### FAMILY SHIVERS

(Continued from Page One.)

laws it is a punishment of society upon the family and not on the man.

"The man sits in the warm jail and smokes and plays cards. He has three meals a day. The family sits at home where it is cold, and it is doubtful if there are three meals a day. The members of the family go about the streets and suffer the contempt of the public, while the man in jail sits with companions who are in similar condition," was Mr. Meppolder's explanation.

Mr. Meppolder spoke of the preventive measures for pauperism, shiftlessness, intemperance, laziness, lack of employment, defects in housing and other social conditions. In the hopeful cases, constructive work must be applied to build up and develop by slow and patient processes, the conditions which will remove the cause from dependence.

Frederick G. White, president of the central bureau, delivered a short talk explaining the bureau and its relation to the citizens of Richmond. He said the bureau belongs to the citizens, and one of its principles was to remove ultimately from the citizens the burden of keeping a few dependents.

The council will hold another meeting next Monday afternoon at 3 o'clock when it will take up more specific cases of charity for consideration. No names will be used in the council meetings.

### Important to All Women Readers of This Paper

Thousands upon thousands of women have kidney or bladder trouble and never suspect it.

Women's complaints often prove to be nothing else but kidney trouble, or the RESULT of kidney or bladder disease.

If the kidneys are not in a healthy condition, they may cause the other organs to become diseased.

You may suffer a great deal with pain in the back, bearing down feelings, headache and loss of ambition.

Poor health makes you nervous, irritable and may be dependent; it makes any one so.

But hundreds of women claim that they have health to the kidneys, proved to be just the remedy needed to overcome such conditions.

A good kidney medicine, possessing real healing and curative value, should be a blessing to thousands of nervous, overworked women.

Many send for a sample bottle to see what Swamp-Root, the great Kidney, Liver and Bladder Remedy, will do for them. Every reader of this paper, who has not already tried it, by enclosing ten cents to Dr. Kilmer, Binghamton, N. Y., may receive sample size bottle by parcel post. You can purchase the regular fifty-cent and one-dollar size bottles at all drug stores.—Adv.

## The New Rulers of Roumania and Some of Their Children

On horseback, King Ferdinand of Roumania; to the left the beautiful young Queen Marie, grand-daughter of Queen Victoria and of Alexander II, Czar of Russia; to the right above, Prince Nicolas; below, Crown Prince Carol and Princess Marie.

The new Queen is now 38 years old and still retains a large part of her famous beauty. She is an extremely clever woman, intensely Anglo-Russian in her sympathies, and her husband is generally conceded to be under her influence. The Queen has adopted Roumanian customs and sometimes wears the Roumanian national garb. Her children are as true Romanians as the third generation of immigrants to America are true Americans.

## MOTHER THREATENS TO SPANK BRICKLEY

Great Athlete's Parent Puts Veto on Intention to Get in Game.

[BY LEASED WIRE.]  
BOSTON, Mass., Oct. 27.—When Charley Brickley left the Stillman Inn, firm at Harvard, where he had been confined since an operation for appendicitis three weeks ago which at most ended his brilliant football career, he planned to get back on the Harvard firing line. When he told his intention at his home in Everett, where members of the family welcomed him, mother Brickley threw her arms around him and said: "Charley, my boy, if you ever step on a gridiron again this fall I'll take you over my knee and give you a good old-fashioned spanking."

## CHARLESTON GREETES CANAL VESSEL

[BY LEASED WIRE.]  
CHARLESTON, S. C., Oct. 27.—Thousands lined the water front, whistles blew, horns bellowed forth, and the mayor of Charleston megaphoned official welcome when the American-Hawaiian ship Washington, delayed four days by the Culbertson slide, entered the harbor this morning from the Pacific coast, making the first trip call of this line by way of the Panama canal.

DECATUR, Ill., Oct. 27.—Two glass jars filled with gold and currency to the value of \$7,000 were found today in the house of Mrs. Sarah Carleton, who was found dead in her home in Maroon, Ill., last Saturday. She had lived alone for forty years and made her living by washing and selling vegetables.

