarrh ills.

Hyomei is nature's true method of treating all diseases affecting the air passages, and the

most economical. The Hyomei complete outfit is no more expensive than the usual bottle of medicine and consists of a neat hard rubber inhaler, easily carried in the pocket, and a bottle of Hyomei. This is usually sufficient for the ordinary case. Chronic and deep-seated trouble may require a little more of the liquid, in which case you can get an extra bottle of Hyomei at a trifling cost.

Hyomei is sold with out guarantee to return the money to any customer who says it did not give satisfaction. If it cures the treatment is inexpensive. If you are not benefited it costs absolutely nothing.
