

RUSS AND AUSTRIANS FIGHT TO DRAW FOR CARPATHIAN PASSES

Both Sides Claim Victory in Struggle to Gain Passage-way Permitting Invasion of Hungary.

[BY LEASED WIRE.]
VIENNA, Feb. 1.—It is officially announced that the battle for the northern passes in the Carpathians continues without decisive results. The Austrian forces in the Carpathians have been strongly reinforced by part of Field Marshal von Hindenberg's German army. Artillery duels are reported from Galicia and skirmishes from Kukowina.

CLAIM RUSSIAN VICTORY.
Unofficial dispatches printed in Rome, London and Paris today stated that the Russians were in complete possession of Dukla pass, having outflanked the Teutonic allies at that point, and were pressing forward to invade Hungary.

RUSSIANS DRIVEN OUT.
BERLIN, Via Amsterdam, Feb. 1.—German troops sent to reinforce the Austrians in the Carpathians have driven the Russians from Uzsol pass after violent fighting, it was officially announced in a statement issued by the war office on Sunday.

"After repeated violent fighting in the Carpathian passes," says the statement, "the Germans have driven the Russians from Uzsol pass. The Russians made a number of desperate counter attacks, but all were repulsed."

SUES PENNSYLVANIA FOR CREW SHORTAGE

A suit of the public service corporation representing the state against the P. C. C. and St. L. railroad, opened in circuit court today. The railroad is charged with violation of the full passenger train crew law.

The charge is brought by Michael Carey, an agent of the state commission, who made an examination last April and filed the affidavit in September. It is alleged that Everett Spurlock, former street commissioner at Columbus, was acting as brakeman and porter.

Spurlock said on the witness stand that he worked on train No. 7 as a trainman and did not know what the duties of brakeman included. He said his salary was \$57.00 a month. He had been at work only a few weeks when the state commission agents discovered the alleged violation.

The case is being prosecuted by Prosecutor Reller and an attorney from the state public utilities commission.

RECOMMENDS MORGAN

Sheriff Steen today recommended Charles Morgan as county jail turnkey and insane guard to the county commissioners. No appointment was made as there are several other well recommended applicants. The commissioners probably will investigate a petition Morgan presented which bore the names of business men who claim they had not signed the paper and did not see it. John C. Nocton, former city patrol driver is also being considered. The name of Rice Miller, present incumbent was not taken up.

JOBLESS MAN FIXES SHOES FOR OTHERS

Accepts Melpolder's Task to Make Money for Needs of Family.

The industry of one of the unemployed men of the city plus \$1.90 worth of materials and a fifty cent gift to the worker, resulted Saturday in a dozen pairs of shoes being made fit for wear.

This man, although not a cobbler, readily accepted the offer of Secretary Melpolder of the Central Charity bureau to work on the shoes. He had come to the charity office for provisions and fuel. The work took him all day and when he had completed it, he asked for fifty cents which was given him.

Many of the shoes which have been donated in the past have had such poor uppers that they could not be repaired.

"We would rather have donators of such shoes throw them away themselves and save the trouble," Mr. Melpolder said.

FOUR PERSONS APPLY FOR JORDAN'S PLACE

Reports that C. W. Jordan would resign tonight as secretary of the Commercial club when the directors hold the monthly meeting, has resulted in four men applying for the office.

Mr. Jordan said today that he had not decided to resign and the matter is entirely an uncertainty. If he decides to take a position in the German-American Trust and Savings bank which was organized partly through his efforts, the resignation probably will come tonight.

The four applicants are E. M. Haas, former secretary who resigned five years ago to become postmaster and who is now traveling; Edward F. Warfel, owner of a dry cleaning company and former newspaper editor; Edgar Fisher, treasurer of Earlham college, and J. F. McAfee, a well known civic worker and manager of a laundry.

CANADIAN TROOPS REPEL FIERCE ATTACKS OF GERMAN LANDSTURM NEAR LA BASSE

[BY LEASED WIRE.]

PARIS, Feb. 1.—Numerous artillery duels from the North sea to Upper Alsace, are reported in official dispatches to the war office. Along the center the French guns were predominant and several German batteries were completely silenced. It is believed, however, that the fire ceased to save the guns and that none of the cannon was destroyed. On the North sea coast the Germans are keeping up a continuous bombardment against the Belgian and French trenches.

The French war office denies the official claim of the German general staff that the French have lost Angmont. The following dispatch from St. Omer tells of the fighting at La Basse in which Princess Patricia's light infantry of Canada figured:

"German landsturms regiments at-

tempted to take the trenches of the Canadian troops by storm, but the Canadians were ready for them. The German charge suddenly came to a halt in front of the trenches and the Canadians leaped over the parapet and began a counter charge. Then they found that the Germans soldiers had become mired in the deep, sticky mud and were crawling painfully back toward their own lines.

Four Canadians were killed but the German loss was much heavier. The next day Lieutenant Price of the Canadians was killed while leading a relief camp to the trenches. Another officer named Pearson, is reported to have been killed in the same way by a German sniper. The Canadian troops were bombed by a German aeroplane at breakfast, but despite the newness of the war game, they behaved like veterans."

TRAIN KILLS THREE ON GRADE CROSSING

[BY LEASED WIRE.]

BEAVER FALLS, Pa. Feb. 1.—Three men, two of them enjoying a sleigh ride, and the third performing his duty, were instantly killed early this morning when the Chicago-New York flyer of the Pennsylvania railroad crashed into a sleigh on grade crossing on New Gallie, near here.