## Don't Have Pimpily, Blotchy Skin

Nothing Destroys Good Looks So Quickly As Constipation.

Nor Is Anything Better for Constipation Than USOLINE.

Of course, there are other causes for a bad complexion. Biliousness makes the skin sallow, and turns the whites of the eyes yellow.

An upset stomach and dyspepsia give you a drawn, dragged-out look, and a dull, muddy skin.

Headaches cause wrinkles and black circles, and take the brightness, flash and beauty out of the most striking pair of eyes.

A torpid liver, sick kidneys, all leave their own distinctive bad effects.

But after all, the real cause of nearly all these "symptoms" and diseases is constipation.

Constipation can also be blamed for certain skin eruptions and blemishes.

You have done enough with pain-racking cathartics and purgatives to know that they give only temporary relief, dearly bought, because the condition persistently grows worse.

Now, leave drugs alone; give your system a chance; try USOLINE, which is a pure oil lubricant.

What USOLINE does is to soften the accumulations of poisonous wastes that have become congested in the bowels, to soothe and lubricate the passages, and make the movements natural, easy, healthy, painless and regular.

Then the constipation actually does disappear, and the complexion clears up.

You'll find USOLINE what you have so often wished for, a remedy that really does the job you want it to do, and leaves no bad after effects. Imported and sold by OIL PRODUCTS COMPANY, New York.

Sold by drug stores generally, 25c. and 50c. a large bottle, and \$1 a three pint tin. Also in capsules, 2 dot. in a box, 50c. Ask or write for printed matter.

Conkey Drug Company.

## PRICE OF CHOPS

(Continued from Page One.)

down, and I tackled my butcher to get a reduction on my meat. After about 10 days I succeeded in getting a 2-cent reduction on pork chops and 1 cent reduction on hams. But I don't think I would ever have gotten the reduction if I had not gone after it."

A canvass of the butcher shops and groceries that handle meats, shows that most of the meat sold in Richmond is purchased from large packing concerns, and in such cases the price demanded by the packers for their products determines the cost to the consumer.

A representative of a local stock buying concern said that packers in all the large cities are waging a war to bring the price of hogs down to 6 cents a pound, in order that they may replenish their cold storage stocks.

Flushed by their success in forcing the dairymen to reduce the price of milk, Richmond housewives have expressed their ability to bring about a reasonable reduction in the price of meat, making it conform to the fluctuation of the price of hogs.

## LABOR PAPER Boosts Lynch

Republican Candidate for Congress in This District is Only Employer in the Race.

The Indiana Labor Bulletin, published at Indianapolis, and one of the foremost labor journals of the state, gives strong endorsement to P. J. Lynch of New Castle, Republican candidate for congress in this district. In its current issue the Bulletin says:

"Of the three men who are seeking support among the voters of the Sixth district as candidates for congress, P. J. Lynch of New Castle, the Republican nominee, is the only employer of labor. Mr. Lynch knows the game of toil and he knows the wants needs and the trials of the laboring man. Twenty-two years ago Mr. Lynch was wheeling a wheel barrow for a dollar and a quarter a day. He made his start by the sweat of his brow and his experience has been such that he will always, whether in congress or not, appreciate the position of the laboring man.

"During the last twenty years, Mr. Lynch has paid out more than a million of dollars to men in his employ. At the present time he is a large employer of labor and his employees are active and enthusiastic in his behalf as a candidate for congress.

"One of Mr. Lynch's opponents in the present contest is a preacher and the other is a lawyer—neither of them is an employer of labor.

"The laboring men of the Sixth district will make no mistake when they cast their votes for P. J. Lynch, the Republican nominee for congress."

Mr. Lynch will be the central figure at a big Republican rally at Cambridge City Tomorrow Night. Friday Night he speaks with Senator Burton, of Ohio, at the Coliseum in Richmond