The watchman at the crossing, ran across the track to halt the horse, when he saw the oncoming train. His body with that of the horse was hurled 100 feet and mangled beyond recognition.

ARKANSAS HOUSE FAVERS PROHIBITION

[BY LEASED WIRE.]
LITTLE ROCK, Ark. Feb. 1.—By a vote of 74 to 22, the house passed the state-wide prohibition bill, effective June 1, 1915. It makes all violations a felony, punishable by one year in prison.

The senate today by a vote of 23 to 12, passed a joint resolution for the proposed constitutional amendment to grant women the right of suffrage in the state.

Councilman Howells stated this afternoon that he would introduce a resolution at the council meeting this evening to have the mayor appoint a committee to inquire into the advisability of opening negotiations for the purchase of the property now occupied by the Dickinson Trust company on South Eighth street. He says if it can be secured at a reasonable figure it would make an excellent location for the offices of the Municipal Electric Light plant. He says the company has offered to sell the property for \$25,000.

STEEL CORPORATION CONTROLS ALL GARY

[BY LEASED WIRE.]

INDIANAPOLIS, Ind., Feb. 1.—The charge that "a United States steel corporation owns the city of Gary, Ind., body and soul," was made in a brief filed today with the public service commission by Inwald Moe and others. The charges are made by W. H. Matthew, attorney for the petitioners. Members of the public service commission said they were unable to say when they would be able to reach them.

High rates, poor service, attempts to evade the utility law by issuing bonds before the commission was established and attempt to avoid paying a just proportion of taxes are made against the company by Mr. Matthew. He says the Gary Heat, Light and Water company values its property in its effort to maintain high rates, at \$2,545,000, while for taxation purposes the valuation is placed at \$193,970. The entire stock of the company with the exception of six shares, is owned by the steel corporation, he says, and through this connection the steel corporation is forcing the people to pay nine cents a kilowatt hour for lights costing the steel corporation three-tenths of one cent a kilowatt hour.

BULLET BRINGS DEATH

Raymond Oswall, 21, of Effingham, Ill., shot and killed himself Saturday night at the place where he has been staying in Dublin. The young man had had neuralgia in his head for a week and it is believed the pain brought on temporary insanity. The body was shipped to Effingham for burial. The bullet entered in back of the ear on the right side and left at the same spot on the left side.

SMITH DENOUNCES DEMOCRATIC WAY OF SPENDING MONEY

WASHINGTON, Feb. 1.—Continuous sessions of the senate from now until the ship purchase bill shall have been passed or defeated, was the ultimatum of Democratic leaders in the senate today.

Senator Smith of Michigan denounced the Democrats for extravagances and "profligate conduct of the public treasury."

"Chairman Fitzgerald of the house committee on appropriations deserves everlasting credit for having turned state's evidence upon you," declared Mr. Smith, wagging his finger at the Democratic side. "He called you treasury looters and you have not dared to reply. Now the treasury is empty, and now you are trying to give away the Philippines, which is about all you have left."

Senator Smith criticized the Wilson policy in Mexico. "Not a single government on earth has recognized any Mexican authority," he said, "since General Huerta was driven from Mexico City by the spleen, the pique and the malice of our government. In my judgment, Huerta was the one man who could have saved Mexico."

HOWARTH APPOINTS DEPUTY ASSESSORS

Office Force Consists of Misses Parsons and Swain and Don Fuller.

Appointments of deputy assessors who will begin work March 1 were announced today by Township Assessor Howarth. The list contains about twice the usual number of names because of the extra work occasioned by real estate assessment.

John Deitz will assess corporations as usual. He will do this work alone. Real estate assessors will work in teams of two each. They are Thomas Swaine and W. F. Hiatt, William P. Cook and I. G. Gause, John W. Worrell and Charles R. Bell, J. B. Howes and A. C. Ogborn, and William T. Widup and Lafayette Larsh, for the city of Richmond.

In the township both real estate and personal will be assessed by Charles Bulla and Joe Reid for the north part and Daniel Trill and Jesse Meek for the south part.

Personal property assessment will be made in Richmond by fifteen men. They are R. A. Benton, H. Dauna, Walter Ratliff, L. L. Moore, R. G. Wigmore, L. Harris, John Feltman, S. Oxendine, D. L. Reid, W. H. Trissler, A. Bonsall, G. Minor, G. Marsh, Perry Moss and W. Weddell.

The office force will consist of James Howarth, Addie M. Parsons, Don Fuller, Alice Swain and Floyd Reid.

HERSHEY TO SPEAK

Rev. Scott Hershey, acting pastor of the First Presbyterian church, will talk to the Men's Brotherhood on "Scottish Wit and Humor" at the regular meeting tonight. The meeting will be called at 6:30 o'clock and supper will be served in the church parlor.

ITCHING NEARLY DROVE A WHOLE FAMILY CRAZY

Kansas City, Mo., Oct. 24, 1914.—"My husband had a rash all over his body, and soon the WHOLE FAMILY was in the same condition. It looked scaly and raised up on the arms and legs in big bumps. This trouble burned and itched so that it would nearly drive one crazy. It was always worse at night, so we could not sleep. We all had this trouble for about two or three years, and during that time tried many remedies and prescriptions with no results. We tried Resinol Ointment and Resinol Soap and it RELIEVED AT ONCE, and before the third jar of ointment had been used, we were all completely cured. It has been four months since we were cured, and there are no traces of the trouble."—(Signed) Mrs. S. A. Clarkson, 1520 Lawn Ave.
